Instructions for installing cloudLibrary on your

kindle fire

CL & kindle fire

1. Enabling your Fire

- Go to the **Settings Menu** by tapping the settings icon or swiping down from the top of the screen
- **Choose Security** (on some Fires you will need to choose **Device and/or Applications**)
- **Turn on** the option **Allow Installation of Apps from Unknown Sources**

You may get a warning message:
- **Click Ok**

Go back to the **Home screen**

If desired, repeat these steps at the end of the installation to turn off **Apps from Unknown Sources**

Notes

The Kindle app will not update automatically. To update, uninstall and then reinstall.

If you need help determining which Fire you have:

1. Open the **Settings** menu
2. Select **Device Options**
3. Your device model is listed under **Device Model** or **About Fire Tablet**
