Editor's Notes

"Throw your dreams into space like a kite, and you do not know what it will bring, a new life, a new friend, a new love, a new country."

Anais Nin, The Diaries of Anais Nin

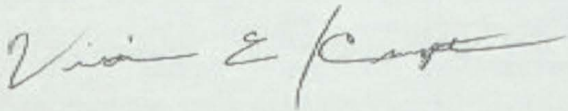

We would like to start off by saying thank you to the 2001 yearbook staff. This yearbook could not have been completed without you. Your dedication and persistence have shone through, even in tough times. We would also like to thank Ms. Duggan. Your ability with computers helped enable us to make the transition from drawing pages to being high tech.

The 2001 Schola was faced with two tough obstacles. The first being deadlines. It is a word we have grown to hate. We watched as many came and went before our eyes. We missed the first and have played catch up all year to see that the yearbook got here on time. The second was a new staff which forced us with the issue of teaching different techniques needed for forming this book. Once these techniques were taught, they were not always put to their best use.

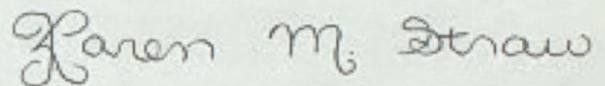

Aside from both of these stressful things, the yearbook staff did have their "bonding" moments, from Adam and Kyle boogying, to Jojo's lectures on *Saved By the Bell*. We also spent many late nights at school working hard. But don't worry, we guarantee that none of us went hungry. We ate everything from candy to chips to pizza and the list goes on and on.

So with the 2001 school year coming to an end, the yearbook staff would like to wish the seniors good luck in the future.

Your Editors,

Victoria E. Kempton

Teacher Dedication

A little learning is a dangerous thing;

Drink deep, or taste not the Pierian spring:

There shallow draughts intoxicate the brain,

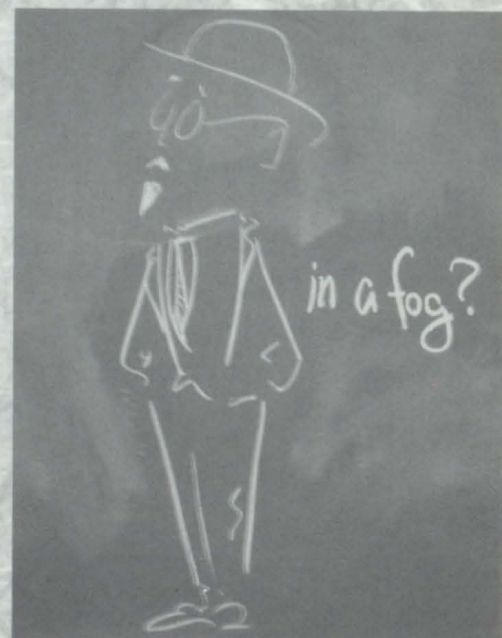

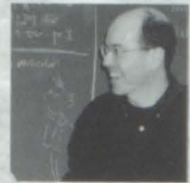

And drinking largely sobers us again.

~ Alexander Pope

The teacher dedication this year could not have been granted to a more worthy individual, and it is one that we are honored to present. To all, he is known for his quick wit, endless knowledge in any imaginable area, and deep love of learning; infusing in his students the desire to know not only words but their histories as well, not only to read something but understand it and let it become a part of themselves, and not only to study for a grade but more importantly because of a thirst for knowledge.

His interests are not limited to any one area which oftentimes causes his students to be exposed to some lesser known forms of art, such as the obscure surrealist French film based on the story of Orpheus, the claymation version of Rudolph the red-nosed reindeer, and the favorite calendar subjects, Wallace and Gromit. As for learning in the classroom, activities as varied as reading the "Tibicen Verisicolor," ("The Pied-Piper"), Bingus-a-um, or playing "bout rimes," are used to teach, in his distinctive lively manner.

On a personal level, his investment into the lives of his students is remarkable. Between aiding in our selection of an author for the infamous British author paper and simply offering his humorous outlook on the trials and tribulations of our lives, he impresses on our memories the picture of a true mentor. After sharing afternoon chats that last an hour, hidden tootsie-roll pops, discussions about grammatical oddities, varied exquisite music, stories of eating chalk, melodious tunes in the stairwell, Gregorian chants ("So you want to write a fugue?"), and commentaries about life through limericks, entering his classroom never fails to be a experience that surpasses the telling of it. For all these reasons, and those left unsaid for the sake of brevity, Gorham High School's 2001 Yearbook is dedicated to the magister magistrorum omnium, Micheal Lawrenson.

Advisor's Message

"To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to leave the world a bit better, whether by a healthy child, a garden patch, or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded."

~Ralph Waldo Emerson

Thanks to the class for their laughs, effort, and perserverance. You made it! May the members of the class of 2001 find success in their futures.

CLASS HISTORY

Graduation approaches, and as we, the class of 2001, look back on our years together we find fond memories and some we may actually want to forget. Yes, it's been a long, hard road, and we've hit plenty of potholes: the schedule changes, the lack of parking stickers our junior year, the loss of late Wednesdays.... the list goes on and on. And the fiasco at our junior year homecoming parade probably speaks for itself, huh? Recall the disgraceful losing streak of the two years we actually had a Winter Carnival? As freshmen, picking up the seniors'... oh, no wait... the sophomores' trash at lunch.

We've all endured the pain inflicted by the M.E.A.'s, eighth grade exhibition projects, I-search paper, the Difference project, S.A.T.'s, the Public Policy paper, and the British Author paper at least once, so there's no sense in reliving them now. But, it's best not to reminisce about the past unless we spend most of our space on the 'good times, good fun.'

The fondest memories are of the times when we truly came together as a class, as rarely as those times may have occurred in high school. We'll always remember the camping trip; it will live in infamy. And surprisingly, a lot of us actually showed up for our senior year homecoming pep rally, making us look like we actually had some school spirit. Maybe the best thing to include in this class history is the fact that we came together, finally, and we have become better friends.

Now let's take a step back in time and remember all that came before. It's impossible to mention the junior high years without mentioning the dances: the essential songs like YMCA, Stairway to Heaven, the Hokey-Pokey.... The never-ending freedom trail that some groups walked and others just quit and went shopping instead. The unspoken feud between the houses; Royal vs. Kennebec, Crooked vs. Wild. The cookouts and the other infamous camping trip. Staying after for eighth period. The gymnastics shows at the end of the year. The Camp Kieve climbing course and the trips to Range Pond.

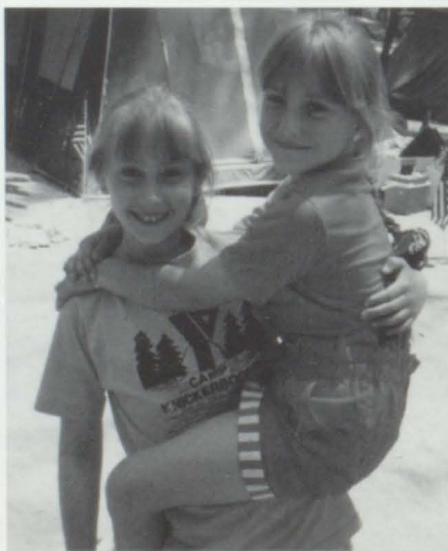

Going even further back... the village V. Mrs. Ireland and the math superstars. Kickball competitions and playing four square. 'The' firedrill that sent us out in the cold for hours. The naked man running through the woods. The talent shows and ice skating trips.

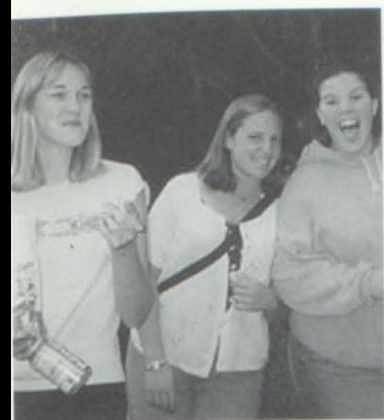

As far back as we can go now... White Rock and Narragansett. Gym shows and Halloween parades. Coming together for the Valentine's Day square dance. Friday nights at Happy Wheels. The Wackadoo Zoo and Get Hoppin.' The feuds between us at field days. Thinking we would hate each other forever.

The years have passed us by in a flash and we have come to the end of our bumpy road. As we part ways here, always remember the good times we had, cherish the memories, and never forget each other, class of 2001.

"I'm glad I did it, partly because it was well worth it, but chiefly because I shall never have to do it again." Twain "Most of what I really need to know... I learned in kindergarten. Think of what a better world it would be if all the whole world had cookies and milk about 3 o'clock every afternoon and then lay down with our blankets for a nap. Or if we had a basic policy in our nation and other nations to always put things back where we found them and cleaned up our own messes. And it is still true... when you go out into the world, it is best to hold hands and stick together." "I am not afraid of tomorrow, for I have seen yesterday and I love today." - w.a.w To my Friends who have taught me countless lessons, some on the value of forgiveness, others on the importance of laughter, and still more on the significance of strength of character. To you I owe my laughter, my strength, but most of all my happiness. To my Family who have continually pushed me to do my best, your humor and honesty have prepared me for the real world. Thank you and I love you; to you I owe my future. To my classmates with whom I have spent the last 13 years of my life you have filled my years with memories, and experiences I will never forget. "SMILE and the whole world smiles with you!"

"Enjoy the little things in life, for one day you may look back and realize they were the big things." - Antonio Smith. When I look back on GHS the "little things" I will remember are; bonding trips, movie nights, singing in the car, laughter at sleep overs and camp outs, and friends whose names and faces will never fade. Reminiscing I'll vividly recall the rush of being a state champion, but more importantly, my family cheering in the stands. I'll also remember that time is too short and precious to worry about the "big things" we once thought mattered

"You can't depend on your eyes if your imagination is out of focus." - O.K., yeah we've had good times, good fun here, but my bags are packed, I'm ready to leave. Don't look for names or initials: if you knew me as 'Meesh', you should know you matter to me. To anyone who ever made me laugh: thanks, it was much needed. To my blue book girls and the few true best friends I've had: I still care and I'll never forget you. To those of you I am just getting to know this year: I'm sorry it couldn't have happened earlier. I'll miss all of you in different ways, and I wish I could take a piece of each of you with me for those times when I'll need you most. Class of 2001 forever.

Looking back I see a game well played. At times I felt like a piece of grass in a field, lost among the many faces. Many people have helped me in the path to self discovery. Through the years I have become the person I want to be. I feel prepared to challenge life and enjoy all the beauties of the world. I would like to thank mom, dad, Carol, Al, Amy and all my friends who have helped me enjoy life. Nilaya you have helped me learn to love and trust, thank you! I hope you all enjoy life as much as I plan to. SEE YA

Dustin Haubois

just when you think you have a handle on life it throws you a new challenge. it was this attitude that i went by when i made my way through ghs. everyday i spent at ghs i learned something new, whether it was a lesson of life or just a piece info that i wasn't aware of. i have to thank those who actually believed i could be something more. those who didn't believe or abandoned me i showed you by making it and i'm just getting warmed up. i wish i could thank everyone but there are just far too many to thank. i have to thank coach dave kilborn, who never stopped pushing the team and made us better because of it. always remember if i can graduate then anyone can make it, never lose the faith in that. never forget "eagles may soar but wiesles never get sucked into jet engines".

I am looking forward to visiting GHS after I graduate. I had some fun classes like gym, hanging out with Mr. Myers, and playing frisbee golf. I'll miss the friends I made at school and the lunchroom. I will miss picking on the lower-classmen. I would like to leave my Wilson packets to John Merola so he can finish them for me. I would like to thank my parents for bringing me to Gorham and teaching me to be independent. I will miss picking on Mr. King about his Pats not winning on Sundays. I would like to say thank you to all the teachers who helped me all through my years of high school. Good-bye, GHS forever! I wish the upcoming seniors the best of luck.

Well, I'm finally going to graduate this year. These past four years have taught me a lot about the good times and bad time of life. The only thing that has really driven me is Melissa. She has taught me that I can make something out of myself. The only thing I can say is that I can't wait fro our future together. I love you Melissa. I also would like to thank my mother. She has helped me a lot, I love you Mom, thank you.

Josh Johnson

It has been a great four years here at GHS. Where to begin? I can look back on my freshman year at GHS and say that I was extremely unaware of the world around me. But since I have been here, every year has been a learning experience, whether good or bad, I can say that I am a stronger person now than I was in my freshman year. I do not regret coming here nor would I change anything that I've done or experienced. I just want to say thank you to all the people that I've come across and interacted with during my time here. Whether you are my friend or enemy, you have been a great influence in my life and have helped shape me into the person I am today. To all the graduating seniors, good luck in all your future accomplishments.

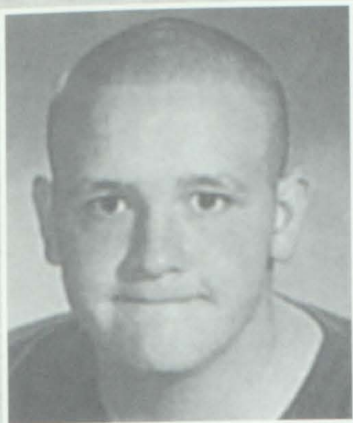

Brett Johnston

The 4 years were fun, but I can't wait to move on. In no particular order: RW-work hard in college, use your smarts, have fun and stay a FN. JF-Great times on the boat man, have fun wherever you go. AP-the hockey years were a blast, keep playing, have fun, see ya on the ice. NS-Happy Gilmore, hope nobody ever cuts us off after a Pirates game again. AD-thanks for the gym, but I'll always be bigger than you. Finally to my family; Benny, thanks for always being there for me. I've always looked up to you, and I always will. Mom, Dad, I'm who I am because of you. Despite some disagreements, I know deep down, that I'm such a better person because of you. Thanks for the 4am rides to hockey, I'll never forget that. Thanks for everything, Love you always.

Katharine Johnston

"Only in sleep I see their faces, Children I played with when I was a child, Kim comes back with her brown hair braided, Hannah with ringlets warm and wild. Only in sleep, Time is forgotten—What may have come to them, who can know? Yet we played last night as long ago, And the dollhouse stood at the turn of the stair. The years had not sharpened their smooth round faces, I met their eyes and found them mild—Do they, too, dream of me, I wonder, And for them am I too a child?" I want to thank everyone who has made me laugh over the years (or has let me laugh at them). You make life bearable. I can never forget you—even if I may want to, haha... "Gee, without all that acne, you're kinda pretty!" haha...

Thanks, I don't think that we say that word
enough. But thank you to any one who has
ever made a positive impact on the first 18
years of my life. The only wish I can leave
behind is. "Live each day as you want it.
Each sunrise is your new chance to grow
into who you want to be. To all my
friends! You know who you are. What
would I do with out you?... you help me
stand when I need help and let me fall

"Go, go now- out of the nest, it's time. Go, go, go now- circus girl, without her safety net..." She was given a change to experience everything she possibly could by two wonderful parents. They taught her how to respect herself as an individual. One who was older looked her after day and night. He taught her not to fear the world. Two who left before her brought her in to several different situations. They taught her how to understand other people's differences. She was left back with two whom she cannot thank enough. They taught her how to make the best of any given situation. "First my left foot, then my right, behind the other..."

Guitar, singing, reading, writing, drawing, yelling, laughing, loving, poems, songs, talking, crying, wishing, dreaming, believing, trying... it all came together staring into the beautiful night sky for hours wishing upon satellites and falling stars while the rest of the world was asleep. The only point to living is to follow your dreams! Don't work for money your whole life! Make money work for you! Use your talents! Stand out! Dare! Discover! Explore! Take risks! Don't run from fear! Embrace it! Learn from your mistakes! Learn everything you can from anything you can! Have fun! Go crazy! But have the patience to sit down and read a book! Most of all find true love! Besides... who only wants to be half alive??

"They always say that time changes things, but you actually have to change them yourself." Well four years of high school is definitely enough for me! The times I have spent in GHS have been some of the best and worst of my life. To think back to that first day as a freshman, I would never want to be in that spot again! Now looking ahead to the last day as a senior! That's just scary. Brian/Phil hope you both make it through and have a fun time while you try. Mom/Dad thanks to you both you have helped me through it all. AC don't forget me I'll be there. MH Keep in touch with yourself. JD you go to school at Gorham not Deering. Memories That We All Will Hold Onto - Friends will be friends forever, - And forget I could never. - You all helped to make memories, - Memories that we all will hold onto. - It is hard to just up and leave. - But these paths we weave, - Lead to different ends, - Separating us all from our friends. - Memories that you all made, - Memories frozen in us forever. - Friends will be friends forever, - And forget I could never.

RIGHT NOW!! The 2000 season started with a carwash, parade and a canoe trip followed by some serious fartlick training and the arrival of the ants!!! How could they be anything less than successful! The Rams were anchored by co-captains Jenn Durgin and Jessie Deans. After a 12-1 regular season, the Rams captured their third western Maine Conference Championship and headed into the tournament ranked #1.

The 2000 boys' volleyball team consisted of 11 players with little or no prior experience. Our girls' soccer team ended their short season 3-12. Our good times: "girls" no warmup, "MSB," "coaches family tree," "Our team is the hottest" (Westbrook turn.), "Chick, chick, boom." We are the bomb, "theiripist," "It's okay I'm not 18." Our team quote: "It was a slip not a fall." Our graduating Seniors: Jess Hardy, Delvina Miremadi, Rachel Martin, Lynde Gonyea, Tashia Libby, and Heather Richard. Good Luck! "We had a better season than our record may have shown. Behind the score board and the numbers was a group of girls that shared laughs, tears, triumphs, and defeats. We shall remember what counts and take those memories with us forever." Boys' Soccer

This soccer season in year 2000 was one of ups and downs, sorrows and joys. The 5-10 record does not tell the season. The year began slowly, and it took time for play to improve. The tourney was open, so our regular season record was no big deal. We entered at #12, won our first game against #13, and lost a heartbreaker in sudden-death overtime to the #5 team. Overall, the year was fun and everyone had a good time, working and hanging out together. The team united and played together well, but played at the level of the competition, and struggled to close out tough games. Thanks to our coaches for a great year.

Boys' Cross Country

It was an interesting year, not very productive, but interesting. Mr. Wilkinson coached the team to a winning season, but many injuries caused the team to struggle once it came to crunch time in the big meets.

Freshmen M. Maniscalco and G. McGill adjusted well to the new 5k. Sophomores D. Kimball and K. Pelky had a few great races. Junior J. Brown struggled early in the season but came through in the end, qualifying for States the first time in his career.

Seniors M. Downing, B. Johnston, Q. Fleming, and J. Pike didn't have the year they wanted. Brett Shoke had a lot of potential at the beginning of the season, but was plagued with injuries at the end. Quinn lost almost two weeks of training, but ended the season with a good race at Regionals. Mike rolled his ankle playing flag football in gym class. He recovered, finished 5th at States and qualified for New Englands, although he was never at full strength. It was a tough year, but the team had fun running.

It seems every time we had a home meet it would rain, what's up with that? We made it though, with all our problems. Gimpy and every problem she has. Sara and her ankles. Erica would make a good wife. Breece! We're gunna miss ya! Kate-o doesn't belong, people like her and she doesn't have any problems. Bethany, where are your shorts? We had a good season, everyone better come back, cause Rams really do kick butt. WHO LET THE DOGS OUT?! And that's all I have to say about that.

Golf

Through the guidance of Coach Jed Russell we had a record of 9-1. This year's record was good enough to take us to the League Championship.

Thanks to this year's seniors (Capt. Jeremy Lindeman, Justin Ball, David Greer, Mike Chandler, Nate Marquis, Josh Hamlin, Mike Tobin, and Matt Drouin) and the help from Sacopee Valley, we had an all time season record.

The team had 3 individual state qualifiers, Eric Burnhimer with a 79 and Justin Ball and Capt. Jeremy Lindeman with 82's.

Good Luck to Eric B. and Mike C. with next year's team.

Ski Team

The Gorham Ski team (yes, there really is one) enjoyed it's third year of successful competition amid much new found support from the community. Over three years the team has collected consistent top 5 performances, several victories, all conference honors, and have logged thousands of after school skiing miles.

Returning senior co-captains Jeff Friedrich and Jeremy Lindeman would like to thank all of the brave fans who make the drive to watch them on those cold, snowy race nights. Since the team is still in it's infancy, Jeff and J.J. thought it appropriate to include some photos of themselves as young skiers.

To take the metaphor further it is the hope of this's years team that interested individuals will nurse this baby along in the coming high school years. Think about it; what cooler way to represent Gorham than the opportunity of skiing everyday after school? Anyone willing to make this horrific sacrifice has the team's full support and encouragement.

Team Roster:

Friedrich

Co-Capt. J.J. "alpha
male" Lindeman

Football

Our winning season has brought us a step closer to giving football a new name for our community. Our team's Resilience, Relentlessness, Respect and Responsibility has helped us reach our goals this year and help us look forward to next year, as well. We will miss our senior players and leaders next year, who have contributed greatly to the team and Gorham Athletics. Our strengths are seen through our desire to play and our love of the game. This year's season has brought us confidence and respect from our opponents and fans. For many of us, "we play our plays like they are our last," but for the seniors, it is their last. Thank you coaches, fans and parents for your great support.

Fall Cheering

This year's fall season showed that there was a lot of talent coming through the cheering program. This year's season was harder than ever, conditioning and getting ready for the winter season. We were happy to help out younger upcoming squads in other towns, as well as the Gorham Grizzlies. We went as a team to the Westbrook Armory to help in a cheering clinic with the Tuffy program. We also enjoyed performing at Portland Days. We can't wait to show our strength and athleticism in Winter Cheering. We also look forward to the support from all the fans.

Girls Basketball

The 2000-2001 basketball season was a tremendous success. The varsity team ended with a record of 4-14 with the record not indicating the level of effort and learning that took place. Losing in the first round of the playoffs to Falmouth was heartbreaking but a tremendous learning experience for all those involved. We did say goodbye to 3 seniors: Liz Kafkas, Jean Murphy and Jess Lemieux. Their leadership and court experience will be truly missed. Liz Kafkas received recognition, being selected to the Western Maine Conference All Star Game. With 5 freshmen, 4 sophomores, and 1 junior, the team looks to its future and waits for next year emphatically. "Excellence without Compromise."

The Junior Varsity team had a very successful year finishing up at 10-8. With those 8 losses came some very close games decided by 3 points or less. Congratulations to all team members of the junior varsity team and to Coach Libby for a job well done.

Boys' Basketball

The Gorham Boys' Basketball team had an outstanding season; finishing 16-2 and #1 in the Western "B" final Heal point standings. They were crowned league champions, beating out preseason favorites Falmouth, York, and Greely.

The team, not returning with any starters, was made up of all juniors and one senior, Greg Thayer. With little varsity experience, the team kept alive a home winning streak, expanding it to 21 games.

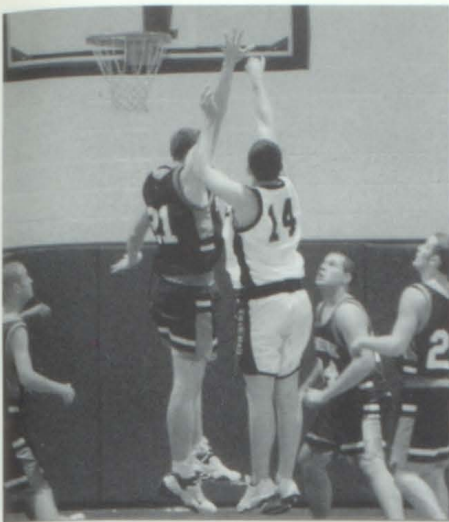

Last summer the team traveled overseas to Paris, France for a competition. On the way home, they made a stop in Iceland. Next year the Rams will be back in action on the court!

Boys' Indoor Track

The Indoor Track team had a great regular season. Coaches Mr. Wilkinson and Mr. Caterina really "laid the smack down" onto the team and it paid off. We only lost to one team throughout the whole regular season. The team was led by captains Robb Dorr, Pete Gordon and Michael Downing along with a few other upper classmen. We started off with one of our largest teams in a long time, with nearly thirty. We also like our chances going into the Conference and State meets. Special thanks to the Libby family for our new bags.

Girls' Indoor Track

The 2000-2001 Girls Track Season was memorable. Many new girls joined the track team this season; and with the newcomers came fresh enthusiasm that added to the excitement. The team was led by tri-captains Jen Breece, Heather Richard, and Meg Brady. We will always remember the outstanding performances of ALL our teammates as well as the wonderful pasta dinners at Stoner's.

Hockey

This year's hockey team included experienced veterans and young newcomers. The team was lead by captains Brett Johnston and Andrew Portwine, thru the coaching of Kevin Aceto and Peter Mollow. Seniors Matt Hoyt and Joe Dahms stepped up to play key roles to this season's success. Junior Eric Tanguay was the key to multiple wins with his stellar goaltending. Portwine and Peter Palomaki anchored the defense, with Johnston and Jeremy Smith working together to lead the team on offense. The Rams had big wins early against Greely and Cape, upsetting Cape in a full-team effort, blasting Cape 7-1 at their home arena. The team's first appearance in the playoffs capped the team's successful season.

Girls Hockey

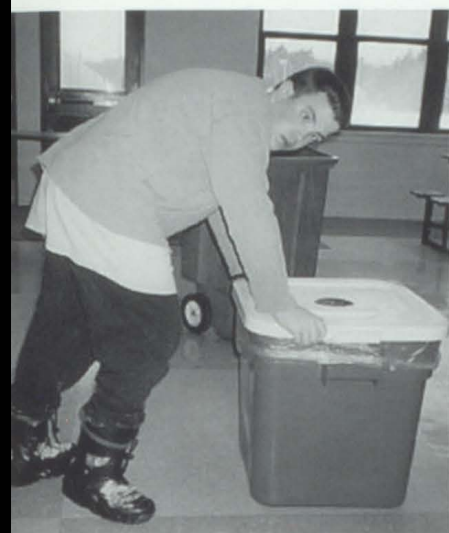

The first season of Gorham's girls hockey team was a wonderful success. The improvement of every player was incredible. The team started off as a team who couldn't skate or stop. The girls ended the season with power plays and penalties. The team was lead by our seniors, Jess Deans, Erin Wolf, and Rachel Joyce. A big thanks to the coaches, Dan Whollaek and Gary Webber. Good luck next season girls!

Special Olympics

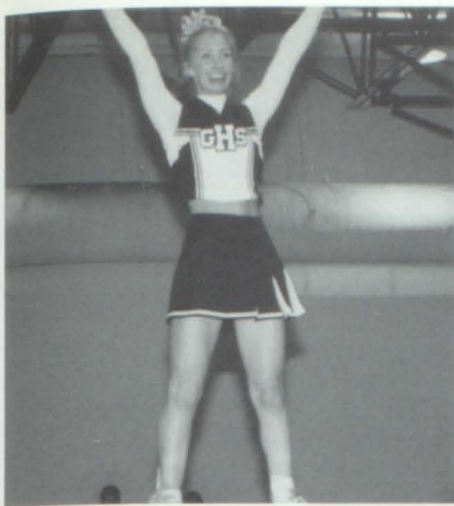

Winter Cheering

This year's varsity cheering consisted of 14 girls and David. With hard work and dedication from them all, their efforts finally paid off as they were crowned Class B State Champions for the first time in school history. This season consisted of many ups and downs for the team as injuries were constantly being battled. Deductions, illegal moves and many more things helped to make it a very interesting year for all involved. The 12 seniors and Coach Morton wanted this year to be very memorable for the members and fans. Congratulations! "We made our dreams come true!"

Trav,

Your dry, quiet sense of humor has always made us laugh. We only wish you'd let your silliness out for others to see. One of these pictures gives them a quick glance at the inner you. Dustin and Tye could not have asked for a better role model or mom and dad for a better son. We're glad your spirit landed in our home and hearts. We could not be prouder.

All Memories Treasured

Love,

Mom, Dad, Dust, Tye, Pig, Mungy and Rock.

The time has flown by and Dad and I are very proud of our "pigeon."

Love, Mom and Dad

Nicole (Cole) We are truly proud of you! Remember to reach for the stars and make ALL your dreams come true! Believe in yourself and your dreams! All our Love, Mom & Dad XO

Anna,

Mark Twain said-

"Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover." Go, lovey, and catch the trade winds

We Love You

sentimental things. You are the glue that keeps everyone together.
You make us family.

To my little Girl,
Congratulations
Roberta, your mother
and I are proud of you.
May the future give you
happiness.

RY, It seems like yesterday that you were running down the beach after seagulls.....and now you are going to pursue you dreams. Your great smile fills my heart every day with sunshine. I am so proud of you and the thoughtful, independent thinker that you have become. I can't wait for the next chapter of your life to unfold. Be steady at the helm and keep your sails full. Our love will always be with you. Dad

Ryan, as a toddler you surfed on your computer, as a young man you are surfing the ocean waves....waiting for the big one. "Growing you up" has been like riding a wave, and now you are my greatest accomplishment. I burst with pride at the wonderful young man you have become. Keep searching for the big one. Go for it, Honey! You know I am behind you all the way. We love you dearly, Mom and Sarah

Tina, Congratulations!
Where have the last eighteen years gone? You have always been our challenge, with a mind of your own and an independent spirit! You have experienced things in your short lifetime that many of us never will, because you are a risk taker. Through your example of leaving a happy environment behind, to experience the unknown, you have shown your sisters to take a chance and not just exist in a comfortable place. Your courage has made us very proud of you, as well as your many other accomplishments. Reach for the stars and goals! They are attainable!

Love,
Mom, Dad, Jenn, Sarah, and Laura

R. Chase,
We are grateful to share our lives with you. You are a bright light in this world.

Love,
Mom and Dad, Brady and Riki

Matthew,
Matthew means "a gift from God" and Adam means "earth." You are truly a gift to our family, Matt. We have watched you grow into a wonderful young man. Your gifts are many: a quick wit, a keen mind, knowledge and heart of how to be a steadfast friend, a loving brother and a thoughtful, sensitive, loving son. These are the qualities of good people who make a difference here on earth. You have already made a difference in our lives and for that we are proud and will be forever thankful. We believe in you and know that as you move through life, you will continue to make a difference. As you move to the next chapter of your life we wish for you now what we have always wished: happiness, health, love, and laughter. With love and pride,
Dad, Mom, Marnie

Learn from yesterday,

In this tiny space, I cannot express all the joyous gifts you have given to us over the years. In striving for your own perfection, you have touched many lives with compassion and sensitivity, while keeping your own values, strength and independence intact, we are so very proud of you! Which ever road you may travel, our love, hopes and dreams travel forever with you...
Your loving Family

Lynde: It's unbelievable how fast 18 years have passed by. I've watched you grow into a beautiful young lady. Nothing in this world can ever match the feeling of raising a child. It's certainly provided me with a level of 'higher education' that I could not have achieved in any other way. I hope you realize that I never expected to be your "BEST" friend...I was 100% satisfied with being your MOM, and I'll love you unconditionally forever. As you continue on your life journey, just remember..."never leave the house without your head!"

I'm proud of you.

I love you! Mom.

Words cannot express enough of how proud we are of you, your academic & athletic accomplishments and your commitment to being a caring, loving daughter. All parents, obviously, have a bias towards their own children. However, we are especially proud to tell you that all of our friends & family are envious of us...because of you. Many parents do not want to see their children grow up and leave them...we on the contrary, feel you are ready to take on the world and are confident enough to leave your mark on whatever path you choose.

Lynde, you are a bright, talented, beautiful young woman who has given your mom, Cyndi, and me a tremendous feeling of accomplishment...we all hope you have learned something different from each one of us...something that inspired you to be the wonderful person you are today.

With all my love and support,

Your very proud Dad

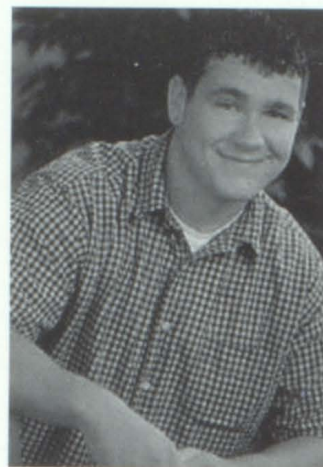

Learn from yesterday,

Thank you for filling our lives with love and laughter. You have been the most wonderful daughter any parent could ask for. We are more proud of you than we could ever say. Dearest Rachael,

How blessed this family has been to share your life. The world will soon know what a gift they have been given. Where there is sadness, your smile brings joy. Where there is cruelty, you bring infinite kindness and compassion. Where there is injustice, your voice rings out. Where there is darkness and despair, you are a point of light. Shine on, Rachael! To Dan,

As we have loved and learned from you, may these words reflect your character and give you knowledge, strength, hope, happiness and encouragement throughout your life.

Believe and succeed. Courage does not always roar. Sometimes it is a quiet voice at the end of the day saying "I will try again tomorrow."

Attitude is a little thing that makes a big difference. Remember we become what we give ourselves the power to be.

No one knows what he can do till he tries. Success lies not in being the best but in doing your best.

Goals, dream, and determination can turn into reality.

Dan we are very proud of the man you have become. Thank you for all the joy you have given us. We are always here for you.

Keep smiling.

Love,

To our Kimmy-Kim,
