Editor's Notes

Here I am on the last day of yearbook, and I am asked to sum up this year's craziness in a few paragraphs. Well here's my story, day one started with a bang. We had 30 eager yearbook people; the next day we had about 10. Throughout this year people have come and gone as they pleased. Showing up on time just to reach their hands into the candy drawer, then leaving with their sugar fix. And now it is the end of the yearbooking season, and we are 6 people strong.

Of those 6 people, we've shared the best memories. From the days when we played charades for two hours straight, to the days when our techno music was blasting so loud that Ms. Duggan claimed her pulse was beating much faster. Or the times when we couldn't do any work because we were sent home early due to the bomb scares. And for some reason, during the winter season we had the worst luck with the yearbook. We never completed a full deadline. The printer could never handle our print jobs. The pictures were, and still are, always one pica too small. What truly is amazing is that we made it through the mucky-muck. With all the problems we encountered, we talked about not having a yearbook this year. But the staff picked up the pieces and got the job done. At times I just sent everyone to Cindy Doxsey because she knew better than I did what was going on.

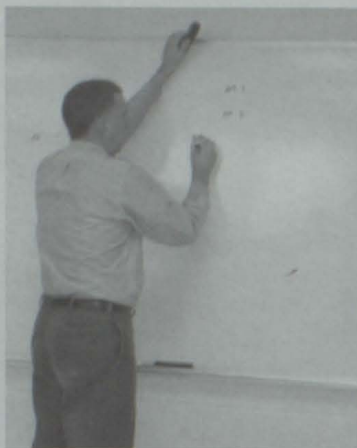

These are the Editor's Notes, and I am the editor of this fine yearbook. A piece of work such as this can be called a masterpiece, or a "work of art" (that might be stretching it a bit). But what really is important, is that if you don't like something about the book, don't accuse the staff or the editor. Join the yearbook staff and change what you don't like about the yearbook. It is your input that really matters.

Thank you for taking the time to read my notes. Now please enjoy the book, at your own risk of course.

-Adam Silsby

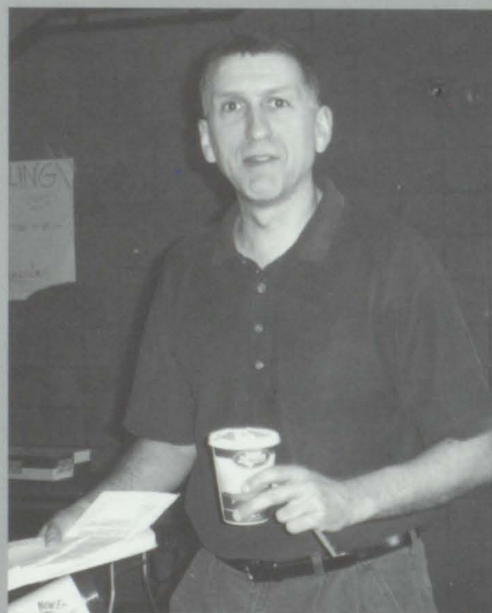

Teacher Dedication

Kevin Jenkins

the teacher, the father, the coach

This year's yearbook dedication is proudly given to a master teacher who asks a number of simple questions, over and over again. "Do you see that?" "Do you follow me?" "Can you picture it?" He wants all of his students to understand the magic that is math and to succeed in his classroom. He is not an ordinary classroom teacher. He puts us at ease immediately with a series of jokes or stories. But these only add to the seriousness of his teaching. The pace of his class is fast and by the end, we don't recognize how much we have learned. We only know that it was fun and we thought hard. We also know that he cared about us.

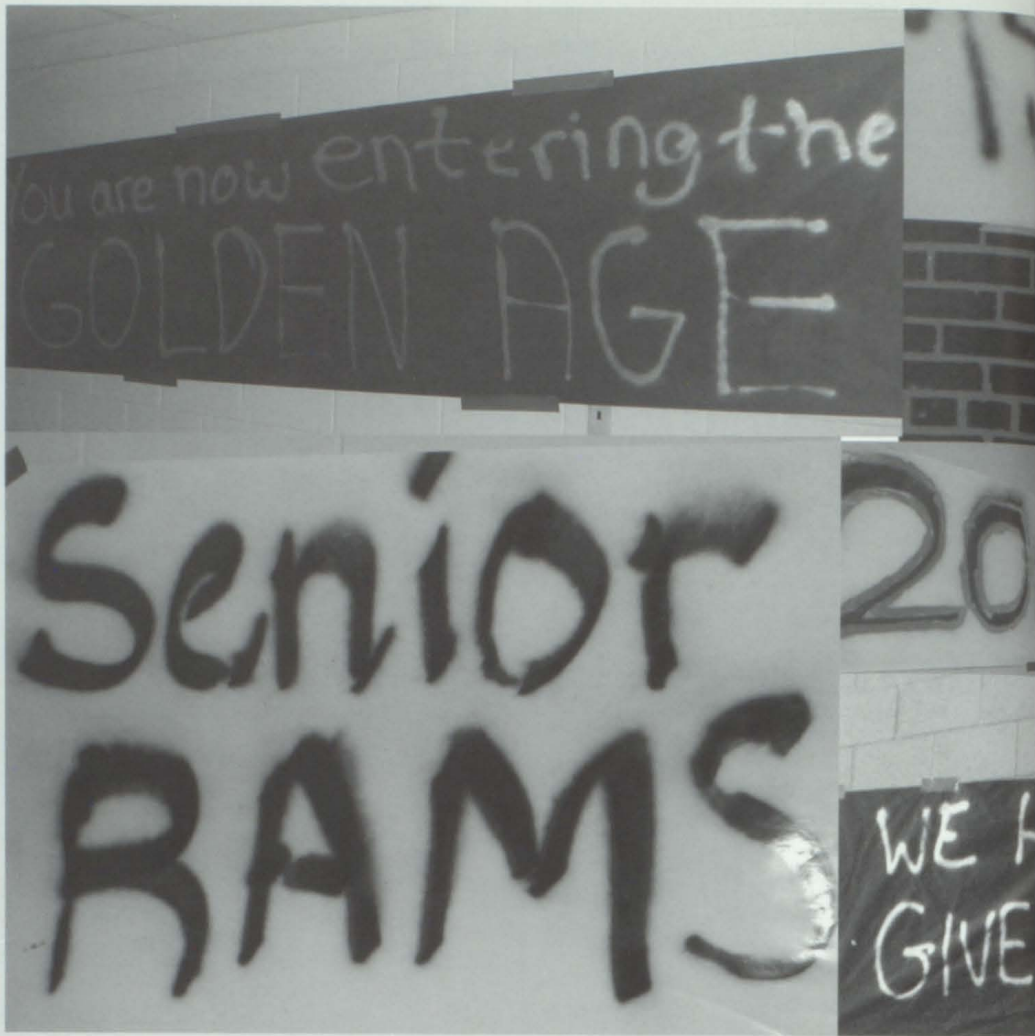

Often, he can be heard saying: "Come Monday afternoon, I'll see you at Math Team Practice. You'll get three extra points." It was another one of his ways of showing us that math can be fun. If you go on Monday afternoon to watch the scrum of between 40 and 50 students in his room doing math for the fun of it, you get a small taste of who this teacher really is. We go for the math, but we also go because it is him. He makes it fun, challenging, inviting and, oh yes, he cares about us.

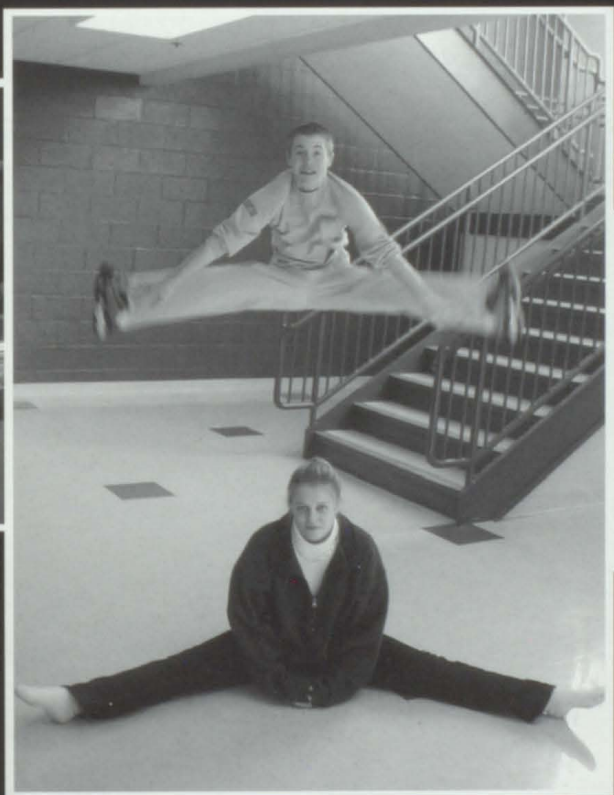

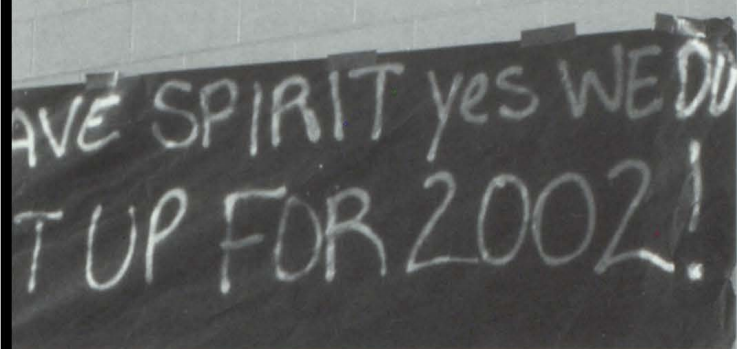

This teacher has taught at Gorham High School for nineteen years. In that time he has become one of the finest teachers we know. He encourages all of us to learn. When he can, he comes to our games. In his spare time he has been coaching basketball – for seventeen years. To his great credit he has guided his teams to five state championships and eight Western Maine Championships. His practices are like his classroom. They are fast paced, organized, serious, and oh yes, fun.

Because he is one of the finest teachers in the school, because he is one of the finest people in the school, and because he cares about his students – all of his students – we are proud to dedicate the 2002 SCHOLA to Mr. Kevin Jenkins.

Advisor's Message

"There are very few things that are truly important. Remember, you decide what is truly important by your own values. You make the choices, no one else does. You're always going to be learning- you're always going to continue on your journey. Graduation is only the recognition that you have taken a big step." ~*Success is the Quality of Your Journey* by Jennifer James

To the class of 2001:

I came to Gorham High School the same year most of you did and I continue to learn more each year. You all must continue to learn, but always be mindful of the *quality of your journey*.

Best wishes to all!
Sincerely,
James A. Silcox

**"If you want to make God laugh, tell him your future plans."
~ Woody Allen**

As graduation approaches, our plans for the future seem more within our reach. Yet every morning that we wake up and realize the uncertainty of it all, we become awestruck when faced by the endless possibilities. The memories that the class of 2002 has gained through the years will always be a part of each of us.

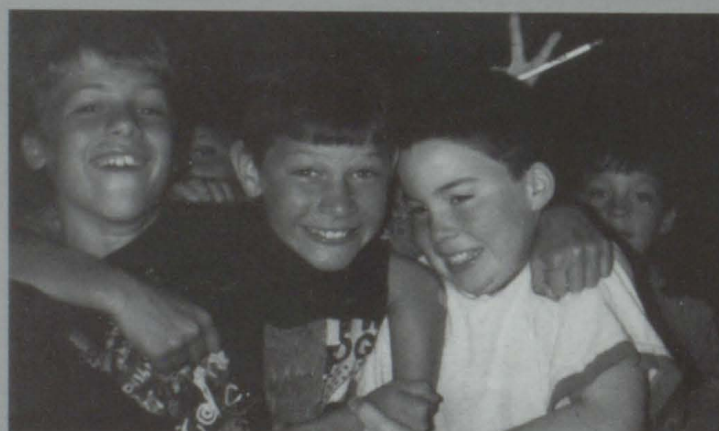

In our younger years, we were separated as White Rockers and Narragansettters. Being joined together in Village School was a drastic change. Field days became a much-anticipated competition in elementary school and who can forget the "snowball" fights in Mr. Speed's gym class.

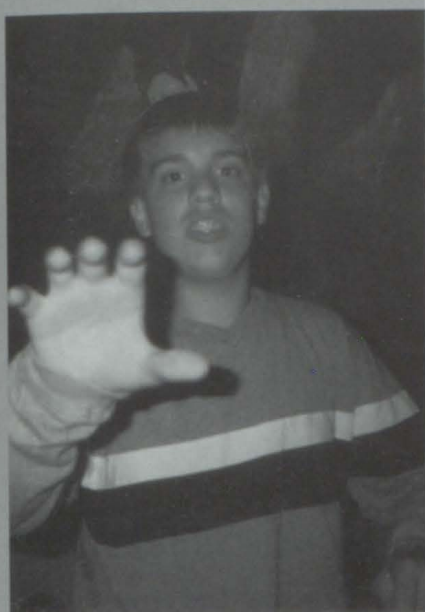

Just when we thought we ruled the school in sixth grade, we graduated to Shaw Middle School. Our first taste of freedom came with our seven classes and our very own lockers. Semi-formal dances and mountains of homework filled our free time. Who can forget the "great flood" in seventh grade? Certainly not the Royal House who had their picture day or the few walkers who had to swim home. Then in eighth grade we survived the Ice Storm. At Shaw we were separated into Wild, Crooked, Royal and Kennebec houses. It was not until *movin' on up* to Gorham High School that our class finally came together.

High School was quite the experience freshman year. Together we enjoyed late Wednesdays and festivities like Winter Carnival where we beat the sophomores, an unspeakable thing for a frosh class to do. We also endured the changes that our sophomore year brought: new schedules that did not include late Wednesdays, a ruling that Winter Carnival would no longer be held, ASVABs (more standardized testing...), and English and history combined in American Studies. But no one can forget our sophomore efforts, wearing blue for the spirit rally and face painting in the cafeteria. Junior year marked the coming of our college searches, PSATs, British Author papers, and MEAs – not to mention the fire drill during our Homecoming dance. We showed our school and class spirit by designing and buying class T-shirts for the winter spirit rally, and were victorious over all in the tug-of-war competition. The spirit cup was finally awarded to us after last year's seniors were stripped of the title for stealing our beloved mascot.

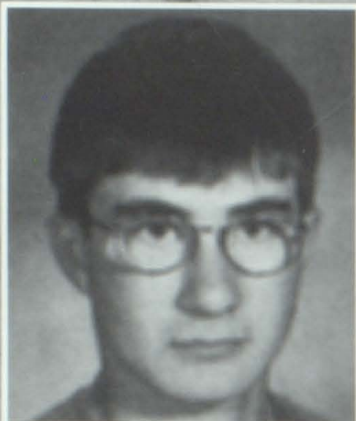

Senior year finally has arrived with a bang as we again won the spirit cup for our homecoming efforts. The hallways were decked with the slogan "2002 is Golden" and our floats were unsurpassed in the homecoming parade. Now all of us are caught up in SATs, college applications, plans after high school, and scholarships. Still, there is a light at the end of the tunnel; we are the first class to graduate in the air-conditioned Merrill Auditorium. We made it this far, and it's only the beginning. We have laughed and moaned together, and may even say good-bye at the end of the year, but we will always have the memories, and the reunions to come!

Goodbye cruel world, hello sexy world. Remember that the best way to remember your senior year is through the madcap adventures over at www.BuckyWeasel.com the only comic strip about GHS. I've decided to sell the rest of my write-up space to the highest bidder. Remember that Nike is the proud sponsor of the 2002 senior class. Nike, quality merchandise at slave-labor prices. Long live rock!

Well here we are, we've hit the end, and yet our long strange journey has just begun. I sit here now in wonder at how time has flown by. So here's a thanks, for all of those who helped me along the way. To lessons learned, and words unspoken. To those who have ever taught or learned from me. To those who have ever loved or missed me. Sometimes there are no words to completely express what you feel and you're left with nothing to say; to please others you can't always say the truth and you have to hold back, but if you can really understand what I feel than no words are needed to be said. So I leave on an understood note, but I will never change what I think for anyone. You may not know what I feel, but maybe it's better that way for you.

"Knowledge comes, but wisdom lingers."-Tennyson Though school may have taught us, the most learning we have done was from each other. We've made strong friendships that will remain with us. And as we part we can't do anything but wish and hope. Some of us will stay in touch, but most will not, both tears of joy and tears of sadness will be shed over times spent together. We have learned together, we have loved together. But most all we have lived together in the only world we've ever known. And as we say good bye to go into that new world, all we can do is hope and pray. And as S. T. Coleridge wrote "To meet, to know, to love-and then to part, is the sad tale of many a human heart."

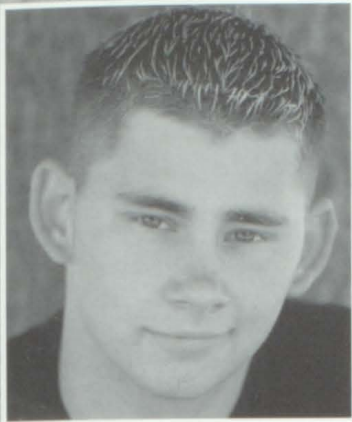

Adam Jason Silsby

When it comes to school, its always been my theory that if it's not worth doing, it's not worth doing well. Yet, here I am ... at the end of the road, waiting for my dorm and toga. I wish I had something meaningful left to say, an inspiring message or words to the wise but all my reflecting and contemplating was usually put to a stop by one thing or another. Anyway, I'm very fortunate to have had a good group of friends throughout my high school life and I'll miss all of them when we go our separate ways. I'll always remember skiing, and playing nintendo all night. I'm not going to list names because I'll leave someone out, but you know who you are. Adios

The last 4 years at GHS have been fun and real but not real fun. Going to P.A.T.H was the best part of high school. I am not going to do a big write. All I have to say is bye to all my friends. To the teacher in 217 plug it in. Dad even u are not here on earth u will always be a part of me, Hope you win big at the blackjack table. Education is not a preparation for life; Education is life itself, John Dewey. Peace, woody is out; To all my ladies friends I love you.

"You can never leave w/o leaving a piece of youth, and our lives are forever changed we will never be the same"-Billy Corgan Its hard not to leave a piece of yourself in a place where you have spent four years. I don't know where I'll be 5 years from now, and really, I don't know where I'll be tomorrow. All I know is I will work w/ what I have, and make it great. Breezy, forever a piece of you will stay in my heart. I luv u. Shane, your my brother for life. Mom, you were always right. I love you all. Rumors is a highly entertaining play in which a cast of characters tries to cover up what appears to be the attempted suicide of their dear friend, Charlie, whom the audience never sees. The characters all arrive at the home of Charlie and Myra to celebrate their wedding anniversary, and are quite surprised to find out that Myra is no where to be found, and Charlie has shot himself in the ear after taking quite a few Valium pills. The plot thickens as each couple arrives, and eventually the police enter the scene to investigate a BMW wreck and gun shots heard from the mansion. In an unexpected ending, the truth is unveiled to the audience's amazement. Overall, the show was another great presentation by talented GHS students.

Girls Ice Hockey

The second season of the girls ice hockey team was an even greater success than the first. With twelve returning player and fifteen new players, the team developed and displayed their skills during the second annual Maine Girls Ice Hockey Association's year end tournament. The team was led by senior captain Christy Webber under the coaching of Dan Wallach, Gary Webber and Mark Siegler. Good luck in the next season girls!

Girls Basketball

Record: 11-8

In 2001, the Lady Rams returned to the Western Maine Class B playoffs. After last year's "season of rebuilding," coach Jim Libby took over a program dominated by underclassmen, posting a record of 11-8. The record was good enough for a place seeding in the Western Maine Tournament held at the Augusta Civic Center. There were no seniors on this year's squad, so expect next year's team to contend for the state title once again. The starting team included Bri Woodbury, Eileen Jenkins, Emily Beagle, Elizabeth Beagle, and Eryn Mahoney. Other players included Kristen Chandler, Jen Willis, Debi Drown, Ashley Wood, Ashley Towle, Megan LaPierre, Katie Guimond, Rachel Deans, and Bethany Morneault. Laura Popovics injured her knee early in the season after starting five pre-season and two regular season games. The team manager was Bethany Cuffey, and the ball girl was Rachel Burns, a 6th grade student. The assistant coaches were Michele Plant and Rebecca Fortier.

Boys Basketball

Record 19-3

The Gorham Boys' Basketball team had another successful year, battling injuries to finish 15-3 and #2 in the final Heal point standings. During the regular season, the team continued the home unbeaten streak to 31 games. Led by 11 seniors, the team went on to defend their WM championship beating a solid Wells team in their final home game, then beat Mountain Valley in the quarterfinal. They finished off their run by beating two #1 teams, Greely in the semi-final and Cape Elizabeth in the title game. The state game will be a re-match of last year's game in which Gorham lost to Camden after leading much of the game. The seniors would like to thank the coaches for everything they have done, and wish good luck to next year's team.

Winter Cheering

This year's cheering season started off without a coach and little hope for the winter season. We ended up with one of the best cheering coaches Gorham has ever seen. We had no returning seniors and a defending state title lingering over our heads. Our coach pushed us to levels we never thought we could achieve. Although we didn't move as far in competition as last year's squad did, we know that the season was still a great success!

Fall Cheering

This year's fall season started out being tough. In the beginning we were struggling without a coach or a leader. You could tell that there was a lot of talent coming from all the cheerleaders. It was difficult to make practices and make a set schedule. We tried to condition so that we could work hard in getting our routine and sidelines ready for the games. With only one senior on the team we helped each other out and gave each other support when we needed it. We had many new freshman cheerleaders who did really well for their first year here at Gorham High School. We all got used to the way things went down in the GHS cheering squad. We all showed our strengths and school spirit during the pep rally. We are all looking forward to the winter season and hoping that all of us can become a well working team again.

Boys & Girls Cross Country

This year's cross country season was marked by hidden success. A young team for the most part, the X-C boys team trained hard all season and peaked just in time for the post season meets. Freshmen Josh Lortie, Sandro Negron, Isaac Worrall and Jake Blaisdale showed an outstanding work ethic that gives Gorham Cross Country a promising future. Sophomore Mike Maniscalco continually improved over the season and put in his best performance at the regional meet. Senior Captain Jason Brown led the boy's team with enthusiasm and cheer. The team wants to thank Coach Wilkenson for all his work and dedication to the team. Thanks also to Mr. Durgin and the athletic department for their continued love and support for the program.

Varsity Field Hockey

Record 8-8-1

To all our Sizzlin' Seniors, Jazzy Juniors, Super Sophs, and Fabulous Frosh~BELIEVE! The 2001 Varsity Field Hockey season was filled with its ups and downs, but we stayed together throughout it all. There ain't no mountain high enough, ain't no valley low enough, ain't no river wide enough, to keep us from gettin' to you. And that's how it all started out; with a trip up the mountain from the valley and on a boat across the river (well how 'bout a big lake?). The Rams were led by co-captains Steph Drouin and Steph Atwood, along with the two other seniors, Leanne Morton and Christy Webber. We still are, and always will be, the champions...no matter what. Thanks for a great season and good luck next year! Always believe in yourself.

Girls Varsity Soccer

Record 7-8-2

Hey girls, we showed them-Semifinals-what! We finished with a record of 7-8-2 and scored 26 goals for the season. But our record is much better that it shows. We have now "raised the standard" for girl soccer in Gorham-you guys better be undefeated next year. Now for some "good time" memories. Preseason 3 mile runs with Fogg in his Geo drinking water. Half-time show at the boys soccer game. Friendly's after the boys lost to Greely. And the famous trips to the "store" in Fryeburg-Hot dog rolls, ice cream, and Ramen noodles. And the superstition-lamenated cards, Fogg's subway sandwich, slap goalie gloves warming up, we always got the far side first, even though we never won a toss. Good luck next year. You guys made our senior season awesome!

To our Jem, Our #9

We look at you and see a fine young man that gives 101% of himself in everything you do, whether it is on the ice or at work (maybe only about 9% at cleaning your room). We realize that to a teenager this is not a priority and maybe that is true. Being a good person, working hard and enjoying your life is more important. Your smile and sense of humor is a wonderful asset and will carry you far.

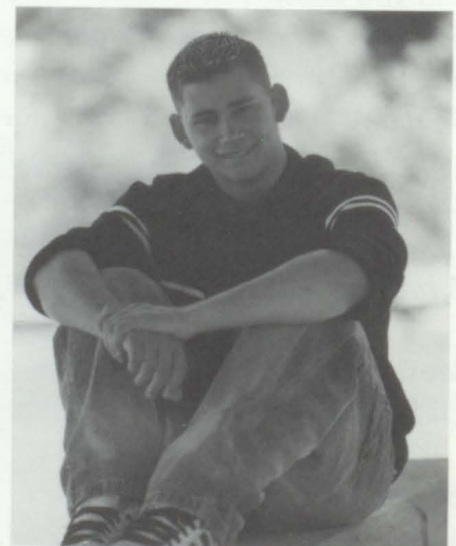

Our wish for your future is that you soar through life with the style and self-confidence as you do on the ice and accomplish all of your goals.

You are a very important part of our family and we are all very proud of you. We know that your brothers love you and think you have style, why else would they want to borrow your clothes. Always remember the fun you guys had whitewater rafting, skiing, playing hockey or golfing together. This should make you smile even when you see them going out the door in your favorite shirt.

We Love You and wish for you a happy healthy life as you set out to follow your dreams.

*Love,
Mom, Dad, Corey, Nick, Nan, Grammy

Marnie,

Marnie, a derivative of Marina, means "from the sea" and Alicia means "truthful". From the moment you came to be in our family you have been as huge and important a presence in our lives as the ocean is in the world. Like the ocean, you possess an ever-changing beauty and constant strength. And like the ocean you give freely to others. Your fierce sense of right and wrong transcends your years of experience. We have watched you grow into a beautiful, strong, intelligent, gracious young woman with a sense of self and a presence that will allow you to succeed in whatever challenges life brings. Marnie, your heart is kind and caring for family, friends and those you don't even know. We are so very proud of you and know that as you take the next steps in life, you will make a difference to those whose lives you touch and the world a better place. You have made a profound difference in our lives and for that we are forever thankful. We wish for you now what we have always wished - love, health, happiness and laughter.

With love and pride,

We love you and believe in you. Will always be by your side.

Love- Mom and Dad

The past 18 years has gone by so quickly. We've watched you grow from a chubby infant sucking your thumb to a self assured gentleman. Its seems like yesterday when we were going to travel basketball games in Yarmouth, the Boys Club in Portland and Little League All- Star games. Now we are going to state championship basketball games and tounrmanent play off games, how exciting for youas a sophomore to be part of a state championship basketball team. What a huge feat to achieve all conference in 3 sports as a junior.

You've grown in to a fine young man who sets goals and works hard to achieve them. We're so very proud of you and all your accomplishments. Reach for your dream to become a professional athlete. Work hard and you'll be successful. Know in your heart how much we love you and we'll always be there for you.

Love, Mom, Dad, Keegan, and Kayleigh

Jocelyn,
We're so proud of you. You inspire us with your cheerfulness and sensitivity towards others. Your love of knowledge, creative energy, and eternal optimism have brought you much success. And this is just the beginning. Keep dreaming and always keep smiling.

Love, Mom, Dad & Dave

Dearest Lindsay,

It doesn't seem possible that 18 years have gone by so quickly. It seems like just yesterday we were holding you in our arms marveling at everything you did. You are a shining example of what a daughter is, beautiful and good, honest and principled, determined and independent, sensitive and intelligent.

You are so very special to us, and we are so very proud of the wonderful person you have become. May the journeys that life has in store for you be adventurous, fun, challenging and rewarding, and may you cherish and grow from each and every one.
We love you.

Love,
Mom and Dad

Dear Lou,

Thanks for all the help, advice, organizational guidance, and rides you've given me over the years. Good luck next year. I'll miss you.
Love, Andrew

Jason,
You've always been first with a smile, first with a joke, first to question fairness, first to hug hello, first to wonder why not, first to wonder why, first to argue, first to apologize, first to insist on crazy games, first to require silence, first to come to defense of others, always attempting to get in the last word. Continue to stand up for what you truly believe in. We are proud of all that you have accomplished and stood for and we can't wait to see what lies ahead. Keep Philippians 4:13 in your mind and in your heart.

Christy,

Congratulations! It is hard to believe that eighteen years have passed so quickly. You have been the most wonderful daughter any parent could ask for. You have filled our lives with love, laughter, pride and joy.

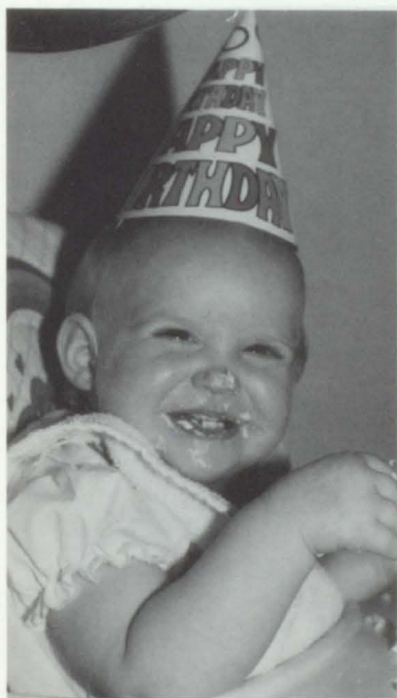

May your life be filled forever with laughter, dreams, love, health and joy.

Remember that everything happens for a reason!

We are very proud of you!

Eric,

You are closing one chapter in your life, but many more are just beginning to open for you. Take with you all the lessons you have learned from your Teachers, Coaches, and even us. Remember all the good times with your friends, all the good decisions you have made, but don't forget the not so good times and the bad decisions, those were times we were most proud of you, when you picked yourself up and showed us what you are made of.

You have balanced a lot of fun, studying, playing and work; you have done so much in the past four years. Continue that balance throughout your life. Continue to surround yourself with great friends like you have now and never forget how very proud we are of you. We love you very much.

From a happy, smiling baby (fuzz-head), a tom boy (no flowers or dresses for you), hundreds of races, ribbons and medals, wonderful drawings and paintings, lots of fun and laughter, you have grown into a beautiful, loving, caring woman that I am so very proud of.

Words can't express how much joy you have brought to my life. I hope that you continue to use all the talents that God had given you and that all your dreams come true.

Love you lots, Mom

"Dance to the music of your dreams; the steps will bring you joy". Anonymous

So many memories.....

Then...

A giggly little girl with blonde hair, sometimes in "piggy tails," always standing on her head, singing, twirling her baton, snuggling with BonBon, playing basketball and softball, cheering for her football team, swimming at camp, running, doing cartwheels and backflips, skipping, and always, always dancing, competitions, family trips, doctors, community hours, birthday parties, weekends at camp, Rangeley, Bogart, Fluffy, Jack, Fireball, Babe, Shadow.....

Now...

A more serious young lady, doing well in school, going to proms, still always dancing, in love, steadfast in her beliefs, determined, independent, caring, finding her own way, looking at colleges and towards the future. Your goals are important to you and we know that you will reach them as you always do. We have watched you grow with great pride and love and are thankful for all we've shared with you and learned from you. Wherever life brings you, remember to "dance to the music of your dreams," and that Dad and I love you very, very, much, "our little pumpkin."

Courtney, a high school graduate! Congratulations. What more can I say, you're the best. I was so happy when Mom and Dad brought you home Halloween 1983. You were my "little sister," and I was a "big brother." You were the "coolest treat" I got that year. I just want you to know that no matter where you go or what you do, I'll be by your side the whole way. We've had 18 years together and they've been the best. I wouldn't EVER ask for anyone else different to grow up with. I heard a quote and it reminds me of you. "Don't be afraid of being hurt, be afraid of being nothing." You're never scared of being hurt, you try everything. From baton to cheering, you've always gone for it all, and come out shining. Please never stop being who you are because who you are is PERFECT. I love you Courtney!

There are unfortunately not enough words to adequately describe our love for you. When you were born, we entered into the marvelous experience of unquenchable love, and have been filled with your sweetness and laughter ever since! You have blessed our lives in so many ways. How fondly we remember you as a bouncy, blue-eyed baby that we still lovingly call, "Cheekin", and now we look upon such a lovely young lady soon to be embarking on a new journey all on your own! You fill our hearts with enormous love; fill our souls with great pride, and our lives with endless joy! May you always know how much we love you.
