# YEARBOOK STAFF

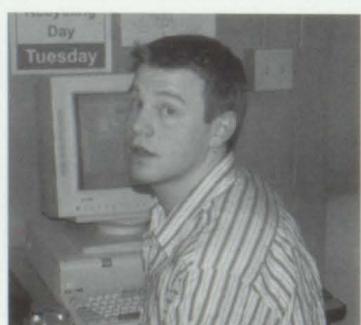

## Editor's Notes

As the 2003 yearbook editor, I would like to give a special thanks to Emily Gendrolis (our sports editor), Lindsay Buteau, Pily Chaves, Melinda Earley, Chrissy Miner, Bethany Straw, Joe Guidi, Greg Bem and Neil Craig. These nine people created the best yearbook staff I have worked with throughout my three years in yearbook. They returned meeting after meeting producing high quality work.

I would also like to give a special thanks to the yearbook advisor, Ms Duggan. I often think of what the yearbook would have been like if she had not agreed to be the 2003 advisor. I decided that without her help and endless knowledge, the 2003 yearbook would be nonexistent.

With the help of numerous photographers, Ms Duggan, business advisor Debbie Cuffey, and a great yearbook staff, we have created a fabulous 2003 yearbook. Enjoy!

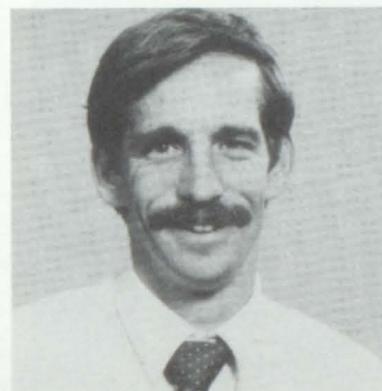

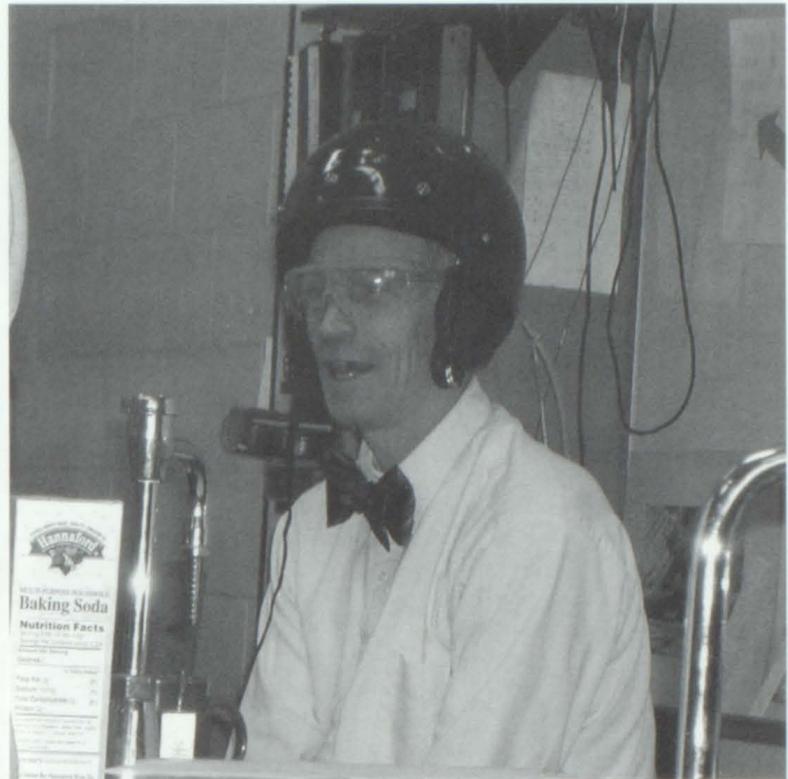

-Cindy Doxsey, yearbook editor

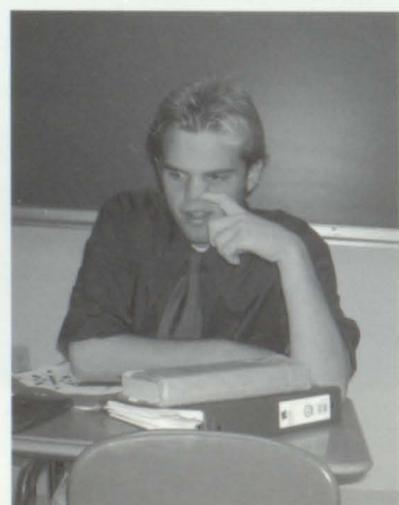

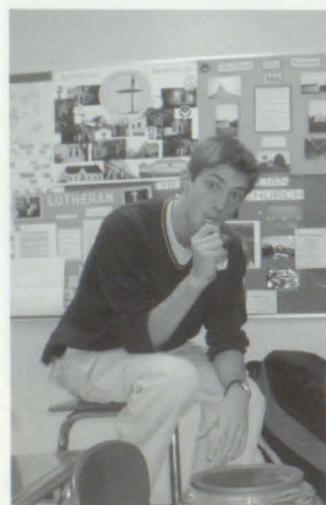

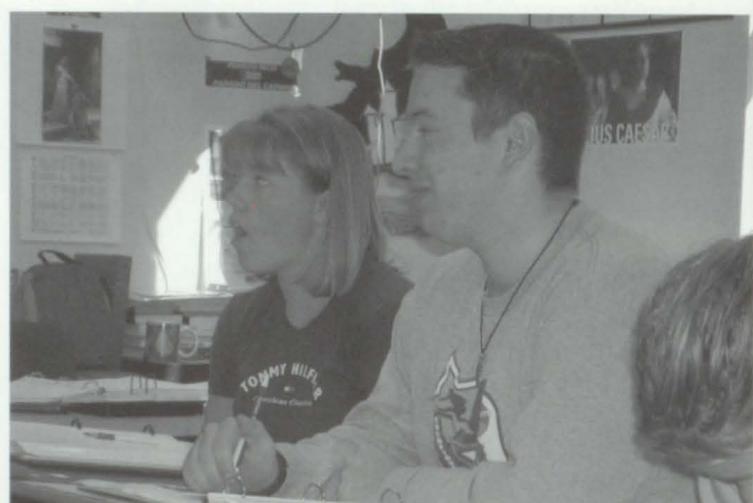

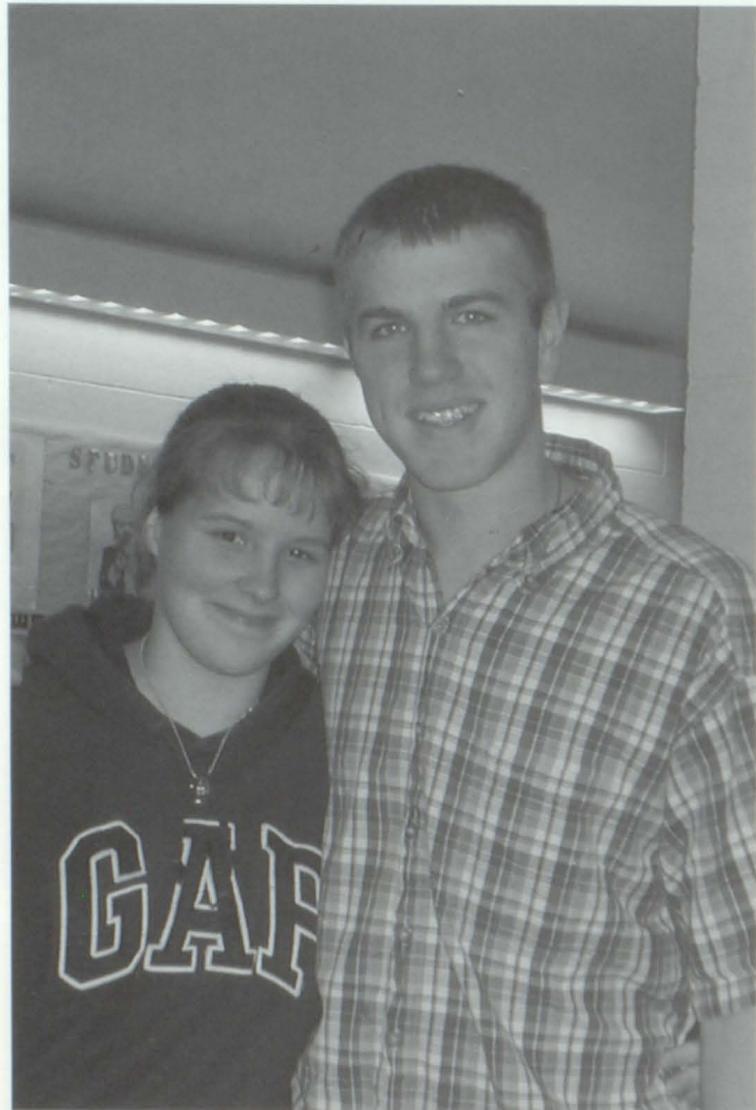

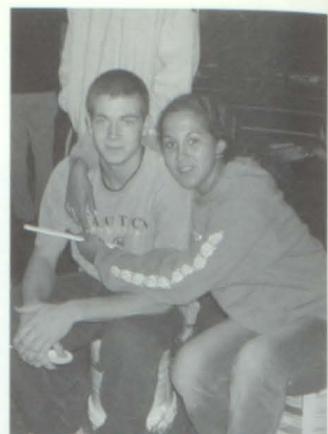

# TEACHER DEDICATION

This year the yearbook is dedicated to one of our science teachers. Since all the others fell short, by roughly 10 inches, Mr. Crowley was our prime choice. His first rule was never to show our belly buttons, and to never give an answer like it was uncertain. Right? As a teacher of physics he has collected many different items which we may have thought "junk" but this makes him undeniably have the coolest classroom at GHS. The cow that jumped over the moon, the poor monkey who always gets shot, and other assorted projectile masterpieces are just a few. If there is a news report that is incorrect he is the first to point it out to you to make sure that you know the truth. What other teacher could tell about his lobstering adventures on his island or about mornings at the Crowley household with such grace?

It is always a pleasure though to walk into his classroom after an especially hard math or English course, because you know that it will brighten your day. He has mastered the ability to teach at a level that is fast paced enough for the faster learners, and detailed enough that slower learners can catch on. Although he likes to say that he just doesn't care, it is very evident that he does. He is always willing to stop to make sure that everyone understands and to give life advice to the class. The class of 2003 dedicates this yearbook to Mr. Bob Crowley.

## CLASS ADVISOR'S MESSAGE

Class Advisor: Robert Bond

"It is important to be correct, not politically correct."  
-Lee Kwan Yew

As you go through life and continue your education, it will become increasingly difficult to distinguish that which sounds good from that which is truly meaningful. In deciding, always use your fundamental family beliefs as your guide. It is truly rare for a person to be misled by their parents.

"It is not the failure of others to appreciate your abilities that should trouble you, but rather your failure to appreciate theirs." -Confucius

Look for the good in those around you. Having the ability to make the most of someone else's ability is the mark of a true leader.

To the class of 2003:  
I have known many of you for your entire tenure at GHS. It has been great fun to know you and a great experience to share in your intellectual growth. Have a great life, you will do well.

Best Wishes,  
Robert Bond

Found them? The cocoanut's tropical, this is a temperate zone. Swallows may fly south with the sun, yet these are not strangers to our land. Are you suggesting cocoanuts migrate? They could be carried. What? A swallow carrying a cocoanut? It could grip it by the husk. That's not the question. Its a simple question of weight ratios, a 5oz bird can not carry a 1lb. cocoanut, in order to maintain air speed velocity a swallow needs to beat its wings 43 times every second. to be continued...

# Who are these mystery seniors?

# CLASS HISTORY

In the beginning there was nothing. Then there was the class of 2003.

We were united at Little Falls Kindergarten where we spent our first of many years together. Our first memory must be the Mother Goose play, and most of us admit we are ashamed of the roles we played. Then, alas, we were split up into two different schools, White Rock and Narragansett, and yet we endured. This brought falling down on the playground and being champions in dodge ball. Together again at Village School we were reunited again as a class. V was for victory, Village, but was also for quiet. We learned about homework in small amounts, including "SuperStars." Who could forget the money WE raised for the currently standing playground through MathAThon's and Dreambuilders. After 3 years of this we moved up to Charles C. Shaw Middle School, and were denied the chance to play on our masterpiece. We got over it though, and moved on to having seven teachers a year and braving that old building. We had to go in even earlier in the morning and during these years we suffered the struggle of climbing the social ladder. And yet...we endured.

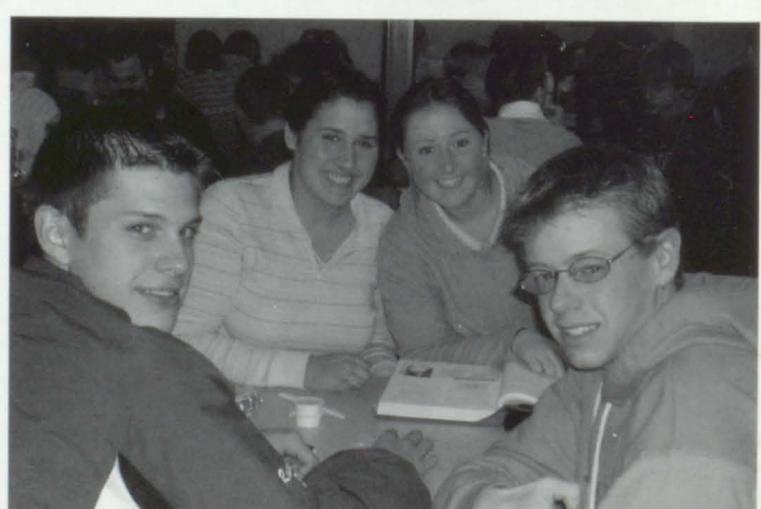

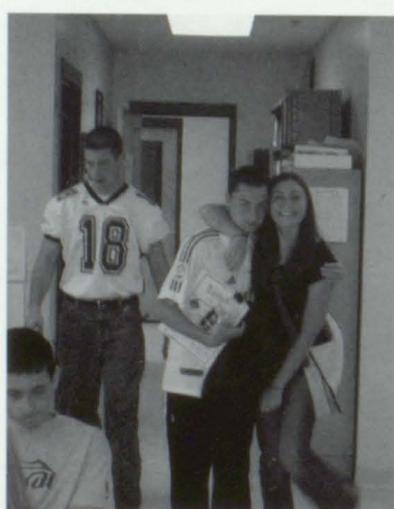

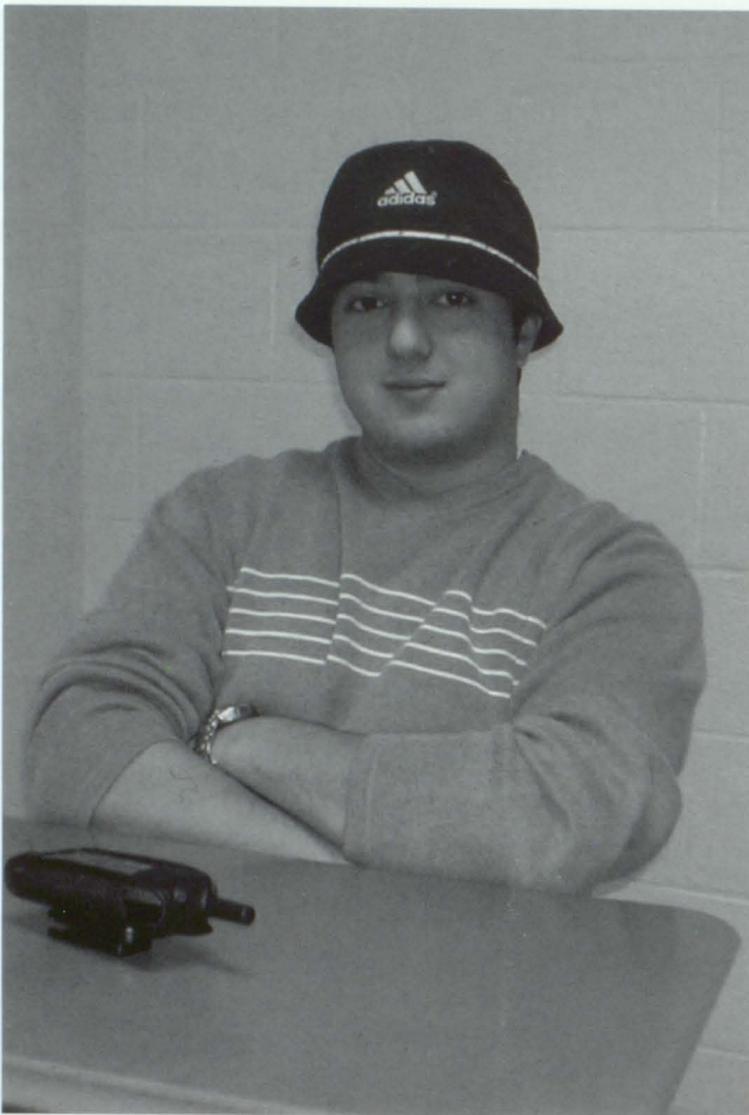

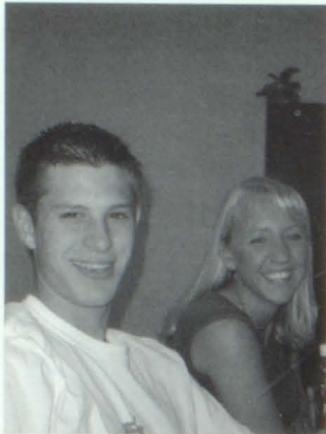

To the High School we would go with the promise of late Wednesdays and school with older kids, teenagers. Turns out the beloved late Wednesday was taken away from us along with the anticipated Winter Carnival. Then the years began to pass. Just like any other class we got through I-Searches, Driving Tests, SAT's, MEA's, British Authors, Labs, and College Essays.

For three years we watched classes come and classes go. Now, it is our turn to leave, and we surely deserve it. We have friends from the past and friends right now but there is one thing we all have in common;

we are the Gorham High School Class of Two Thousand Three. Good luck to all of us.

The 2002 Field Hockey season was a fun and exciting one. The season started off with a bang in a 5-0 win over Falmouth. The final game of the regular season was a 5-1 victory over Greely during the week of Homecoming. We faced several injuries this year, both on and off the field. However, we remained a family and survived the tough times. We also welcomed a new member to our team - Edward Hugh Thurston! To the team of 2003, just remember to always bring it!

# FIELD HOCKEY

Junior Varsity: First Row (L to R): Maia Fleming, Becky Muller, Meghan Cummings, Riki Kuech, Laura Willett. Second Row (L to R): Sarah Shaw, Sarah Rudolph, Tara Johnson, Kristen Walls, Danielle Moody. Third Row (L to R): Kathleen Masterson, Samantha Jones, Ashley Norton, Maura Brady, Lauren Higgins, Kelly Garrard, Jennesa Regios, Jess Bryson, Kim Boucher, Coach Becky Muller.

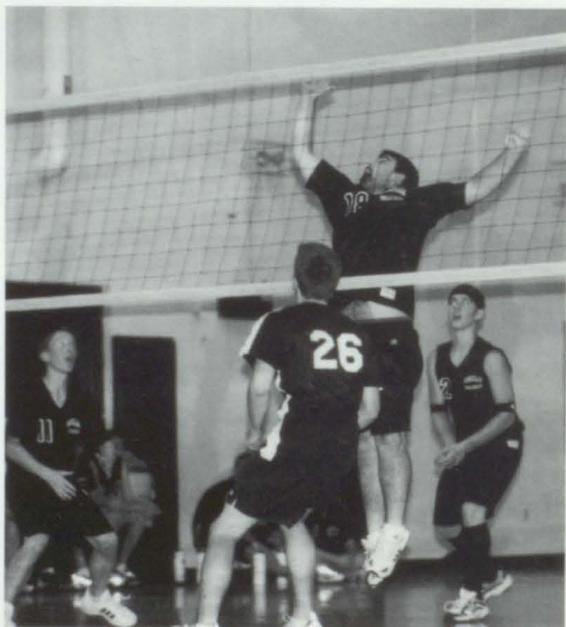

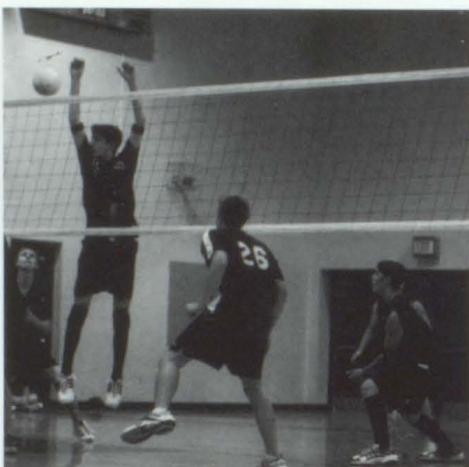

This year's Gorham JV Field Hockey team had a very exciting season. We accomplished many of our goals with the help of our new coach, Becky Manson. Our record did not reflect the hard work we put into the season. Our teamwork improved this year, especially since our team decided not to single out players for the position of captain. I'm sure we all look forward to next season, and good luck to all the girls who move on to varsity.

# Boys' VOLLEYBALL

Second Row: Ryan Harriman, Elton Savery, Mike Maniscalco, Brandon Barden, Eric Sawyer, Sam Blunda, Tyler Semple, Kean Duffey, Stephen McGovern, Andrew Edes, Tim Mason-Osann, Coach Robin Audesse.

Boys' volleyball this year did better than the previous 2 with a 4-7 record. The new coach Robin Audesse brought the team together and made practices both intense and fun. The team totalled 17 players meaning that in upcoming years we can all expect a lot out of the volleyball team. It was an unforgettable season for the 9 graduating seniors and they will remember it fondly.

# GIRLS' VOLLEYBALL

First Row: (l-r) Jess Hughes, Alicia Viernes, Lindsay Buteau, Star Shaw, Danielle Keeler, Megan Pease.

Second Row: Michelle Pickrell, Ashley Freeman, Mandy Pastore, Liz Arcaro.

Third Row: Stacey Reed, Abby Cuffey, Ashley Towle, Devon Racine, Morgan Carlson, Coach Becky Fortier.

This volleyball season proved to be both a challenge and a triumph for the girls. With the coming of a new coach, leadership proved to be especially important. Among losses and victories the Lady Rams kept it together all season through. Senior girls wish returning players the best of luck, and senior captains Jess Hughes and Alicia Viernes hope their roles on the team are filled with the same dedication and desire to succeed.

The 2002 Girl's soccer season was filled with ups and downs. Although we didn't win a lot of games, we never gave up and tried our best. Being faced with very tough schedule only play 3 or 4 teams in class B and the rest class A and C. We didn't let it bother us. Our win against St. Doms will always be a game to remember as well as Helen Keller's words before the Falmouth game. "Good luck next and remember sky's the limit."

The fall season was emotional as we lost our coach when she took up a teaching job at Massabesic. We were faced with the possibility that our competition may not happen. Our sisterhood and friendships became stronger as we worked hard physically and emotionally to keep a dream alive.

We braved the cold to show our support for the girls and boys soccer-teams, as well as the field hockey team and the football team. During down times we perfected our ability to play the cup game. The fall cheerleading team worked hard to improve the team and became competition ready.

The GHS Golf team finished the season with a 10-1 record. We set a GHS school record at home against Gray with a team score of 190. We also had two clutch wins at the end of the season, beating St. Doms and Lake Region, advancing us to the Western Maine Conference Team Championship, where we came in second place by two strokes.

Individual achievements: N. Conley - 10th in the state at the state match; N. Conley and P. Taber were named to the WMC 2nd team. As coach Russell says, "If you aren't improving, you aren't getting any better."

# Varsity Football

2002 Gorham Rams Football Seniors - Marc Fillion, J.J. Winters, Mick Cole, Dustin Spiller, Mike Douglass, Trevor Crommett, Chris Matthews, Steve Shaw

This year's season was not only fun but was a learning experience as well. It was a very successful season in terms of bringing the team together as a family. We were a fighting team and never gave up. We played as a team and won as a team. We were a team with a lot of heart.

The 2002 -2003 season started off with a bang: a 3-1 victory over Deering. The team, led by captain Kristen Chambers, continued to improve as the season progressed. Despite our plentiful losses, "the scoreboard didn't show the hard work and effort we put into the game[s]." Special thanks to Coaches Dan Wallach, Gary Webber, Mike "Snifferific" Mayo, and Mark Seigler for their devotion to the team. Good luck next year, Psychos!

Through it all you have followed your own path to the place you are now, finishing one chapter in your life and looking forward to whatever the future may bring. We know that your capacity to appreciate beauty, your willingness to take measured risks, and your sensitivity to the needs of others will lead you to your own definition of success and happiness. As you move out into a new world, always remember that we are eager to share your experiences and challenges with love and understanding.

All our love, Mom & Dad, Rob, Grandma & Grandpa

## How Could You Have Grown So Fast?

Kyle,

I see a young man where a boy once was,  
I see a teacher, NOT just a student,  
I see a loved BIG BROTHER,  
I see a young man who makes me so proud.  
For all the hard work-For sports-For academics-  
Most of all for being you.  
I once read, the key to immortality is to live a life  
worth remembering forever.

MAKE EVERYDAY SPECIAL, LOVE  
YOU, DAD

# JEANA PETERSON

Going off to collage, Senior in high school. Tough classes, tough choices, pre-cal oh boy! You have always hung in there and stuck it out! Cheering, dancing competitions in Myrtle Beach and New York City were a blast! Broadway shows, it was amazing that you could recite every word of "The Phantom of the Opera."

You have developed into a beautiful, mature, young woman. No doubt you will conquer life's biggest obstacles. Throughout your college years you will persevere. KA! A wonderful daughter of extremley proud parents, it has been a joy raising you, just think, without you I wouldn't have had anybody to do water summersaults with. Just yesteryear we were having tea parties with Gretchen. Time does fly when you are having fun. We will miss you more then words can express. Never forget that I know where all your tickle spots are! I love you sweetie!

CONGRATULATIONS!

Mom, Dad and Steven

P.S. FAP JR. and NMP, will also miss you!

## MEGAN PEASE

Megan,  
Congratulations! We are very proud of the wonderful person you are. We have been infinitely blessed by your lighthearted, energetic spirit. As this chapter closes...another is about to open. Heed Mark Twain's advice:

"Twenty years from now you will be more disappointed by the things you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the tradewinds in your sails. Explore...Dream...Discover."

We love you Megan! We wish you love, luck and happiness in all the experiences the new stages of your life bring.  
Love,  
Mom, Dad, Anna & Isaac

## ERYN MAHONEY

Eryn,  
You fought against the odds the first few weeks of life. We knew then you would come out on top. In this new path you are taking, may you continue to pursue your goals with compassion and integrity. During your high school years, you have learned a lot of lessons in sports and in the classroom. Take the good in each and excel. May your heart be filled with joy and may you always be surrounded by good friends. Know that we are proud of you and so thankful you are part of our family. We will always be there for you and with you.  
Love, Lane, Mom and Dad

# BRADY KUECH

## One Tin Soldier

Listen children to a story written long ago 'bout a kingdom on a mountain and the valley folk below. One mountain was a treasure buried deep beneath a stone, and the valley people swore they'd have it for their own.

Go ahead and hate your neighbor, go ahead and cheat a friend. Do it in the name of heaven, justify it in the end. There won't be any trumpets blowin' come the judgment day on the bloody morning after one tin soldier rides away.

Now the valley cried with anger; mount your horses, draw your sword, and they killed the mountain people, so they won their just reward. Now they stood beside the treasure mountain, dark and red, turned the stone and looked beneath it. "Peace on earth" was all it said.

The Middle One  
Two roads diverged in a wood,  
and I -- I took the one less  
traveled by, And that made all  
the difference.

*Robert Frost (1874-1963)*

~Since you tried to enter this world feet first you have been paddling your way around doing the unconventional: donating your long hair, dressing in drag, drawing ink designs on your arms... Whatever you do or where-ever you go your family supports you.

All the best, Love Mom & Dad

Joanna, watching you grow has brought more joy than words. From cooing to car keys, you've kept us on our toes. From diapers to deadlines, from formula to forgiveness, you've emerged a parent's pride.

Fill your heart and mind with God's Word.

Fill your life with special people.

Fill your mind with all you can learn.

Celebrate your goodness.

You exemplify caring, sharing, giving and forgiving.

# JOHNNY LEGASPI

Johnny, From the day you were born you were loved and special to us. You were the best birthday present Daddy could possibly get. You are our favorite big son! Ever since you were little you have been friendly and outgoing to everyone. Remember, when you were four, getting lost at Sears in the Maine Mall? We finally found you at the Security Office. We'll never forget "Look, they're nice, they gave me candy." You have grown from the happy outgoing little boy, who got stuck in the weirdest places like the dog's water dish, to a friendly young man. You have also grown from Jenny's pesky little brother, sticking your head in her classroom, "Hi Jenny!" to Michael's big brother "JoJo" who teaches him lots of things. Your life has been shaped by your family and all the people you have met thus far in your life's journey. Continue to be a friend to many, true to yourself and as Grandpa once said "Roll with the waves" when the going gets tough. We are very proud of the person that you have become and we know you have a wonderful, successful life ahead of you.

Love ya whole bunch! Mom, Dad, and your family.

# NICOLE MUNDY

Congratulations!  
Mom, Dad and Joel

# DAN AUDESSE

You are a rare character!

Bones-

You've been such a great guy to watch grow up. Always curious and interested, with a quick wit and piercing intelligence. Perhaps most important of all, you are warm and considerate, presenting the world with a smile. Daredevil feats (c'mon Kean-this'll be great!), broken limbs, flat tires (Laser-RIP), Italy, Ireland, France (sheep barbecue??)...these are the times to remember. You're a wonderful son and we are so proud of you. Thanks for the exciting ride over the last 18 years!

Love, Mom and Dad

# AMANDA BRADSTREET

Our love for you

Dear Amanda Kate,

Our "LOVE" for you is like a beacon of light shining from a lighthouse-always bright, always strong and always constant. It offers guidance, direction, and a safe harbor...a place called "home".

May your life be like a ship on an adventure, seeking new possibilities in every port. Know that you can reach any of these destinations; with goals, knowledge, and determination. Remember that your ship can always bring you back to that one familiar beacon of light-your "harbor".

Wherever you go, whatever you do; may your life be filled with laughter and surrounded with love.

WE LOVE YOU, PRECIOUS!

Mom and Dad

# AMANDA BRADSTREET

Dear Amanda,

You have brought confidence and joy into my life. You were always there when I needed guidance and support. You always knew what to do because you had been thought before.

I remember the warm winter days when we jumped around the fluffy snow, like there was no tomorrow. The sun shone on our faces with warmth and security, letting us know that there would be a tomorrow-just like today.

I thank you for all of those times, for all the love and care you gave me. You'll never know how much you mean to me. I hope you live life, and live it well. Try hard in everything you do, and you will make it to the top. I love you,

Evan

# DANIEL EASTWOOD

Always remember that we only get obstacles in life that we can handle. Every experience is a learning tool and gives us strength. I believe you can reach any goal and I will always stand by your side to support you and will be proud to be there.

I love you! Mom

# KELLY CLOUGH

## A Message To Our Daughter

Don't undermine your worth by comparing yourself with others. It is because we are different that each of us is special.

Don't set your goals by what other people deem important. Only you know what is best for you.

Don't take for granted the things closest to your heart. Cling to them as you would your life, for without them life is meaningless.

Don't let your life slip through your fingers by living in the past or for the future. By living your life one day at a time, you live all the days of your life.

Don't give up when you still have something to give. Nothing is really over until the moment you stop trying.

Don't be afraid to admit that you are less than perfect. It is this fragile thread that binds us to each other.

Don't be afraid to encounter risks. It is by taking chances that we learn to be brave.

Don't shut love out of your life by saying it's impossible to find. The quickest way to receive love is to give love.

The fastest way to lose love is to hold it too tightly; and the best way to keep love is to give it wings.

Don't dismiss your dreams. To be without dreams is to be without hope; to be without hope is to be without purpose.

Don't run through life so fast that you forget not only where you've been, but also where you're going. Life is not a race, but a journey to be savored each step of the way.

Kelly, Dad and I were blessed with a beautiful daughter 18 years ago. We have cherished every moment of watching you grow into a fine young woman you are today. Thank you honey, for making us two very proud parents. We love you!

# JOEY PASTORE

You were six months old and full of fun,  
With a blink of our eyes, you were suddenly one.  
There were so many things we were going to do,  
But we turned our heads and you turned two.  
At two you were so dependent on us,  
But independence took over when you turned three.  
Your third birthday, another year we tried to ignore,  
But when we lit the candles there weren't three, but four.  
Four was the year that you really strived.  
Why, look at you now, you're already five.  
Now you are ready for books and for rules.  
This is the year that you go to school.  
The big day came, you were anxious to go.  
We walked to the bus, going oh, so slow.  
As you climbed aboard and waved goodbye,  
We felt a lump in our throats and tears stung our eyes.  
Time goes so fast, it's hard to believe  
That just yesterday you were home with us.  
And tomorrow when the bus brings you home  
and jump to the ground,  
You'll be wearing your cap and graduation gown.  
So we're holding these moments as fast as we can,  
Because the next time we look, we'll be seeing a man,

Joey, that day is finally here and we cannot tell you  
enough how proud we are of you. You have accomplished so much and fulfilled our dreams, may you  
follow yours now wherever they lead.

We love you Always, Mom, Pop and Mandi

When you race for your dream, you race with your heart.  
When you find that that dream is much more than you thought  
It becomes a reality that grows in your heart,  
Joey, Race for that dream and never look back  
It's closer than you think and well within your reach.

# JESSICA BLANCHARD

Peanut,

I could fill this entire yearbook and more talking about how proud I am of you. You are such a loving, caring, beautiful young lady. You have brought so much joy to my life, as well as those around you. I have always told you that my life began the day that you were born, that remains true to this day. The bond we have and the closeness we share will never fade. We have been blessed with some incredibly special times. We also have had our share of trials, and you always stayed strong in your faith and looked to the future with trust and certainty. My prayer for you is to see all of your dreams come true. Wherever you go, whatever you do always remain true to yourself, and remember who you are. God has leant you to me, and guided me for the past 17 years as your Mom, there is no other blessing greater than that of being your mother. Today and forever more. You are my sunshine. I believe in you and love you, Mom. KMK, AT and AB. Thanks for being true friends to my Jess. You three will always have a special place in my heart.

## JESSICA BLANCHARD

### A WONDERFUL PRESENT

Jess...

Knowing you is like opening a wonderful present-full of surprises, joy and laughter. God has given us the privilege of watching you grow from a happy little girl with a magical sparkle in her eye to a beautiful, confident woman. We are so proud of all you have become-smart, funny, creative and above all, someone who loves and serves the Lord. Our prayer for you is that God will bless and guide you in all that you do. Stay faithful to him and He will fill your life purpose, happiness and peace. We could not love you more if you were our own child. Thanks for sharing your life with us. We are here for you always. All our love, Stef and Scott-o

Jess-A, It is always fun with you. I Love you!!! Sophie

## JESSICA BLANCHARD

Remember....It's all  
in the presentation!  
You did good!

Love, Dadda

## JESSICA BLANCHARD

Jessie,

It seems like yesterday when we would measure your height to see if you were tall enough to ride the Thunderbolt at Riverside. Do you remember the days of hot potato? We've had a lot of fun and laughs, times I'll always cherish. You've grown into a young lady who will always have a special place in my heart. In your last year of high school enjoy every moment and look forward to the future. Don't be afraid to believe in yourself and take chances. Think of life as one huge roller coaster, while it may have a lot of twists and turns, you will always smile in the end. I'm very proud of you and will always be there for support.

Love, Uncle Steve

C o n g r a t u l a t i o n s !

# KATELYN WOOD

I have written many poems in my life  
But this was definitely the hardest  
So many years of laughter, love and tears  
Too many words to express

You were my firstborn child  
Arriving appropriately on Mother's Day  
You were so incredibly amazing  
Perfect in every way

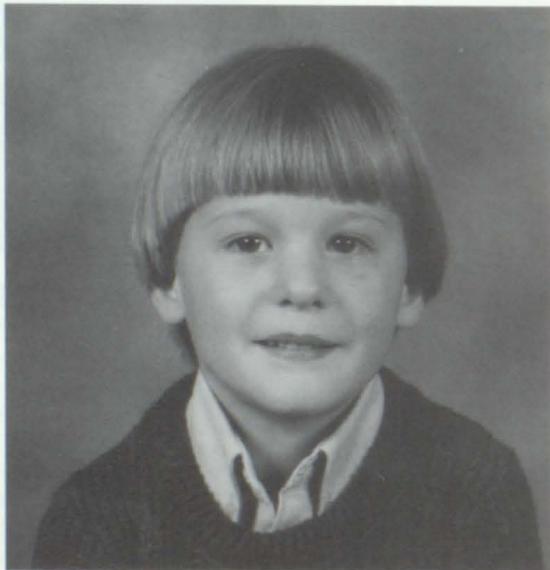

Your kindness, cheerfulness and smile  
Always brightens any day up  
And no matter what life throws you  
That incredible sparkle never stops

And of coarse you know the special times  
You make me oh so proud  
Is hearing that beautiful voice of yours  
When I'm standing in a crowd

Now your years at high school  
Are coming to an end  
Off to college you will go  
I will miss you, daughter and friend

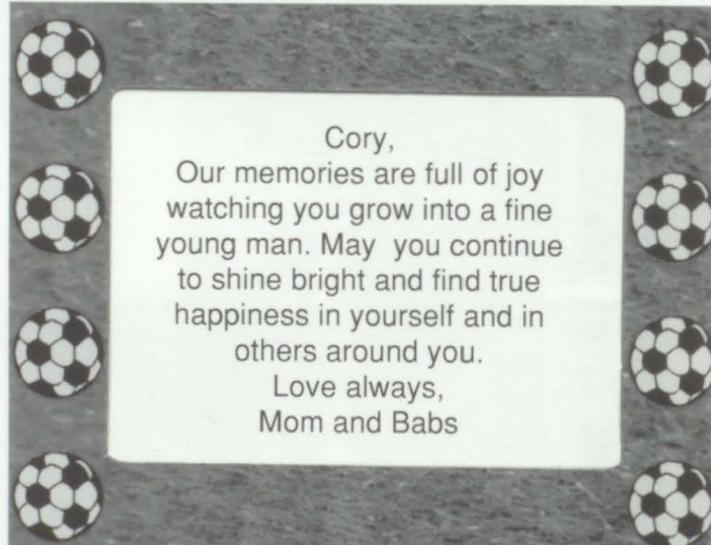

But looking back at my struggle  
To be the perfect Mom  
I obviously did something right  
Just look at the young lady you've become.

# KEAN DUFFEY

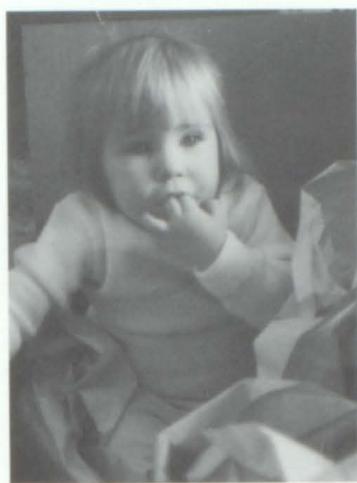

You've amazed us with...  
~the warmth of your heart,  
~the strength of your quiet presence,

# CORY REED

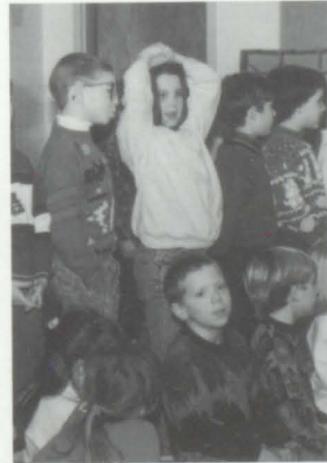

# JESSICA HUGHES

Jess,  
It doesn't even seem possible that 18 years have gone by, and that you are graduating from high school. Looking back, it seems like it was only yesterday that you took your first baby steps, and said your first words, when baby dolls and Barbie dolls were the center of your world! You have grown into a strong and beautiful young woman and we are so very proud of you, and we will always be here for you. One chapter of your life is coming to an end, but another one is opening up and it's filled with endless opportunities. Live each day to the fullest and make every day count. Always be true to yourself, and always know how much you are loved.

Love always, Mom, Dad and Josh
