# 2007 YEARBOOK STAFF

Adviser: Michael Wojtal  
Editors: Jen DeRoy and Andrew Wojtal  
Staff: Abbie Tanguay, Sarah Salas, Hannah Lilly, Adrienne Rosenblatt, Meghan Garrard, Emily Rudolph, Tom Mellone, Jessica Ernest, Ashley Burke, Tammie Arsenault, and a bunch of other screaming yahoos who helped make this book a success.

This year's yearbook committee would like to acknowledge Jamie Kennedy for her technological assistance! THANKS JAMIE!

## EDITORS' NOTE

"Back when I was in high school..." was a phrase often heard by this year's yearbook committee. Although his ramblings were incredibly numerous and long-winded, Wojtal provided an encouraging and fun environment. He helped a little bit, too. Some of us had to keep a calm demeanor for others in the group, but in the end we are proud of the results. We couldn't have done this without the help of our amazing staff. Class of 2007, this is your book! We've put in 12 years of hard work in school, but we've had a lot of fun along the way. We've always been admired for the unity of our class, and we hope that when you look back upon your senior yearbook these bonds remain unbroken. You have given us so much. Class of 2007, this is our way of saying thank you!

Peace and love,

Andrew Wojtal and Jen DeRoy

This year was quite a learning experience for all of us on the yearbook committee as we produced this remembrance completely online for the very first time. I had a wonderful time working with this great group of dedicated students. They worked long and hard to bring home this history of your time at GHS. I hope you enjoy it in the years to come.

Michael Wojtal, Advisor

## Ms. Stacy Mulrey

## Ms. Stacey Mulrey

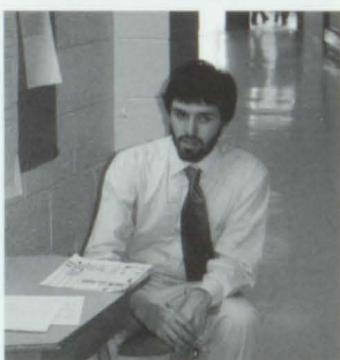

This year's yearbook is proudly dedicated to someone of great character, and great class, Ms. Stacey Mulrey. Ms. Mulrey started teaching at Gorham High School in 2000, and is known as one of those teachers that everyone wants to have. As a biology teacher, she faces the challenge of turning what everyone thinks to be a textbook class, into something that kids love to learn about. Not only does she do this, but she does it with class, as she brings a certain brightness into the school. Students learn key concepts like how to dissect crayfish and frogs, but they also learn life concepts, like how to always have fun while learning at the same time. Her classroom is one where knowledge is given freely and also a place where comfort is a staple. You can always find some of Ms. Mulrey's students kicking back in her class after school, just talking about life and having a good time because that's the kind of person she is. Although she is an avid Redsox fan, even the Yankee fans seem to like her.

If you can't find her in her classroom teaching, you can find her doing the other thing she loves to do, coaching the GHS Girl's Lacrosse team. Besides caring for the students in her classes, and her players on the field, Ms. Mulrey prides herself in her family, as she enjoys the company of her husband and two sons. It may seem hard to juggle family, but she does it like a pro. The Senior class of 2007 is proud to dedicate this year's *Schola* to the very deserving

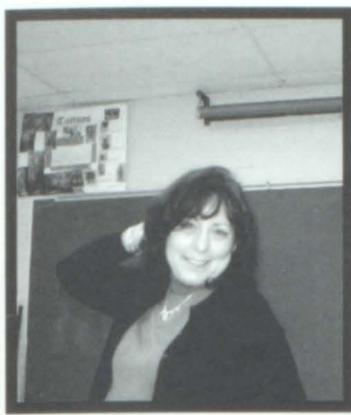

Stacey Mulrey.

# GOOD LUCK MRS. DURGIN! WE WILL MISS YOU DEARLY

The new Phys. Ed. Teacher at Telstar High School in 1976 had quite a reputation. She was young, full of energy, had a passion for what she was teaching and held all students to the same high standards. 30 years later, Mrs. Durgin has not changed a bit! She is still always full of energy, expects her students to meet those same high standards and start every section of health class by saying "This is the most important class you will have in high school". Her level of professionalism is modeled everyday, right down to the lab coat on egg baby delivery day! BUT...there are some things about Mrs. Durgin you probably don't know that before she retires should ask her about, as these are the pieces of this teacher that truly make her who she is.

For example, did you know Mrs. Durgin:

-is the oldest of 4 Dombrowski children?

-is the daughter of an All American football player?

-has taught at Mexico, Telstar, Fryeburg and Gorham Schools?

-worked as a bank teller in Nashua?

-eats tomatoes everyday she can?

-rode the Tower of Terror during a tornado watch?

-coached cheering, field hockey, track and softball?

-directed the 1-Act play in Fryeburg?

-has coached State Championship in Track and Field Hockey?

-proudest moments lie in watching her beautiful daughters Alicia and Jennifer grow up?

-loves snowmen

-vacations at Vistana in Florida?

-loves fudge?

-has taught health, PE, biology, chemistry, physics, math and earth, space science

-taught and/or coached her sister, 2 daughters, 2 nieces and a nephew?

-had Mr. Myers for a student?

-loves to read?

-graduated from Plymouth State College?

-has taught with her husband, mother and her daughter?

-has been a class advisor, student council advisor and a yearbook advisor?

-prefers silver?

-loves to have freshly cut flowers throughout her house all summer?

So, with all these new learnings about Mrs. Durgin, perhaps she should stay a few more years!!

Thank you, Ellen Durgin, for modeling professionalism, integrity and high standards everyday. You have left an impression not only on the thousands of students you have taught, but the hundreds of peers you have taught beside. Many families have you to thank for the interesting dinner conversations that have opened up communications on difficult issues. Enjoy the next chapter in your life. Relax, put your feet up and, most importantly, stay warm!! Not a doubt you will still be on the sidelines cheering student athletes to victory when the fall comes along.

# Advisor's Message

*To the Class of 2007:*

I moved to Gorham when you were in eighth grade. You joined me at the high school the following year, the last class to graduate from Shaw Junior High. You were not going to experience the new "middle school" opening the following fall for your younger siblings; you were not getting the laptops the class of 2008 was getting, and you were going to be the first class at Gorham High School to have to pass "gates" (assessments) as well as your classes in order to graduate.

It was the fall of 2003, and I didn't know you or Gorham very well then.

Four years and thousands of interactions later, I know you a little better now, I have listened to your reactions to books and assignments in class, read your essays and stories at home, responded to your ideas and issues in meetings, cheered for and hugged you in Class B and Class A on fields and in gyms, clapped, laughed and cried with you as you sang, danced and performed in the MPAC, took away your earphones and ipods in class and your cell phones in the hallways, dressed like you on occasion, commented on your choice of camisole or t-shirt on occasion, laughed at your really bad jokes while you winced at mine, told you *no* you cannot do any extra credit or go out to the parking lot and move your car so it doesn't get towed, said *yes* you can (may?) go to the bathroom, especially on block days, and, finally, said *maybe* when you asked me to make chocolate *chunk* cookies for you.

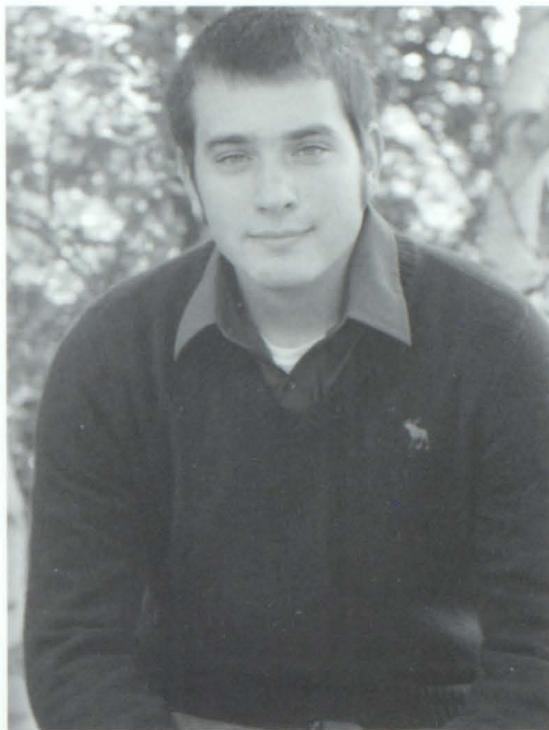

Through it all, you have been engaged and involved, and though you may not be aware of it, you have grown and are ready to meet new challenges and face new obstacles, with your characteristic blend of humor, grit and integrity. I am better for having known you; Gorham High School is better for your time spent here. Now go and share yourselves with the world.

Best,  
Ms. Zarrilli

# Senior Class History 2007

"Know what's weird? Day by day, nothing seems to change, but pretty soon... everything's different."

-Calvin of Calvin and Hobbes

This is it, the finale, thirteen years of education behind each and every one of us; we entered quietly, and yet we now exit with a crescendo, trumpeting forth our glorious successes borne of impossible dreams. We have been through it all, and now we emerge stronger for it.

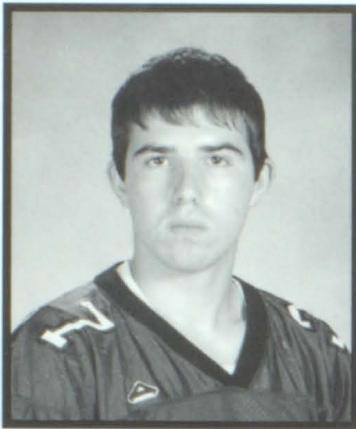

Let us recall the remarkable odds stacked against us, for it was no easy road which led us here. In eighth grade, we were simultaneously handed every possible difficulty, and yet even those seemingly insurmountable obstacles were not able to deter us. I rest assured that the memory of Shaw Middle School still prevails in all of our minds, a forgotten land of scholasticism into which one might enter and never again emerge, literally. We sat at our desks as teachers whispered of the new middle school that was to come, forever solidifying our class's honor of being the last group of students to survive Shaw, even as the class below us received their new personal lap tops, gleaming all too brightly in their shiny new school. Perhaps then it was with a spirit of recompense that our educators again allowed notoriety to fall upon our class, this time in the form of those often imitated, yet never duplicated, Maine Learning Results. There really isn't another feeling in the world comparable to taking a test and knowing that whether or not you will be allowed to graduate high school, regardless of whatever grades you might earn, rests solely on your ability to identify the longitude and latitude of an obscure city in India.

Naturally, this was followed with a new SAT, for it was only appropriate, after decades without change, that the test should be revolutionized just in time for our class to take it.

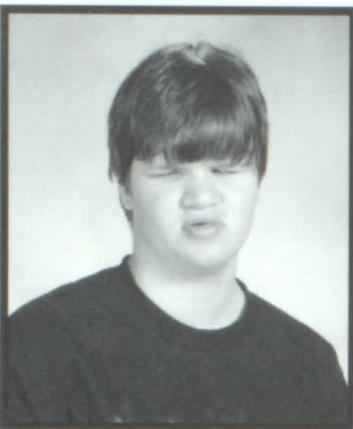

Still, we have persevered, and our graduation from this school, the fourth and final one we share together, will undoubtedly be our greatest. With the challenges of the past behind us, we march on into the future, one that each of us is more than capable of changing. Fear naturally accompanies growth, but through this I know we shall all prosper. Wherever we may travel next year, whatever our endeavors may be, I am confident, in no uncertain terms, that the world rests in good hands.

Wow, we finally made it! We are all on our way to new and better things. If there's anything that I have truly learned throughout these 4 years of high school it is to simply love life and be yourself. To love every day, every moment and every second of just being you. To love yourself, each other and everything around you. To cherish every moment of it because once its gone you can't have it back. Mom & Dad thanks for everything! Aaron, Aimee, Liz, Carrie, Cindy & TJ, I couldn't ask for better siblings. Roger, I'm so lucky to have you in my life! You are truly a wonderful person. To all my friends at GHS, you have made high school an amazing time and I thank every one of you! It wouldn't be the same without you all. Congrats class of '07! We did it!

Here in this diary, I write you visions of my summer. It was the best I ever had. There were choruses and sing-alongs, and that unspoken feeling of knowing right now is all that matters. All the nights we stayed up talking and listening to 80's songs; quoting lines from all those movies that we love. It still brings a smile to my face. I guess when it comes down to it... Being grown up isn't half as fun as growing up: These are the best days of our lives. The only thing that matters is just following your heart and eventually you'll finally get it right. (The Ataris) Thanks to all my friends who have stuck with me since the beginning, you know who you are. I love you and will never forget you! Thank you to my family for always supporting me. Thank you Gorham! Sian agus go raibh maith agat! (Bye and thanks)

"I can do all things through Christ who strengthens me." Phil4:13! 1st & foremost, I want to thank My Lord & Savior Jesus Christ for getting me to where I am today. Dad, thank you for giving me the motivation I needed to make it through. I love you. Mom, I love you now and always. April, thank you for everything. I love you. Hyl, you will always be in my life. Farah, you never fail to amaze me. J&M, thank you for everything! To my 2nd family, I love you all. Amanda E, you always make me smile. To the rest, T.G, C.M, A.S., C.F, C.P, E.M, A.W, A.W, T.M, B.M, N.G, C.G, &J.S. <3 All of you mean the world to me. Good luck Class of 2007

Thanks to my friends who helped me get through these crazy, fun, scary and confusing times called our High School years. Some of us may have gone our separate ways, but I will never forget any of you. XC girls, pantsoptional forever, love you! BB, you're worth it. I LoveYou <3 I hope the best years of my life have yet to be lived! Peace Out G-Town.

"Reality is merely an illusion, albeit a very persistent one". Albert Einstein. Whether reality is an illusion or not, I don't know. Yet, I do know what we consider to be reality, and that we have to get up and face it everyday. All of us have control over our lives and the way we see it, and no one can create that vision for us. As I leave GHS, I broaden my search for my reality, and what I want out of it. I value everyone who has been with me throughout my journey thus far; my friends, family, and mentors. You have taught me to love, have fun, and always question. Without questions, we would all be zombies, and not the cool kind. Thanks for supporting me through all of my weird phases! Peace!

To all my friends, thank you for the great memories. I love you. To my teachers and coaches, thank you. Especially Mr. Caulfield, who taught me that "I can't" wasn't in my vocabulary. Most importantly, my family: Mom & Dad, thank you for loving me unconditionally, supporting me and teaching me. Lizzy - we are fantastical, the world isn't ready for us and Tim - Don't grow up too fast. I love you all. To everyone, thank you! I didn't do this alone. You took a chance on me, and believed in me. With your support, I found the courage & confidence to strive for my every goal. I look forward to celebrating a chance taken and conquering the challenges that are ahead.

Wherever you go, go with all your heart. Mom, you've shaped me into the person I am today. I love you. As I see all the people I've grown up with finally starting their lives, I want to wish you all the best of luck. If you have been a part of my life, I want to thank you for the memories. I'll never forget the good times. Once its over, it's gone and all you have left is a piece of the memory that you can hold on to. Cherish it. It's yours forever. JM- you are the one. I love you.

I would like to thank my mother and father for helping me get this far, also the Hagers the Rands and the Foleys you guys have done so much for me thank you for your love and support. Bucky, Hon Hon, Muff Chii, Uncle, Trav Good Luck! Remember when you see a man at the top of a mountain he didn't fall there ALL DAY!

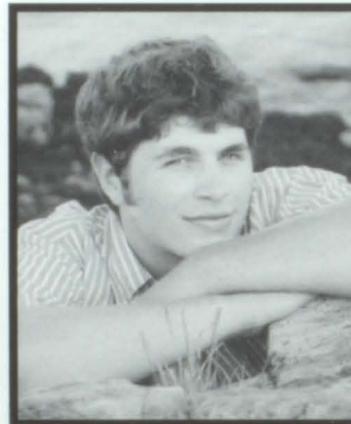

As we grow up we learn that even the one person that wasn't supposed to ever let you down probably will. You will have your heart broken probably more than once + it's harder every time. You'll break hearts too so remember how it felt when yours was broken. You'll fight w/ your best friend. You'll blame a new love for things an old one did. You'll cry because time is passing too fast + you'll eventually lose someone you love. So take too many pictures, laugh too much + love like you've never been hurt because every 60 seconds you spend upset is a minute of happiness you'll never get back. B-trice so many years you have meant the world to me. All the things we have been through have only made us stronger. Oh the memories. Love you. Wow, finally my 4 years are done at good old GHS. Although they have been full of excitement and fun I'm glad to finally be moving on to the real world. Thank you all.

"And so we talked all night about the rest of our lives. Where we're gonna be when we turn 25. I keep thinking times will never change. Keep on thinking things will always be the same. But when we leave this year we won't be coming back. No more hanging out cause we're on a different track. And if you got something that you need to say. You better say it right now cause you don't have another day. Cause we're moving on and we can't slow down. These memories are playing like a film without sound."

I'm only this far and tomorrow leads my way

To bigger and better 07- Good Luck!

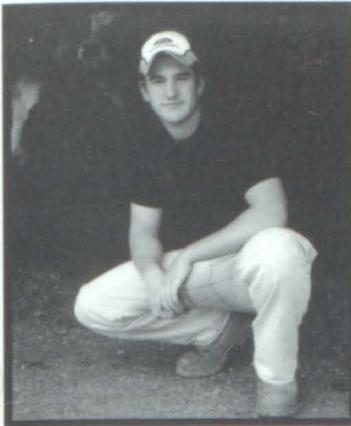

As Gandhi once said, "In the attitude of silence the soul finds the path in a clearer light, and what is elusive and deceptive resolves itself into crystal clearness. Our life is a long and arduous quest after Truth." I can't believe that high school is already over.

Pappy, Mom, and Zain: You mean the world to me. Jamie, you've been through it all with me, from bad makeovers to laughing uncontrollably at inappropriate times, and I couldn't have asked for a better friend. Martina, we've had so many good times and I hope for more to come. Katie F, you always manage to put a smile on my face. Hilary and Krista, high school would not have been nearly as exciting without you both! I hope for the best for the class of '07, and thank you all for everything!

Never in my years have I seen any group of people connect like the class of 2007. This message goes out to all those that I have known and to all those who have known me; to the soccer team that always fought All Day, to the nights of T.D.K. that will never die, to the vaulting crew, to those who sat with me on random nights talking about everything and anything, or the nights when we would gaze at the stars w/o a care in the world, to the times in Rangeley, running through the night, breakfast at Great Life, sledding, movie nights, grape juice, trains, H2 nights, wood-pine, to all the guys & girls that I love, and to the best family that others can only wish for. These times in our lives are unforgettable!

I'd like to start off by thanking my parents for being there every step of the way and helping me to excel to be the person I am today; I am truly thankful for it. I want to thank all the guys of the ice hockey team that I have had the gift to play with. I hope that you guys all have a wonderful career at Gorham High and a great season to come. I want to thank the people that have been there for me whenever I needed it, AD TL DM TM SO MH EM KP LD CD, I am blessed to have friends like you to share all the amazing experiences that high school has brought to me. You guys are more than I could have asked for as friends and I'll miss you guys so much. These have been the best four years of my life and I will never forget any of it. Thank you.

These are the years that we have spent & this is what they represent. 'Don't let your life pass you by/Weep not for the memories. Was it worth all the sweat dear? Worth it you bet!' GHS, great 17 years. 'Time changes everything - yet you still raise me up to more than I can be.' Love to my BFF MoRo: 'together we'll be the greatest team there's ever been.' Scremily, my truest friend. 'Dance, nothing left for me to do but dance' SKAM- you mean more to me than life, more than I can say in words. Centre- you have made me who I am today. I can't remember life without you- I hope I never will. Thank you from the bottom of my heart. 'In my life I love you more.' Mom & Dad, my best friends. Thank you for always being there. I love you. Wow, these past 4 years went by too fast, and I could not have asked to spend them with better people. Thanks to all my friends, teachers, and parents for putting up with me over these wonderful years. It's because of all of you that my high school experience was so great. I can only hope that I managed to give something back. Best of luck to the class of 2007.

I may not leave a legacy behind at Gorham High School; the best I can do is leave behind some words of wisdom. Abraham Lincoln said it best: "And in the end, it's not the years in your life that count. It's the life in your years." I wish all of Gorham High School's class of 2007 the best of luck in life. Live with no regrets.

My high school career has been an interesting one, with some expected and many unexpected moments. The key to breaking through lies within the unexpected moments and your ability to deal with them. Staying focused on the prize and staying in control is the only way to win. For twelve years we've played by their rules and now the gig is up. I believe my friend Bob put it best when he said "Let's get together and feel alright."

Charlotte Smith

"The more I want to get something done, the less I think of it as work." I can't imagine these four years without my family. I love you all so much. Mom, for always pushing me to get my work done and in on time. Dad, for always keeping me in line and reminding me what is most important. Frankie, for being hilarious and making me laugh. Jenna, I can't believe we did it. Thanks for always being there whenever I needed you. We have too many memories to mention. Andrew, thank you for staying with me, you have no idea how much it means. Wish me luck.

Gunner Smith

True to form, I write this at the last possible moment. It wouldn't be right any other way. Thanks to my parents for the infinite guidance I've shrugged off but always remembered and to my little sisters for being hilarious; I love you all. To all the lads who made this what it was: a riot. TDK, Halo nights, FFF's, Midnight Footballers, Rangely, we've had some incredible nights. It wouldn't have been the same without you guys. CM, KP, JB, JW, PVK and DH. And I can't forget: love to my clown, 'til the end, Chels. Lastly, praise is not necessary; I know how amazing I am.

Go now you are forgiven. Go.

Fallon Solari

There's no time to cry for today, because tomorrow is right around the corner. How do I say goodbye to all the people that have shaped my life? A special thanks to my parents for being there in all my times of doubt. My wonderful boyfriend Colby I <3 you so much, I don't know what I would do without you in my life. To my bestest friends Violet, Lily and Katie, we have had so many fun times that I wouldn't trade for all the gold at the end of the rainbow. Leah, Amanda, Brietta and Lauren, you guys are the kindling to my fire. For Gackt's Girl Crew, for the SD factory, to Colby's dad being Zeus, to Hobo Isle, to the Element, to Captain Planet, for the Chubby Chicks, and all the stuff in between. Watch out world here I come!

Shawn Speed

Mom and Dad, I thank you for pushing me through the school year and helping me to achieve my greatest goal, graduation. You will be greatly missed when I move on to college. Nicole just stick with it and hang in there. I will miss you even more when I start my new life in college. E.H. man, many good times and hopefully more are to come. D.C. it's been a long road since fourth grade and it's been fun, but as we grow so does our friendship. Thank God it's over! It's been a bumpy ride & I'm excited to finally move on. Along the way I've made many mistakes, but they've shaped me into who I am today. I also owe a lot of who I am to the world's greatest people, my friends: Emily- I am so blessed to have you as my friend. I can't begin to express how lucky I feel to have had you by my side through everything. You are a sister to me & I could not imagine it any other way. Thank you. Kristen -As I'm writing this we are not on good terms, but by now I hope that's changed. Regardless, we've had an amazing year. The memories we've shared and the lessons we've learned are unforgettable:) "M+D"-Congrats on your dream come true: I'm gone. To those I didn't mention, I <3 u all. "Adios Muchachos..." and GOOD LUCK=)

Well, I'd like to thank my family for everything they do for me. They're the biggest reason I turned out to be such an awesome guy.

And to all my friends that I have spent time with throughout HS, there have been some great times.

I'll go with a Mohammad Ali quote here: "A man who views the world the same at fifty as he did at twenty has wasted thirty years of his life." Hopefully, down the road, I'll view the world differently than I do now.

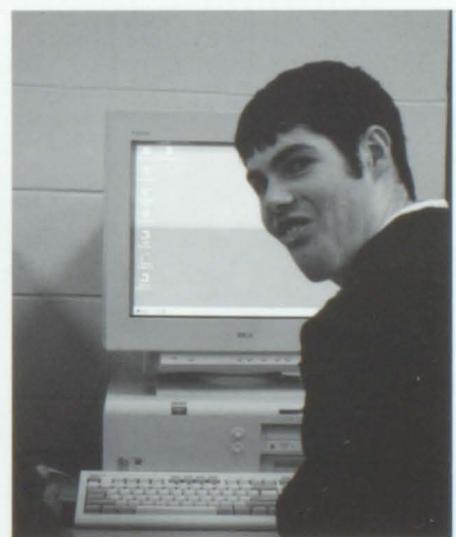

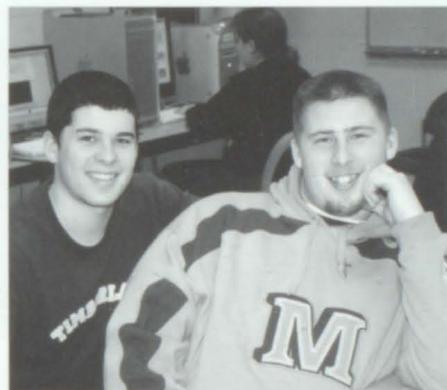

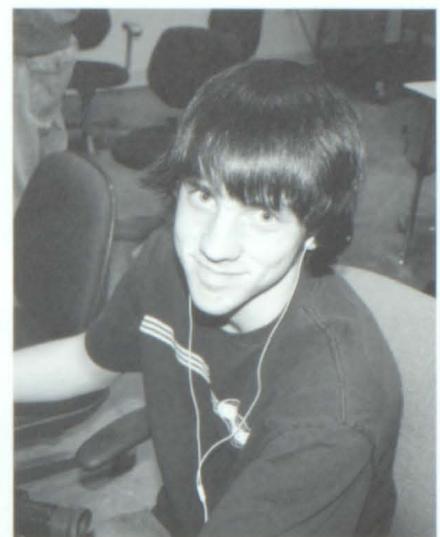

Andrew Wojtal

"Every moral has a story, every hand needs a glove, sometimes it's for the glory, but mostly it's for the love. People tell me keep on dreamin', that's just what I'm gonna do" -Amos Lee

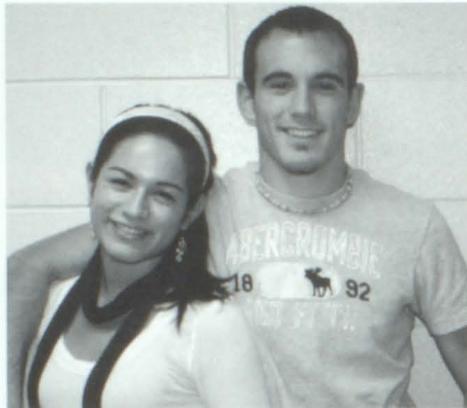

To my friends I would say - you could probably write this better than I could; thanks for paying attention. To the studio I would say - you have provided me a haven, and let me flourish. To my sister I would say - you have taught me more life lessons than my brain has room for. To my dad I would say - If I can reach a third of the people you have, I would count myself one of the greatest minds. To the bomb! (my mom) I would say - you are the most beautifully poised woman I have ever known. To the world I would repeat the words - I Think I can I Think I can I Think I can. And to Life I would say... peace and love, I'll keep on dancing.

Soccer is all that many of us knew, and it showed throughout the season with our 14-1-1 record. Some said that it was the team's business like ethics that set us above the other teams, however, we knew that it was the close bonds within the team that carried us through the season. It was a great year.

This season was definitely one to remember. We entered with high hopes. We were predicted to be a very good team and win states. We won key games early, and our hopes got even higher. As the season came to an end with a 0 in the loss column, we started preparing for our toughest playoff schedule yet. Finishing the season 13-0-1, we earned the number one spot and a home playoff game. We beat South Portland in the quarter finals, Cheverus in the semi-finals, and our rivals Scarborough in the Western Maine Finals. Once again we were on our way to states. With a goal late in the game, we beat Mt. Ararat to be state champions once again. We have created a dynasty.

The Gorham Field Hockey team had a remarkable season this year, ending with a 16-2 record and taking home the Western Maine Championship! After beating Windham in the quarterfinals, Gorham avenged their only regular season loss, crushing Bonny Eagle for the first time in Class A. The Rams continued to defeat Sanford in a thrilling Regional upset, before scoring three goals on a Skowhegan team in the State Championship, who had only allowed three goals all season. The team was extremely close and the seniors want to thank their teammates for four memorable years and an unforgettable senior season. REMEMBER THE NAME!

Despite losing five of their first six games, this year's boys' basketball team ended the season an indisputable success. Following that disappointing stretch, the team came together for a memorable run in which it would win seven of its next eight games, including victories over legitimate contenders Bonny Eagle and South Portland. Led by the scoring of eventual league MVP Andrew Dean and employing a methodical tempo anchored by their stifling team defense, Gorham finished seventh overall in the regular season with a record of eleven wins and nine losses. Making the tournament for the twenty-seventh consecutive time, the boys defeated Scarborough in their first round match-up before eventually falling to the number two seed, Cheverus High School.

This means faster, higher, stronger. It was our goal this season to improve each meet and become better than we were the meet before. The end result of this hard work was a conference championship and a state runner-up. A successful season had by all.

To your friends you are "Charlotte", to Mommy you are "Miss Charlotte", to Daddy and Frankie you are "Chy". Over the years you have become your own person. You are strong-willed and passionate about what you believe in. You protect your brother no matter what. You don't like bullies and willingly put yourself "out there" to defend others who cannot defend themselves. You believe in God and Jesus, and for years I thought you were singing yourself to sleep. I later discovered you were praying for your brother and your family. We've had some rough years, yelling, crying, and many, many long talks. You have always kept the communication open with us; your honesty has given us our fair share of gray hairs. It was all worth it, when Daddy and I look at you, we are so proud of who you have become. You have matured into a caring, loving and generous young lady. You are sweet to the elderly, playful and caring to the young, and a friend and daughter to your parents. What more could a parent hope for? We are so proud of who you are, we are excited and a little scared about what your future holds. Enjoy these young years, discover what makes you happy and make it your career. Do not compromise your beliefs. We love you too much my Sweet Pea. Peace out!!!

Love, Mommy & Daddy

Hey big shot you're going off to college now. Not saying I'm not going to miss you, but I'll manage, just have fun and I'll be seeing you! (you better sleep with one eye open if you know what's good for you)

Mad love,  
Frankie

Jeff,

Where has the time gone? I miss the days of taking you to school and picking you up. It was a special time for me because you'd tell me how your day went in school and Dad felt the same picking you up from practices. Now you drive yourself and you're getting ready to graduate H.S. So now it's time to cut the strings and let you go and as hard as that will be I know that you will succeed at whatever you do in life. You are mine and Dad's football hero. We are so very proud of you and we just want the best for you in life.

Much Love and Success Mitts,

# Daniel James Hager

You came into this world fast and furious, complete with a black eye. You've grown from a quiet and shy child to a charming and witty young man. You're the only Mainer among us, yessir, Bob Marley gets his jokes from you and Foley.

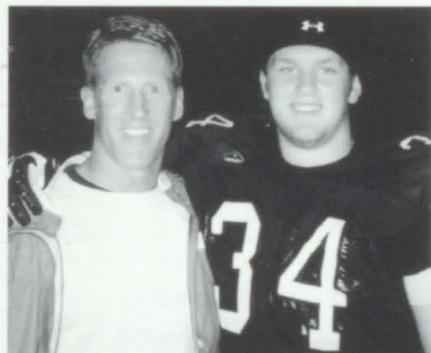

You've grown up with the best group of friends anyone could ask for. From being the Ice Man in Gorham Rec, to the Portland Pacers, from Duke basketball camp to Young Life camp, from Yankee Stadium to Camden Yards, from Disney World to Hooters, you've brought miles of smiles and fun everywhere you've been.

You've had many great influences along the way, from Mr. C in third grade, to Coach K and Wojo, to your uncle Scott and the Foley's. They have all taught you some values in life.

You have made us all proud watching you grow. From GYSA and Ed's Batteries, from Rec to Travel basketball, from the Grizzlies to the Rams, from AAU to high school, from raising salmon to Model UN, you've done them all. And, Footloose will never be the same since Bickle took the stage.

Here's to the Class of 2007. And remember, no, not a half day, ALL DAY BABY!

## Alexander Houle

Alexander,

I can't believe it's time for you to graduate high school! The last eighteen years have passed much too quickly for me. You're starting your life outside of school and I know you will be successful. You can do anything you put your mind to. I am very proud of the young man you've become, but you'll always be my baby. I'm so lucky to have you as my son. I love you.

## Erikka Lewis

Our Dearest Erikka,

We're so inspired by how much you have already accomplished in life. We've loved watching you grow from the uninhibited little dancer to the naturally beautiful, enthusiastic world traveler. There will be such a void in our home when you leave for school in the fall. We will miss your morning greetings, clever insight and silly sense of humor. You're certainly our greatest success and with all of the talents you possess, we know you will be quite successful in whatever you choose to do in life.

Forever 'tached,  
Mom, Dad, James & Apo

## Jacqui Lara

Remember "when you get the choice to sit it out or dance...DANCE!"

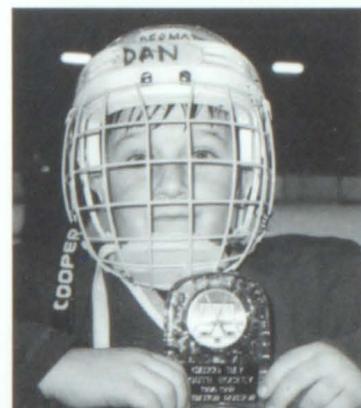

All Our Love,

# Daniel McDermott

Dan, Congratulations. It's hard to believe that eighteen years have passed since we first looked into your bright blue eyes. We have enjoyed every moment with you. You've given us a lifetime of fun, happiness, laughter and pride. Each memory has been a treasure. We love you for being you...the caring, sensitive young man with the big smile. We set the bar high for a reason, because we knew that you would climb over it. Never give up on your dreams. No matter where you go, what you do or whether you succeed or fail, we will be there to love and support you. Go enjoy life. Live a little, laugh a little, and love a lot. Spread your wings and fly. We are so very proud to call you our son.

Love,

Jenna,

We are so very proud of the person you've become.

You're a beautiful person inside and out. Mom still remembers you dropping her off at work after you got your driver's license. She thought "Where has the time gone?" and now you'll be graduating! We'll never forget how Mom, Dad, Nana, Margaret, and Sis waited with you to watch for the bus your first day of school.

We don't have to tell you how special you are to Mom, Dad, Justin, and your other relatives because you already know that.

This chapter of your life is coming to a close and soon you will be leaving to begin the next part of your journey. I send you with every good wish I can possibly imagine! I am so proud of you! You are smart and responsible (most of the time) and confident. You have a mind of your own, you always have. You have a wonderful sense of adventure (Montreal 6/2/06 - You go girl!) Always be mindful that every day there are opportunities to learn and grow. Emily, I am sorry for all the loss you have suffered and for the many struggles you have faced. Life is full of challenges and it's really hard sometimes. Take it all head on. Remember that forgiveness is more for the forgiver than for the forgiven and there is a wonderful peace that comes with letting go. God is there for you and He does answer prayers even if the answer isn't always what you had hoped for. I am so thankful for you. I know our relationship has been stormy at times - part of the intensity and complexity of that mysterious mother-daughter thing. I believe we have both grown through this process. I know that I am a better person because of you. Always and forever...I love talking with you and laughing with you...just being with you. You will always be my Muffin and I love you so, so much! -Mom

Love, Mom & Steve

Chris, I can't begin to describe what you have meant to me during the past 17 years. I never could have dreamed having a son like you, better than I ever have hoped for and I am very, very proud of you because of who you are. I have a tremendous amount of faith in you and know you will do well in the future. Take care and enjoy what lies ahead, it will be more fun than you can imagine.

# Katie Flaherty

In a blink of my eye the last 18 years are gone - far too fast. We've watched as you've gone through many changes - from tap dance to ice hockey, baggy t-shirts to fitted tanktops, the Little Mermaid to the Gilmore Girls, and a sparkly pink bike to a black Dodge PU. Although the journey to through your youth was full of surprises it is no surprise the person you've become. An intelligent, sensitive, talented, beautiful young woman I am so proud to say 'that's my daughter'. Aim high and shoot for the stars. Dreams can get cloudy as life gets busy. Never loose sight of them. I know you can accomplish anything your heart desires. May God bless you and keep you safe as you close this chapter of your life and begin the next. I/We Love you very much!!!

Katie, I am so proud of you. You have become an amazing, young woman & I am so thankful that I am your big sister. Your future is a bright one, don't ever give up on your dreams. Always remember, I'm only a phone call away. Congratulations & I love you,  
Melissa.

Hugs & kisses for their favorite Auntie from....Owen & Sullivan

When Katie was born and until she was about 2 1/2, she didn't talk much. We were a little concerned and worried. But, soon after she started watching Disney movies, it was all over; she would sing and recite all the songs and words without watching the movie. It was cute and put our minds to rest because she didn't stop talking and singing. Now as a teenager, we have difficulty getting her to talk or reply to a specific question with a direct answer. A very special daughter and special individual has evolved with grown up thoughts and opinions. It seems like just yesterday I was putting her hair in pony tales for daycare and now that I want her to leave her gorgeous hair down she always keeps it up. She has turned into a dynamic person with great diversity from the hockey rink, to guitar, to school plays and school dances. Our Katie never ceases to amaze us!

# Tim Millett

As your parents, these past years have gone by so fast, and we are sure from your perspective, not fast enough! We are proud of the exceptional son, friend and person you have become. What a treat for us to watch your efforts in soccer, lacrosse, and x-country; your accomplishment of obtaining "Eagle"; boarding down Tuckerman's; and listening to your tunes on the flute and now, guitar. Your greatest strengths lie within you, and always use these to guide you through your life. Tim, set your sights high, as you can achieve any goal or dream that you may have. "Finest Kind" is a phrase that comes to mind when our thoughts are of you. Remember, we will always be here for you.

# Chelsea Candage

Chelsea, it is so difficult to fit everything we want to write to you in this space! We love you more than words could ever express. You are a ray of sunshine in our family, brightening every day and warming our hearts. We have watched you grow from a happy baby to a determined toddler. During your pre-school days you were the "Energizer Bunny". During that time we came to realize how important fashion was to you! Elementary school brought out your dramatic style with the school plays and Reindeer Theatre Company. We loved your vibrant, tenacious personality! During middle school you started taking academics very seriously and have never stopped. You have worked so hard for these past four years to set goals and attain them. All of us admire your perseverance and your ability to be yourself. The future holds so many possibilities for you. Now that you have grown into a beautiful young woman we can't wait to see what you accomplish next!

Buddy,

Oh there is so much to say. How did this all happen so fast? It seems like I was just holding my "upside down" baby boy in my arms for the first time. I wondered if I would know how to raise a son, but you led the way and made it so easy. You have brought nothing but joy into our lives and more love than I thought humanly possible. So many memories; Baxter story hour, Gray Animal Farm, pinewood derby, jumping off the deck into the pool, ice skating at Otter Ponds, sliding at Mighty Hill, reading the first 4 Harry Potter books together, biking Back Bay with Jon and his broken bike, rope swinging into the river at camp, boogie boarding at Higgin's Beach, snow boarding at The River, camping, hiking in Acadia, endless sleepovers, and hundreds of soccer and baseball games, backyard campfires, playing crunk ball, mad street hoops, April Anarchy ping pong, guitar hero injuries, "marcia-law", prom, Homecoming King... The list goes on and I wish it didn't have to end, yet I know new memories and dreams await. Time moves on and so must you. I have no doubt you will find your way in this world. You have made me proud in absolutely everything you have ever done and every choice you have ever made. You are a dedicated student, a loyal friend, and a compassionate young man who is always there to help those in need. As you head off to college and this new chapter of your life remember to; Live life by the Golden Rule- always treat others the way you wish to be treated. Work hard and always try your hardest but don't forget to have fun along the way. Don't be afraid to make mistakes - that's how we learn and it's how we make it right that matters, Don't be afraid to fail, Some days you just need to goof off, and never lose your sense of humor. Your laughter is one of my most favorite sounds and you are the only one that can make me laugh when I am mad. Bring with you the courage and dignity that Mr. Bennett taught you and you will never go wrong. Lastly, remember family first and make the best of every opportunity that awaits you. I will miss you terribly. All my love to my boy, Love Mom

Alex, I love the fact that you wore number 9 when you could. 7 Dollars on Thursday for Great Life. You always made me proud. I always loved being part of your teams, I've seen you hit home runs when it matters, but I've never been prouder than when you spoke at Bill's funeral. I'll always be there when you need me. Love you, Dad

YaYa, I can't believe you're going off to college and leaving me here with mom and dad! It's gonna be weird with no one to tease me and make fun of me. Just kidding. I can't believe you won't be there to jump on my bed when I'm trying to go to sleep at night! I'll miss ya. Love, Abby

Alex, We were so proud of you when you were one of four students who spoke at math teacher, Bill Bennett's funeral. Your eulogy added a needed moment of brevity. You captured who Bill was and helped all remember his love of teaching. Papa and I have always been proud of your striving scholastically and athletically. You have always been a very good cousin to Matty. We love you, Grammy and Papa

# Jon Mitchell

Rise and shine, big guy... this is the first day of the rest of your life, and you are ready for the next chapter. Ever since you were little, you had a zest for fun and adventure. We always loved that about you. Whether you were practicing the "spin" on the bowling ball as you sent it down the alley, or returned every fish you caught back into the water, you were always determined and always stayed true to your convictions.

And then in fourth grade, when we moved to Gorham, you found a place for yourself within this exceptional group of classmates with whom you are now graduating.

You grew up to be a compassionate, confident, wonderful young man. The way you look out for your sister, drive her to where she needs to go, and take the time to chat with her about things reveals your "caring-big-brother" side.

We are so proud of you. You have what it takes, Jon, to go out there and make a difference. But before you go... please clean up your room. Love you!

Mom, Dad, and Annie

*Different by Design*

Andrew- you are our shining star, performer extraordinaire, and a lovely human being. We are so blessed to have you as a son. You have navigated some tough challenges in your young life, and you have done it with grace and wisdom beyond your years. As you move forward, life will throw even bigger challenges your way, but we have complete faith in you. Whatever you do in your life, it will reflect who you really are and we will be proud of you. Our love will stay with you wherever you go, whether it is across the country or across the world, or if we are lucky, somewhere within a day's drive of Maine!

# Lindsey Elizabeth Profenno

Lindsey,

How did the time go so fast? We remember you as a tiny baby with big blue eyes and a wisp of fluffy blonde hair on top of a wobbly head. Now we look at you and see a wonderful person who is kind and caring, funny and smart. We have so many wonderful memories of camping and trips to Disneyworld. All of the things you have enjoyed over the years from The Little Mermaid to the Spice Girls, and homecoming, going to football games, playing lacrosse and Prom. Now that you're on your way to college it all seems like it went by too fast. You have made us so proud, studying hard, being responsible and staying true to yourself. We have always believed that healthy birds leave the nest, and now it is your time to soar! We couldn't ever express the depth of our love for you. You should always know that we are your cheering section unconditionally!

# Justin "Jay" Grandmaison

Justin, our little Wispy boy that's not so little anymore!

We remember those steps you took as a 1st grader, walking to the bus stop 11 years ago after moving to Maine; You know you took one step at a time, waited, then you took another step. You're a smart kid!! How did you know that one step at a time is exactly what it takes even as an adult? You make us so proud of all the things that you've accomplished on and off the fields and ice. You're a good student, a great athlete, and most importantly a fine young man.

Graduation from High School is only the beginning; the beginning of a life that we're sure will be filled with challenges, lots of successes, and some disappointments. Always remember one step at a time, something you knew about as a 1st grader, and that your Mom and Dad will always be there for you, waiting to pick you up when you fail, and most importantly there to congratulate you when you succeed.

We love you with all of our hearts. Congratulations Bubba!

Jack,

John Lennon wrote that "life is what happens to you when you are busy making other plans." So much has happened over the last 18 years and so little of it has been planned!

Starting with that snowy New Year's Eve in 1988, you have filled our lives with pride and happiness. Your interests have evolved from Thomas the Tank Engine to the Pinewood Derby to NASCAR to Boy Scouts to the Red Sox to skiing to photography to music to scuba diving to golf to politics. What has never changed is the passion you have devoted to all of these interests. Watching you grow with each new experience has been an enormous source of joy, amazement, and laughter. Despite our nostalgia for your childhood, we look forward to the next chapter in your eclectic life. One of the poems your grandfather liked to share with recent graduates was IF by Ruyard Kipling:

If you can keep your head when all about you  
Are losing theirs and blaming it on you;  
If you can trust yourself when all men doubt you,  
But make allowance for their doubting too;  
If you can wait and not be tired by waiting,  
Or, being lied about, don't deal in lies,  
Or, being hated, don't give way to hating,  
And yet don't look too good, nor talk too wise;

If you can dream- and not make dreams your master;  
If you can think- and not make thoughts your aim;  
If you can meet with triumph and disaster  
And treat those two imposters just the same;  
If you can bear to hear the truth you've spoken  
Twisted by knaves to make a trap for fools,  
Or watch the things you gave your life to broken,  
And stoop and build 'em up with wornout tools;

If you can make one heap of all your winnings  
And risk it on one turn of pitch-and-toss,  
And lose, and start again at your beginnings  
And never breathe a word about your loss;  
If you can force your heart and nerve and sinew  
To serve your turn long after they are gone,  
And so hold on when there is nothing in you  
Except the Will which says to them: "Hold on";

If you can talk with crowds and keep your virtue,  
Or walk with kings- nor lose the common touch;  
If neither foes nor loving friends can hurt you;  
If all men count with you, but none too much;  
If you can fill the unforgiving minute  
With sixty seconds' worth of distance run-  
Yours is the Earth and everything that's in it,  
And -which is more- you'll be a Man my son!

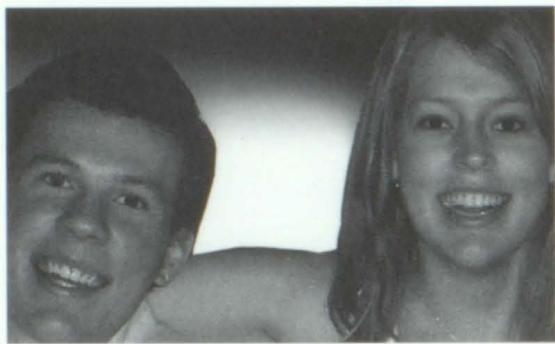

We are proud of the good son, brother, grandson, nephew, and cousin you have become.  
We love you so very, very much, *"The Whole All of Us"*

# Evan Bradstreet

Evan,  
Where do I begin? It seems like just yesterday we were riding our bikes through the woods, climbing trees and getting into trouble. Now, we're all grown-up. You're going off to college and I've moved away to work in Massachusetts. I miss the old days, but the best are yet to come. Never settle for anything less than what you deserve. Set your heart on something and go for it, you can achieve anything. Don't let anyone tell you otherwise. I love you!

Amanda  
XOXO

Dear Evan James,

Since you were three days old, we had a special song that became "your song". You know why it has such meaning for us. It was our wish for you then, when your life was so very fragile; and it remains our wish for you today and always. Every time we hear it, our thoughts will be of you. The Rod Stewart song says: "May the good Lord be with you, Down every road you roam. And may sunshine and happiness surround you when you're far from home. And may you grow to be proud, dignified and true. And do unto others as you'd have done to you. Be courageous and be brave, and in my heart you'll always stay....Forever Young."

Remember: Wherever you go, whatever you do, may your life be filled with laughter and surrounded with love. Whatever "road you choose", we'll always be there for you. One direction that all roads can lead to is back "home." We are so proud of you and the wonderful person you've become. We are truly blessed to have you in our lives. We love you, Sonshine!

Wow, Sarah, when I look back at all of the experiences we've shared over the past 18 years, I can hardly believe how the time has flown by! From dance classes, Girl Scout meetings, handbell choir at church, we've come a long way. We have had some hurdles to overcome, but we've done it together....just the two of us. Raising you has been a joy. Seeing the wonderful woman that you have become warms my heart. You are the shining light in my life. Follow your heart and your dreams. Always do your best and don't be afraid to make some mistakes along the way. You have a bright future ahead of you! I love you. Lou and I will always be there for you.

# Scott Guimond

Scott,

Wow, did this segment of your life go by fast! I wish there was a rewind button we could push and do it all over again. We knew when you were born there was something magical about you. It's in your eyes. We tried to set a good example, and based on the type of son, brother, friend, and citizen you are, we're nothing but proud. Since you were old enough to walk, you've never slowed down. You excelled in anything you felt deeply about and committed to. The training wheels were on your bike less than five minutes. "I can do it Dad!" Karate - a black belt - you don't want anyone to know about because of your genuine modesty. Pushing the limits of both your body and machines: dirt bikes, jet skis, snowmobiles, and go-carts. We prayed for your safety and though you broke just about everything you rode or drove, your health was spared. Thank you, Holy Father. You have a huge heart that we're so proud of. Coach Hanson wondered how "God could put such a big heart in such a small body." Your mom and I have admired that since you were an infant trying to keep up with your older sister. You've always been drawn to those less fortunate and have tried to buoy them up to a better place and inspire them to believe in themselves. If I could come back and do it all over again, I'd love to be you. Your future should be amazing. You have the travel bug like your mom. Enjoy your travels, dream big, and live as many of your dreams as you can. Please be careful with whatever cycle, boat, plane, machine, vehicle, or rocket you operate. Live long and prosper. Keep that infectious smile and use it often.

Don't change much.

Love,  
Mom, Dad, Kate  
Shelbi, Jack, and  
Grady

# Andrew Dean

Dear Andrew,

Where have the past 18 years gone? In the blink of an eye, a smiling, playful, energetic, blond-haired little boy has grown, and in his place is a quiet, confident, witty, and peaceful young man.

You have delighted us with your smiles and fun loving ways. You have caused our hearts to beat faster watching you launch a last minute basket or delivering and out at home plate with a throw from centerfield. You have made us proud as you worked hard and persevered in the classroom. And your quiet style, patient manner, and positive character have blessed us with much pride and joy over years.

You have your whole life ahead of you, so make the most of every day and every opportunity. Remember there is no such thing in life as an unimportant day.

We look forward to watching you take on the world as you head for new adventures. Know that we love you very much and are always here you.

With Love, Mom and Dad

Hey Andrew,

We have watched you grow from a newborn to an adult. The years have been filled with joy, tenderness, tears, and anticipation. Your first smile, first tooth, first step, first day of school and of course your first basket. You have completed your journey through high school and as you proceed into the next phase of your education know that you have all of the tools to succeed. Go forward and make your mark on the world knowing that you have the support and love of your family. Although we remember and miss "our little boy", we couldn't be more proud of the young man you have become.

# Katie MacDowell

My Katie Girl, Congratulations! Where has the time gone? It seems that not so long ago I looked into your beautiful eyes as I held you in my arms and I felt the pure and perfect love with my baby girl - my little "Tootsie". I am grateful for each and every moment that we have shared - we've laughed, we've cried - we've grown together, you and I. We've had the greatest of times - having you for my daughter is truly the best part of my life. I have loved, nurtured and helped you to grow and somewhere along the way you grew up to become responsible and profoundly dedicated to your own intellectual growth and emotional maturity. Your father and I are so incredibly proud of you. Katie, you are an amazing person with a strong personal constitution that is virtuous. You are steadfast and passionate in your beliefs and will defend your right to express yourself even in the face of adversity and you do this with courage, integrity, diplomacy and your whole heart. You have a compassionate spirit and a social consciousness that surpasses the majority. You work very hard to attain the results that you desire in each goal that you set for yourself. Greatness is achieved with the key ingredients of character that you possess. As you go forth in your adventure in life I have complete confidence in you that you will not be afraid to go after whatever it is that makes you happy in life. We hope for you all that is good and joyful. Go with your own choices - listen to yourself. Explore. Dream. Discover.

Mere words are inadequate in expressing how deeply we love you.

June 2007 has arrived and you are completing your high school journey and preparing to head off to college. You are a wonderful gift from the Lord and we are so proud of you. You are so sensitive and sweet. Do you remember Mr. Phillips? We love your easy smile & your easy nature - the Lord gave you to us to make us laugh. We can't wait to cast our vote for you when you run for President! We can't believe it's been eighteen years since you looked up at us as we held you for the first time. We could only imagine what those eighteen years would bring and our imaginations weren't even close. Thousands of experiences through the years encompassing all aspects of life have created feelings and thoughts that go beyond words such as proud and happy. My words of wisdom start with GNARLS BARKLEY in our song "crazy" - Think Twice. This is the best age to be because your whole life is a blank page to be written by you. You probably never thought this day would come, but it has. No matter where you go or what you do in life, try doing it without any regrets. If there is only one thing we can give you in life, enjoy the moment while you can, for it will be over before you know it, and stay true to yourself. "How far you go in life depends on your being tender with the young, compassionate with the aged, sympathetic with the striving and tolerant of the weak and the strong; because some day in life you will have been all of these."

Spencer,

There are very few words that are left unspoken between us. Our pride is immeasurable, You have become the man we had always hoped you would be. You have been given and developed many gifts- the person you are and will be, will enrich the lives that you touch.

As one would pause in newly fallen snow...  
With this new tide, walk softly upon the shifted sand  
as not to disturb its innocence.  
Find what is hidden within its void...  
For it is the vision of the artist to see  
Beyond the empty space  
Beyond the surface and  
Beyond the line which defines its boundaries.  
Look beyond what can be seen.  
Hear what the quiet has to say.  
Find the soul of the unknown and  
Reach to embrace its understanding...  
And in its embrace, may you also find yourself.

The vision of self you have already found within  
has touched our lives forever...  
With pride BEYOND words and love BEYOND  
that which overflows in our hearts...  
BEYOND the moon and stars... and back again!  
There's not enough space in the yearbook to  
show just how much  
we adore you...  
For always,  
XOXO

### The Little Sailboat

by DFE

I had a little sailboat, with sails as white as snow.  
I took it to the sailing pond, but couldn't let it go.

I walked along the shoreline, with it clutched tight in my hand.  
"What if it sank? What if it sailed way out of sight of land?"

I thought about the fun times we'd had sailing in the sink.  
I couldn't even imagine. They were over in a blink.

But now it's time for bigger things. the boat is strong and true...  
So I put it in the water. Its' sails filled and off it flew!

So good luck little sailboat, wherever you may roam -  
Remember that you've got a place you always can call home.

Love always,  
Dad, Mom and Andrew

P.S. Keep Smiling !!

From the first day of kindergarten when you came off the bus in tears because you didn't get homework, we knew you were going places. May all the places you go widen your horizons and add meaning to your life.

We are very proud of your many accomplishments, but most of all we are very proud of who you are. Your humble personality, creative and unconventional ideas, and your kindness toward others are the things that make you a remarkable person. We have enjoyed watching you grow since the day you were born, wishing for time to slow down so that we could capture every moment. Now you have your sights set on the future, and we have no doubt that you will be successful. Never settle for less than what makes you happy, and never forget there are others who will appreciate what you have to offer.

# Kristina Napolitano

Kae,

Where do I begin...our life has been a great journey together. Looking back I know that some of the toughest times were what brought us closer together and made us both stronger. A good friend of mine once told me I gave him the best message and that he will remember it always. He was having a child and I told him - "Your life will forever be changed in such a special way." It's true and I thank you Kae, for making my life have so much more meaning. You've been my inspiration for the past 18 years. You've given me so many laughs. I've enjoyed sharing every bit of your growing up, the joy of you learning new things, but most of all, the honesty and openness that we have shared.

As I think about you going out on your own I have mixed feelings. Feelings of excitement and joy for you, knowing that you are going to conquer the world, and feelings of sadness, that you will move on to begin your life as an adult. I hope that you know that I will **ALWAYS** be here for you, no matter what the circumstances may be. You can always count on me. As our song says, "You can't lose me!"

I am so very proud of the person that you have become. You recently said to me... "Mer, how could you have loved me then? I was such a pain." I responded to you that it was this thing called unconditional love. I hope that you will some time experience that love. I hope that some day you realize how very special you are. Over the years I've watched others pass you by, judging you only based on what they saw, never taking the time to get to know the real Kae. It saddens me that they missed out on knowing such a remarkable person. I am very proud to say that you are my daughter!

Stay strong Kae, always be you and know that I love you with all my heart!  
Congratulations!

Love,  
Mer

Kristina,

You've always been my special girl. Thanks for rescuing me from the pound. Remember the first day we met and I just fell into your arms... I knew it was love. Thanks for the many names you have given me and your undying love and affection.

You're the best!

XO Minuit

Kae... What's up DOG! It was great growing up with you! We even liked all the times you dressed us up. We know that you always loved us and we'll always be with you!  
Love, Britta & Mikale

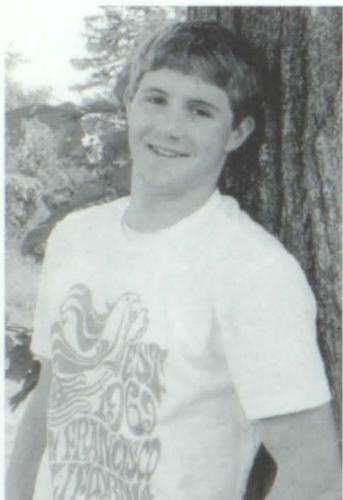

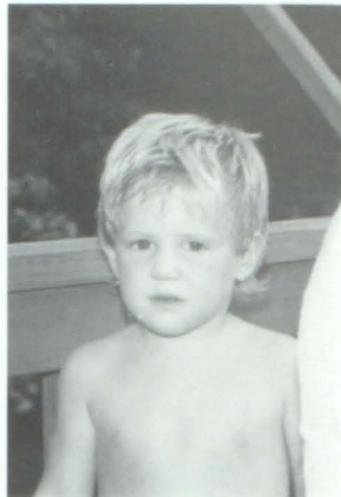

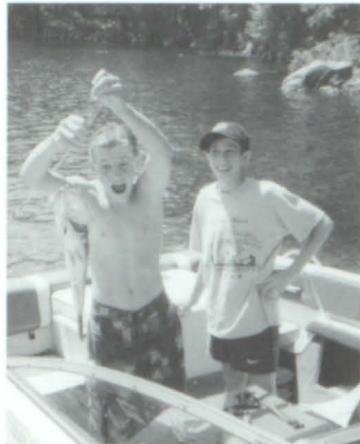

June 30 - I'm glad we met, without you this summer wouldn't have been half as much fun! Congratulations Kristina :) Props!

Cam,

Congratulations! We are so proud of you. The years have passed so quickly. I have watched you grow from my little "Cammie" to a wonderful young man. Cam, I couldn't have asked for a better son. Your strong will and motivation have made you the person you are today. You have developed into a kind, self confident, intelligent, caring young adult. It has been a joy to guide you to your path for the future. Follow your dreams and ambitions. Love life. Enjoy simplicity and the treasures of the world. Sweet,

Well, here you are, graduating! It seems like just yesterday that we were bringing you home from the hospital. What a transformation that beautiful, tiny baby has made! You've grown into such a wonderful young woman, that I truly admire, with your own thoughts, ideas, abilities and goals. I just want you to know how thankful I am that I was chosen to be your mom and share in these last 18 years. I am so proud of you!

I wish you a terrific future, dear, full of love and happiness.

And remember...you'll always be my baby.

Ma-Mie

Erica,

You add sunshine to this world! With your singing, you make our hearts sing and with your dancing, you make our hearts dance.

It is amazing how you can be gentle as a lamb with babies and still be as aggressive as a lion to win Grand Champion with your cow!

Always remember to keep your faith and God will guide you throughout your life.

# Lindsey Poitras

Lindsey Leigh,

In the years ahead, though your surroundings will change, continue to follow your heart using your good sense and positive, optimistic attitude. They will serve you well in this crazy world.

Your natural ability to care for people shows what a trusted friend you are. This is important because no matter how much wealth you amass or possessions you own, it will be your friends and family that will be most cherished.

Words alone cannot express how proud I am of your achievements and the way you have handled your disappointments, for the true judge of a person's character is their ability to persevere.

Congratulations to my beautiful, smart and talented daughter and know you will always be loved by the hearts you have touched, especially mine!

Love, Dad

Lindsey,

From the day that we first held you in our arms and looked into those magnificent blue eyes, you stole our hearts.

Throughout your youth we have watched you grow and mature into a beautiful, thoughtful young lady. We are so proud of you. Be happy. Follow your heart.

We will always stand beside you.

Mom and Dad

Lindsey,

We are so very proud of you and all that you have accomplished. It is remarkable how successful you have been in all your endeavors --- dancing, piano playing, swimming and in playing sports. We always laugh when we think of you "squealing" the car tires when you were practicing your driving skills. You have so many great qualities that make everyone who knows you love and admire you. Some of your many virtues are kindness to numerous friends, your love of animals, your working diligently to reach your goals and your wonderful sense of humor. We will always cherish the memory of all your jokes on the train ride home from the Red Sox game. You had us splitting our sides with laughter. We have many wonderful, long-lasting memories of our enjoyable trips to Florida, especially swimming with the dolphins. Success in life is an unending process of trying, learning and growing. You have already mastered this process, so we know that there are many more triumphs ahead for you. Go for it. We love you. Your Proud Godparents, Rudy and Eileen

Samantha,

My Blue Eyed Girl! This time is here; I can not believe how fast it went by. Always know how much you are loved. I am so proud of you. Always have respect and integrity. Don't be afraid of trying and failing - be afraid of not trying at all.

I am anxious, unsure of what the world holds for you, but I know you will make a positive difference.

Always "Dance". I Love You As Big as the Sky and as Deep as the Ocean.

Love,  
Mom

"I Hope You Dance"

I hope you never lose your sense of wonder,  
You get your fill to eat but always keep that hunger,  
May you never take one single breath for granted,  
GOD forbid love ever leave you empty handed,  
I hope you still feel small when you stand beside the ocean,  
Whenever one door closes I hope one more opens,  
Promise me that you'll give faith a fighting chance,  
And when you get the choice to sit it out or dance.

I hope you never fear those mountains in the distance,  
Never settle for the path of least resistance  
Livin' might mean takin' chances but they're worth takin',  
Lovin' might be a mistake but it's worth makin',  
Don't let some hell bent heart leave you bitter,  
When you come close to sellin' out reconsider,  
Give the heavens above more than just a passing glance,  
And when you get the choice to sit it out or dance.

I hope you still feel small when you stand beside the ocean,  
Whenever one door closes I hope one more opens,  
Promise me that you'll give faith a fighting chance,  
And when you get the choice to sit it out or dance.

Sissy,

We are so proud of you and love you so much!

## Letting Go A villanelle for my daughter

Her hand slips from mine, she smiles and waves.  
White tights dangle from her ballerina toes  
With a rhythm all her own, she dances away.

How quickly went those infant and toddler days.  
At five and a half, off to school she goes.  
Her hand slips from mine, she smiles and waves.

A big girl now, she's on her own these days.  
My heart wants to crumble yet overflows  
With a rhythm all her own. She dances away.

Words and music mingle; she's a diverse bouquet.  
Searching for herself in rivers and rainbows,  
Her hand slips from mine. She smiles and waves.

Her social calendar full, seldom home she stays.  
To the mall, the movies, school games she goes.  
With a rhythm all her own, she dances away.

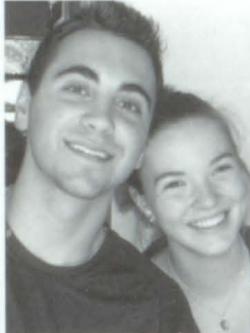

A young lady now, she must find her own ways.  
Gentle as a daisy on a summer breeze flows  
Her hand slips from mine. She smiles and waves,  
With a rhythm all her own, She dances away.

T.E. Cole 2003

Jess,

LIVE! LOVE! LAUGH! And remember- it is never too late to become what you were meant to be. How proud your papa would be to see the woman his little "Miss America" has grown into.

Lots of Love, Hugs, and Kisses, Mom

## Summer Solstice for my daughter at 10

In the darkness of the oaks -  
Bare feet tucked beneath a blanket  
Patterned with pink rosebuds -  
We snuggle, sip lemon honey tea.  
Mother and daughter making a memory.

A half moon warms our souls  
As we share words and wisdom,  
Wishes and dreams. A candle flickers,  
Fills the night air with mulberry.  
Mother and daughter making a memory.

Drifting clouds ever change the night  
Canvas sky, on a silent breeze  
Ballerinas twirl, a dog transforms  
And flies like a magnificent bird  
While an elephant bows elegantly.  
Mother and daughter making a memory.

I absorb the warmth of your hand,  
Memorize the fall of your hair,  
The love in your smile, the music  
Of your laughter while the candle's  
Flame dances in your aqua eyes  
As deep blue green as the sea.  
A mother making a memory.

T.E. Cole 1999
