Dear Jolly GHS,

This was the single most challenging, stressful, and time consuming project that I did the entire year. I had no idea what I signed up for. This book is basically my child, take care of her, and cherish her, because whether you realize it or not, she is a piece of history. I also hope you realize that the book is partially in color this year... I would be a little concerned if you didn't. That added a *lot* more work, but I think you guys are **definitely** worth it.

We couldn't have done anything without the help of our lovely Jostens rep, Ellen Wing. Thank you! I also have to make a shout out to our 2 dedicated members that showed up to pretty much every single meeting; Taylor Hammond & Rebecca Mutombo, thank you for riding it out. Last but definitely not least, Michael Wojtal. I just don't know how you have managed to put your heart & soul into these yearbooks year after year after year. I am truly amazed. Even when I didn't feel like coming to face the wrath of an angry e-mail, I knew you would be there with a great story, history lesson, or simply there to cuss at the computer screen, right there beside me. Thank you for the laughs, advice, and friendship.

We have put an unmeasurable amount of time into this book, and I came into this position wanting to make some changes... And that's exactly what I did. If you're unsatisfied with things, change them! My heart goes out to next years editor, Good Luck!

Love Always,  
Mandy Arnold (Your Editor)

# Dedication

The "Maestro" or "Chili Maestro" as he's also known, first appeared in Gorham High School in the late 1970's. Since his arrival, the GHS Band Program has flourished due to his dedication and love of music.

My first meeting with Ray was during his first year here. We were attempting to stage a Talent Show. Since it was the first in several years, it was necessary to "draft" people to participate. Our principal at the time had named it Hullabaloo. One of the crowning acts was to be an imitation of the Blues Brothers singing "Soul Man". We needed musicians to back up the act, so I went to Ray, introduced myself, and asked him if he knew anyone who could do it. I meant students, but without even thinking, Ray volunteered himself. The result was wonderful. The singing duo of Runnels and Stoffan became legend at GHS for a long time, thanks to Ray and his backup band. That Talent Show was just the first of innumerable occasions when Ray made something musical happen here.

Some of my favorite memories of Ray Mathieu surround musicals. He and colleague Bob Grant decided that they should make musicals a major event for the whole GHS community. That's just what they set out to do, with no money, no cast and no costumes. First the two of them went around the building, looking for people to work with them. I was lucky enough to be one of the people they included. Next they scoured the building to find a cast. Ray and Bob enlisted the usual singers and actors, but also athletes who had never performed on a stage. It was so entertaining to see which unlikely candidates wound up on the stage, to the surprise and delight of many. When "Oklahoma" opened, its total budget had been \$1,000.00! Though the costumes were falling apart and needed repair daily, sets were built from donated wood, and makeup was whatever someone had at home, that first musical was an experience that those involved still remember as the best of times. "Oklahoma" was a triumph, with "South Pacific", "Guys and Dolls", and many others to follow. I know that Ray must be very proud of the tradition that musicals have become in our school.

Ray, thank you for your decades of service to Gorham High School. You will long be remembered for your pursuit of excellence, your dedication and support for your department, your loyalty to your friends, and most of all, the inspiration you have provided to aspiring musicians at Gorham High School.

Sincerely,  
Deb Roy

Time sucks. One moment your complaining that your locker's too small; the next your preparing to leave everything you've gotten used to for 18 years behind. I blame my friends. This could have gone a lot slower without them. What more can I say? It's been great.

So this is what we've all been waiting for, the light at the end of the tunnel. We all have waited for this since the days of snack time and recess. wandering around, awaiting the day where we "grow up," but now that day has come, and I have realized, I never want to grow up. I will never be as happy as I was on that playground, where my only care was getting back in time for pokémon. So I am going stay a kid, as long as this world will let me. This is not an easy task however. The acclimation to the real world is a hard one, but I know I will make it out, and I will be just as much a child as I am right now. The world will never bring me down. "You better take care of me Lord, cause if you don't, you're gonna have me on your hands." LFG college.

Well I honestly don't know what to say. I've spent the last 12 years of my life going through mostly the same routine everyday, and now everything's about to change. I'd like to think I know where I'm going in life but the simple truth is that I have no idea. I'd like to thank my friends, family, and teachers, for putting up with me during these long 18 years and supporting me in the majority of my endeavors. To infinity and beyond.

Robert Coppola

Mom, thanks for always being there. I love you. Joey and Anthony good luck! Good times and good memories with friends. Thanks to everyone who has helped get me through these long 4 years. What? ME... The end. The age of scholarship has dawned for me. There have been many highs, many lows, and I've made a few friends along the way. To those I knew well enough to trust, I was a helping hand, a comic relief, and a caring friend. In the final months of of underage bliss, I met a brother. Not just your average friend, we grew closer than real siblings. As I leave for the Navy, I'll never forget these people, who helped me along the way. By the grace of God almighty, I have become a mature adult, and a leader, and I will never hesitate to stop and help someone in need.

"I can do everything through him who gives me strength. (Philippians 4:13) First I'd like to thank my family and friends. I wouldn't have made it this far without them. Second, I want to thank Mrs. Beckwith for her love to me, and passions with me. And I want to thank all teachers who helped me: thank you to Mrs. Sally Hatch, Mrs. Stone, Ms. Baxter, Mrs. Triano, and Mrs. Keene. Thanks to this school that helped me learn English. I want to say to all students in this school: school is fun. Without the school diploma, you won't do anything. If I can do it, and I came from a different country, than you can do it too. Have fun! Congratulations to the class of 2010. May the God of hope fill you with all joy and peace as you trust in him. (Romans 15:13)

2010, It came faster then I thought but the road to get here was a great one. Through out the years my friends and family have always been there for me. I just want to say thanks to all of you, and I couldn't have been able to do it without you. Now as I look forward into the future, I see that only good can come from what I have learned these past for years.

Dad, you told me one night to close my eyes and open them. I was still a little kid. You told me that one day I would open them and I would be an adult and on my way to my own life. You were right. I feel as if I just opened my eyes and off to a new beginning. I am taking the next step dad, to create my own life.

I always thought high school would go by slow, but it actually went by wicked fast. Sometimes I completely hated it but I also had the funnest times of my life during these 4 years. My parents have always been there for me to help me with homework and anything else I needed them for. I love you both so much. Shane you've been the best brother and I'll always be there for you. Letitia you are my best friend. We manage to crack up for no reason and always have the best times together. I have made great friends that I can completely be myself around and I love them for it. High school has been a pretty good experience after all but I am definitely excited for the rest of my life to start!

My time here at GHS has been lots of fun. I have gained many new friends, and I have learned so much from my teachers. The best thing about school was being able to socialize with friends and being able to play sports. The only way I made it through school was with all the help and support from my parents. I love you both very much.

I have never thought I would make it

To my friends (no initials needed): The inside jokes, the hard classes, the late nights spent studying, the stressed out late night phone calls, the football games we "watched," the hours of SNL we memorized, the times we laughed so hard we cried, the times we cried so hard we laughed, the miles we drove, the music we listened to on the way, the times we burst into song in the middle of the hall, the hours I spent doing our hair, the assignments we put off until the night before, the songs we wrote, and the thousands of our other unforgettable moments made these years the best ever.

These past three years at GHS have been filled with stress, anxiety, and exhaustion, but most of all many great memories. The time flew by and I can't believe it's already senior year. There is no way I could have stayed sane without the constant support of my parents. Mom, Dad, I love you both so much and can't thank either of you enough for always being there for me and helping me through these years. You're the best! Delaney, you know how much I love you and you always make me laugh, even through rough times. Of course, my friends kept things fun and interesting. Thanks CB, KS, TB, SR, HS, AA, JO, CLB, AR, CP, Emmet and Piggy. I love you all.

I've had some of the best times of my life  
 w/ my friends here at GHS. W/O my  
 good friends I honestly don't think this  
 experience would have been the same at  
 all. And W/O the guidance of my parents  
 along the way I don't know where I would  
 be right now. My mom always made sure  
 I worked to my full potential and would  
 always be there for me. I definitely  
 wouldn't be the man I am today W/O the  
 immense wisdom of my father. He  
 pushed me to be the best I could be. I  
 thank them both 4 sculpting me into the  
 person I am. To cut this piece short due  
 to the lack of room I've been given, I  
 leave GHS with no regrets, only a vast  
 array of lesson and a handful of great  
 friends: RD, KB, JP, NK, MC  
 Thanks guys!

Excellent, I finally get to do a senior write  
 up. Here I am with 140-something days  
 of High school left. It's pretty sweet. Very  
 soon I will be in college, away from all  
 this hubbub, and drama, etc. And from  
 my friends. And my family. And just  
 about everything I've known up until now.

But still, I'm graduating

Tradition tells me that I should include some quote in my senior write-up. The best suited to my purpose is Ben Franklin's definition of insanity: "doing the same thing over and over and expecting different results." I have now been at this for 12 years, repetition ad infinitum, and have achieved no different results. I may now be classified as insane. Time for something new, I think. To my teachers of all disciplines: thank you for my confidence. To my friends: I love you all dearly. And to my family: I owe you one. Or two. Thank you. You all have made me who I am today, for better or for worse.

And now, I jump from my little pond into the sea. I'd like to not get eaten by a bigger fish.

Wish me luck.

Well first of all, I would like to thank all my teachers, friends, and family. If it wasn't for them I wouldn't have made it all this way. It seems like not that long ago we were freshman and now we're graduating. We have come so far in such a short time. I'm glad the ride of high school is finally over. It's been fun and interesting none the less. And lastly how could I forget Ms. Bimpson, Mrs. Riker, and Mrs. Avery? I've been working with them since my freshman year and if they weren't here I might not have had the chance to be graduating this June. And for my two best friends, Tim Clark and Blake Dean, it's been a blast and much more to come.

There's a feeling I get when I look to the west, that there's more to be seen than can ever be seen, more to do than can ever be done, but yeah I want to do it all, to be part of the movement and part of the growing, part of beginning to understand that this day is like the life you live, its never here to stay, but what doesn't kill you only makes you stronger, today I'm strong enough and anyway I love the rain. You may say I'm a dreamer, but we're not gonna sit in silence we're not gonna live with fear, gotta have love just to set it straight, cause all you need is love. You might think it's too simplistic, but sunshine on my shoulders makes me happy, and we are the sunshine on the land.

Thanks to Rocky Myers and Wayne (Pooch) Drown I got started in golf. My parents have always been there for me. My younger older sister Nell is probably what keeps me on track for life. She has always been there to annoy me or for me to annoy her. It is always fun and it always works out alright. My oldest sister Michelle I admire and laugh with. I have wanted to be as good of a student as I can be even if it doesn't seem like it sometimes. All my friends at school- MW, MW, BT, AK, CW, KB, SC, and EN were the ones who got me into the weight room for the first time which scared the hell out of me, but after a while I got used to it and found myself being a "regular" in there. Good luck to the class of 2010.

Wow, we did it. Class of 2010. We got through 4 years of high school and now we're all off into the world. Thanks Mom, Dad, yes, Rachael too. :) You all kept me going through hard projects and papers, and when I'd have trouble focusing on work. Thanks to all my teachers, even those who barely remember me from freshman year, you all taught me so much, and made it fun too (sometimes). And, to all my friends, thanks for helping me and fooling around with me these 4 years, you guys made it all so much more bearable and good luck to all of you in your future ventures. The last thing I have to say to you, fellow class of 2010, is this: "Live long and Prosper."

Jeni VanGilder

To the ones who saw me through my trying times  
I owe to you,  
my life, my love,  
my hopes, my dreams,  
my honest wish that you may see.  
I've changed my ways  
and turned around.  
Back to the path  
I once had found.

These 4 years have been nothing short of a High school experience, from the boring PSATs to Friday Night football games, it's all an everlasting memory. I'm glad it's over.

Thank you for all who have put up with my stubbornness :) Yer the ones that mean the world to me!

K. Ross, C. Lambert, E. Green, C. McKeen, A. McPhearson, S. Cooper, J. Spaulding, N. Berry, E. Ebert. & of course my family!

Move on,  
It's just a chapter in the past,  
don't close the book,  
just turn the page.

Jacob Willis

It all seems trivial looking back, why would I put so much thought into my yearbook write-up? I have no idea who to thank or why I should thank them but I do know the past four years have not gone by fast, instead it's been quite the grind. The system chewed me up and spit me out, with a lot of fun along the way. I'd like to think it was mostly me that got me to where I am, but in reality it's the teachers, the friends, the teammates, and the parents who made an impact without even knowing it, and that's something I shouldn't thank them for in writing. I guess my only advice to the class of 2010 is: do something bigger than yourself, something that makes you proud of looking back.

Anyway, it's been fun.  
"Son are you an idiot?"  
No sir, I'm a dreamer."

# Do You Remember...

- Being the *only* class to experience the joys of the "Little Falls 6th grade center?"
- Being the First class to go all the way through the new middle school... then being blamed for getting it dirty?
- Having meetings in the "Common Areas?"
- Reading the "offbeat oddities" in our planners every week, then getting ripped off once we got to the H.S.?
- Singing "I found you, Mrs. Smootzy, fix mah laptop, bring it back to me!"
- Getting blueberries banned from the GMS cafeteria...? (blueberries + plastic spoons = a tie-dyed ceiling)
- The Clay Vandalism? (Sorry Mrs. Cousins!)
- Blowing up the 8th grade boys bathroom, while most of us were in D.C.?
- The horrors of American Studies?
- The Junior Vs. Senior parking battle? We soo won :)
- Actually getting senior parking #'s? (See ya Jr.'s)
- Screaming "Stand up freshmen!" (With heavy tones of sarcasm...?)
- Having the most creative facebook hackings?  
(When in doubt... put as many "www." as it takes!)

# Advisor's Message

To The Class of 2010:

I took over as your advisor during your tenth grade year as a replacement for someone who had moved. How lucky I was. Working with you and your class officers has been a pleasure. I've enjoyed it.

You have had several unique things happen during your tenure. We received laptops for the high school, set up an advisor program and acquired a new principal. You handled all these and other challenges with your usual calm and quiet confidence.

Academically, you have some serious scholars, artistically you made some great music and stage productions, athletically you had some big wins and some disappointing losses and socially you made lots of friends and treated each other well. Not a bad performance.

In short, I have watched you mature. Cool.

Take Care and don't take it all too seriously,  
Bond-o

# Class of 2010 History

As our time together at Gorham High School draws to a close, we face a field of mixed emotion. Utter jubilation will doubtlessly arise as we march down the aisle at Merrill Auditorium, armed with diplomas and a well-deserved sense of accomplishment. This sudden elation however, will inevitably be tempered by a poignant, sinking feeling as we digest the fact that we will never again return to GHS as students. Most of us will agree that our time together in Gorham has been a great 12 year long ride and it's not easy to understand what life will be like as we go around the next curve on our own. Despite this uncertainty, I expect that collective euphoria will win out and graduation will be long-remembered as one of the finest days of our teenage years.

Our journey to the joyous pinnacle of graduation had humble beginnings. Due to Gorham's geography, our class was never fully united until we entered Village School. Prior to this, some of us had the chance to be greeted by name every morning as we stepped off the school bus by Mr. Sherry; others had the benefit of attending the cozy and decaying White Rock School. The cheery Village community offered lengthy recesses and a carefree environment.. The only cloud on our Village horizon involved whispers and rumors about the decrepit, potentially-perilous, next stop on our educational journey: Shaw School. The terrors of no recess and tales of four-hour long detention periods loomed until something amazing happened: the creation of the new Middle School.

Proud to be the first class to inhabit this new palace of education for a full three years, we all took ready advantage of our sparkling new dwelling and the unfamiliar independence that came along with it. In our new playground, rigid social groups were formed, new armpit hair was discovered, and rules during the "Silent Sustained Reading" period were universally violated. Amidst the swirling scene that was Middle School, it is difficult for any of us to recall what was actually learned or accomplished.

That may be one reason why a teacher (who shall remain unnamed) labeled us as , "the worst class I have ever seen in all my years of teaching." I can't say that we didn't provide some reason for faculty angst but could we really have been that bad? There is no escaping the fact that our middle school days will live forever in infamy. Puerile acts of rowdiness occurred daily. Teachers were left scratching their heads as they contemplated the havoc we were sure to wreak in our next field of battle: Gorham High School. There was no doubt that our spotty reputation preceded us as we were welcomed by a cringing high school faculty, ears full of what a nightmare their next four years were sure to be.

Fast forward to Spring 2010; dread has turned to respect and our class reputation has dramatically and rightfully improved. The Class of 2010 has emerged as a cohesive group of unique individuals, well- prepared to tackle whatever challenges and opportunities lie in front of us. We have blossomed into maturity as a class, and I'm sure that each one of us will agree that the Gorham High School community has served us exceedingly well. For that, we all say thank you. Now, as we set out on our individual endeavors, it is clear to all, that the members of the class of 2010 have made a lasting and positive contribution to GHS and are well positioned to do great things in the next phase of their lives.

Classmates, I congratulate you, I thank you for an unforgettable high school experience and I look forward to sustaining our friendships over time.

Morgan,

Where do I begin...I have watched you grow from the most beautiful and amazing baby to a loving, caring and insightful adult. The world has so much to offer you and I hope you take it all in. Be brave and adventurous and trust yourself. You can do anything you can dream. Dad and I love being your parents and we will miss you beyond belief next year. The future is now in your hands, hold on to it tight and enjoy the ride. We will always be there for you whenever you need us and whatever you need us for. Remember that we will always be on your side.

Love, Mom, Dad, Whitney, Kelsey, Milton and Bentley..(I love mug my bf)

# Kathryn Whitehead

Kathryn,

You are a great sister and you have always had my back.

Now, you are moving out and I am an only child.

I will miss you. Have an exhilarating year in college.

Love, Your Brother, Owen

Dear Kathryn,

Even as a baby, I loved your tenaciousness, sense of fun and humor. While knowing school has not always been your favorite hang-out, you persevered and never gave up. I am so proud of you. You have accomplished alot and you have never given me a dull moment. I love you and I know with your drive there is nothing you cannot do. Congrats to you and enjoy this time in your life.

Love, Mom

Hey Kathryn,

You've been working toward this for a long time, and it's finally here. Congratulations! I will miss the fun supprises at teacher conferences and phone calls and emails from your many adult admirers. As you move on to new adventures, know that your energy, loyalty to friends, and witty sense of humor will be missed. I have no doubt that once you find your passion, you have all you need to achieve the dream.

XOXO, Dad

# Jake Willis

Our third, our last,  
time didn't hold us in the past.

How you've grown from that little guy,  
who was a twinkle in your sister's eyes.

The outdoors was your friend,  
with your family you loved to partake,  
from the heights of Mt. Katadin  
to the shores of Sebago Lake.

Strong and independent, some would say,  
with a heart full of kindness  
taking life in your own way.

Tall and lean, and quick on your feet,  
Who knew you were so fast  
and hard to defeat.

Don't speed through life to the finish line,  
you'll come out fine if you take your time.

Wherever you go, and whatever you do,  
all of our love will follow you.

We love you!

Love, Dad, Mom, Lyd, Anna, Will, and Ollie

# Marissa Patten-Harris

Riss,

Since the day that you were born I have always called you an Angel. It is so true. Success: To laugh often and much, to win the respect of intelligent people and the affection of children, to earn the appreciation of honest critics and endure the betrayal of false friends, to appreciate beauty, to find the best in others, to leave the world a bit better, either by a healthy child, a garden patch, or a redeemed social condition; to know even one life has breathed easier because you have lived. This is to have succeeded!

- Ralph Waldo Emerson

We love you, Abe and wish you a life full of success!!!

# Matthew Wayne Marean

Dear Matt,

Over the past few years we have watched you grow and mature from a sweet young boy into a wonderful young man. We looked at you with pride as you struggled to master new challenges, and your kind nature shined through. Your smile brightens up a room; and your humor brings laughter from deep within. You are wise, strong, compassionate, and a caring young man. We have faith that whatever direction you choose, you will persevere with pride, dignity, and success. You have amazed us with your natural talent as a pilot, we are very proud of your innate abilities and determination.

Remember that it is okay and normal to fail and change your mind. In fact...it will happen often, its a part of life. Just a reminder (in case you haven't gotten the drift)...our lives were enriched once again in March 1992 when you arrived - what a wonderful journey with a wonderful person. Thank you Matt for your presence in our lives, we are truly blessed to have you! We believe in YOU!

Love you much, Mum, David, Rob, Dan, Barley and Chester

Adam - I can't begin to tell you how proud I am of you. Through every day trials and tribulations to tragedy that few people will ever endure, you have always shown strength, kindness and integrity. Please hold onto these - as long as you continue to live through your heart, you will go far. I love you!!!! -Mom

The growth and maturity you have shown over the past few years amazes me. You have really come into your own with a confidence and kindness that I so admire. It shows great strength and character, at age 18, to carry a Snoopy lunch box to school with you every day! Always hold on to that inner-child! Love always, Dad

Adam- You are the best little brother anyone could ask for. I am so proud of you and all you have accomplished. No one treats me better and puts up with me more than you do. Congratulations, you are the best, I love you! -Kelsi

We have watched you grow up through the years as our little princess to a beautiful young lady. You have had some struggles along the way, but nothing we couldn't handle. How time flies by so quickly. It seems like yesterday I was getting you ready for kindergarten. I had a hard time letting you go then, and we will have a hard time letting you go to start your new life on your own. You can do it. We have always told you that. If you put your mind to it, you can accomplish anything in life. And you have done that thus far. It is a big world and now it is your time to explore life. Discover it, embrace it, and explore it. Your father and I could not be more proud of you.

Congratulations sweetie.

We know that your journey has just begun, aim high, you will get there! The family trips to Rangeley, snowmobiling, boating, skiing and just enjoying the camp, the road trip vacations, and just a simple dinner together are priceless memories of our family. Always remember that you are a very strong, caring and determined person and we are very proud of whom you have become and we will *always* be there for you, never forget that!

You have always been there for me and given me rides just about everywhere. I really appreciate that, considering without you, none of what I do would be possible. I'll really miss you when you go to school, but I know wherever you decide to go, you'll do just fine. Good luck, Munchkin

# Caleb Allen

It's so hard to believe that it is already time for you to graduate from high school! Where did the time go?

I have loved having you with me all this time. Sharing music together, along with your music trivia questions, listening to you progress in your drumming, watching all your sci-fi movies (I never would have had it not been for you), and came to look forward to seeing what new ones you found. Last summer it was ice tea, lemonade and scrabble, and last fall guitar hero. You brought me to experience some new things that I totally enjoyed, and I know it was because it was with you I was doing and sharing it with. It's your time now, to write your song of your life and all that it contains and how you want it played out note for note, and that it will one day be a tune pleasant to your ears and water for your soul. You are very lucky Caleb :) You have a whole clan of us who love you and are on the sidelines cheering you on.

My love, my prayers, my encouragement and I am forever here for you. Let the music play!

# Gregory Gagne

Dear Greg,

We remember so well the first time we met, the moment we heard you cry our bond was complete. We were so proud to bring you home to meet your extended family. Eighteen years later, in the blink of an eye, we can't be more proud of you and all your accomplishments!

We didn't expect that the sick little boy we first met would be able to play sports but look how you fooled us! You walked at nine months and have been kicking a soccer ball and running at top speed ever since. Your determination has been evident in all you have done. We have watched you play baseball and basketball, run track, play lacrosse, swim and ski, dirt bike and the list goes on. But, it has been your dedication to soccer that we have enjoyed watching the most. We are so proud of you and we will always be your biggest fans on and off the field.

You have grown to be an intelligent, independent, wise and wonderful young man. You have made our lives complete in so many ways. We wish you the best of luck in all you do and hope that your every dream can come true. Keep working hard to reach your goals, keep your faith, trust in your decisions and most of all, enjoy every moment.

# Alex Graves

Alex,

I am writing this for your father and me. We fell in love with you from the moment we knew you were coming. Your Dad fought to stay alive for you from the day he found out he was sick, to the very last day of his life. People don't know you sat by his side at five years old and fed him popsicles every night when he didn't have the strength to hold them himself. I know what a great loss he was for you. I cannot imagine how great it would have been, had we still had him in our lives. No, he didn't even get to see you start kindergarten. I was so sad that day, but I know he was there. It's funny how we can feel and even see him sometimes, like the night at South Portland's Gym. He filled that gym and so did you.

We had some great times. One of my favorites was the Zorro story. You had been watching a Disney music video with the Zorro theme song in it, you were 3. Later that night your Dad and I were in the living room and you had your batman cape, your winter boots, and a sword. You came charging in and said "I am ZERO!" Dad and I could not stop laughing.

There were times that were tough and you were very angry. I think you took it all out on whatever sport you were playing. I do have to say thank you to every man in this town who at one time or another coached you; for putting up with you sometimes (LOL!) and being a positive role model for you, and understanding your anger, and putting up with me being involved enough for two parents (Especially Al!).

Sports have been your whole life. I have to say, I wish I could have been the athlete you are. You have won league championships in Soccer, Baseball, Basketball and others. My favorite win was the Cal Ripken championship. Those were great times.

You have succeeded in so many ways. Academically you have gotten student athlete awards. Athletically, making the Cal Ripken Team as the first nine year old picked, travel basketball teams, all star teams, I think you have made every team you have tried out for. Individually you have succeeded in Cross Country even though you elected to not run your senior year. I know your love is basketball and I pray and hope your dreams come true. Success comes in the form of friends as well. I love every one of your friends. They are all awesome boys. I will be there for them any time they need me, no question.

As a big brother, you are tough on William. He loves you more than anything. He will follow you anywhere. Please bear that in mind, as it's your turn to be a role model for him.

You have been a pleasure and I am so proud to be your mother. I love you with everything I have.

My Sweet Casey,

What a beautiful young lady you are. You've grown from a toddler that wouldn't talk to anyone, and became the strongest, most sincere person I know. Thank you so much to Chelsea, Auntie, Uncle Al, Caitlyn and Kyle. They have helped to make you the person you are today. Meme and Grandfather would be so proud. Kayleigh,

I don't even know where to begin... you've overcome so much starting way back in second grade when your father was first sick. We were blessed to have you survive your injury and then persevere with your determination! You've worked very hard in school and have been successful in accomplishing many hard earned goals. All the sports you've played over the years have brought you great joy. Your love and passion is field hockey. Playing field hockey in college will be more hard work but well worth it to play at that level. You and I have done 4 years of trips to the National Futures Field Hockey Tourney in VA Beach and to the Field Hockey Festival in Palm Springs over Thanksgiving. We have many wonderful memories from those special times together! How much fun did we have when we went cross country in our RV with Kendrick and Keegan? Spending summers at Three Mile Pond with Nana and Grampa were very special! Your last two years in high school weren't what you expected but you had much courage and strength to make the best of it. You've grown into a beautiful young lady inside and out and I'm so very proud of you. The best of luck in college and playing field hockey. I love you and will always be there for you!!!

If there is any advice I could give you for college, I would say sleep and go to class often and join all the clubs that interest you (I was never big on free time). Sometimes it's the random club or activity you never thought you'd join that turns out to be the most fun.

And, if nothing else, they usually give away free food.

"Do not follow where the path may lead. Go instead where there is no path, and leave a trail" ~ Ralph Waldo Emerson  
Shann, take this advice and apply it to life everyday. You have always been independent, and I admire that. I know you'll take that characteristic with you through your adventures in life and use it well. I can't believe you're already graduating; the time has seriously flown by. You know I'll have an airhorn at graduation (no matter what Mom says), so prepare yourself. We have so many hilarious memories together. You make life so easy, so enjoyable; you're my other half. Those late night talks and you sleeping in my room after watching a scary movie are some of the best memories. Harry Potter, that's all I need to say about that. Those days after school when you begged me to teach you how to drive the Honda, and when I finally did, how we laughed hysterically when it started bucking out of control. The times we got mad at each other and we forgot why we were mad when I drew you a picture of a "moose". And hopefully next year, if you join me at SJC, we can continue our list of adventures and endless memories. "Life is what happens when you're busy making other plans"- John Lennon.

Remember that quote next year at school, whether it be at St. Joe's or not, just don't forget to have fun in between the studying because the time really does fly by. And Shanny, just don't forget the most important thing of all: Dream on, dream on, dream on, dream until your dreams come true...<3 Love, Courtney

Oh, and P.S. sorry I cut the corners off your blanket =)

Shannon, Thanks for all your good advice and all the times you have helped me study. You really are a great sister! You will be awesome at whatever you do!

Love, Adam

# CODY STOVER

Cody,  
Even when you were little it was clear that you danced to the beat of your own drum and I am so glad that you still do. You have always remained true to yourself and your own character, and "character" is something you have in spades!! I am so proud of who you are. Although you have always played the tough guy ("buddy lee" can't bust 'em) appropriately named by Coach Hansen, you have a HUGE heart and you can always make me laugh even when I don't want to. Always keep that sense of humor and bit of silliness, it is one of your most endearing qualities. I love you.  
Mom

Cody,  
We've had many good times, there are many more to come. Looking forward to the future "Big Guy".

# Timothy A. Hardy

Timmy,

As we look back on these growing up years our hearts are filled with such joy. You are an amazing person, a gifted athlete, and one who possesses a tender heart and a love for serving the Lord. You are a strong person who loves his family, friends, and whose soul runs so very deep. Your passion is incredible whether it is hearing your bellowing voice from the soccer goal in "Duanes' house" delivering a crushing check in the ice arena, making an amazing play in the outfield, or hugging a child on a mission field in the Dominican Republic. You meet each challenge with intensity and commitment. The way you show your love and concern for your soccer, hockey, and baseball pals in both times of celebration and adversity is truly inspiring.

Although you're "in the middle" it often feels like you are the oldest showing that very protective big brother side. You watch over your brother and sister with great presence and stature. Trust me they love it! You carry your Dad's athletic prowess and your Mom's social inclusiveness. You will go far by keeping yourself grounded in your love for the Lord and as Mrs. Carlson would say "using your gifts for the good!" Through all of our camping trips, Fifield, Disney, Samoset the DR, sporting events, VBS dramas you have been an amazing blessing and have always kept us entertained with that dry humor! You are our Tim Tim, Timmy, Timothy Alger, Timoteo through it all you are loved!

Love, Mom and Dad

Tim,

We have had many great times growing up over the years skating out back shooting pucks downstairs, playing soccer and baseball. Good luck in College. When you come home I'll always beat you in ping pong!  
Love, Chris

Timmy,

You have been a blessing in my life since the day you were born. I knew my life would never be the same. I had found my new best friend. You bring so much laughter into all of our lives. I can't wait to see all the amazing things you will accomplish. "Be confident of this, He who began a good work in you will carry it on to completion until the day of Jesus Christ." Philippians 1:6 I am so proud of you.

I love you, Maris

Tom,

Congratulations on your high school graduation! We are so very proud of you. We have watched you go from a little guy that loved to go for walks in the back field by himself, to a pig racer, to a calf wrangler, to the hard working young man you are today. We appreciate all of your help here on the farm and we will miss our "right hand man".

(We) hope the days come easy and the moments pass slow

And each road leads you where you want to go

And if you're faced with the choice and you have to choose

(We) hope you choose the one that means the most to you

And while you're out there gettin' where you're gettin' to

(We) hope you know somebody loves you. (adapted from a song from Rascal Flatts)

Love you always,

Mom, Dad, Sami, and Trav.

Sara,

We are so proud of what you have accomplished already, and I know we will always be proud of what you do in the future. The years have gone by so fast. I still remember your first day of pre-school, your first day of kindergarten, and already next fall will be your first day of college, I know you are ready but I don't know about me. You have always gone your own way; you have a very independent streak in you, like going to DC by yourself for 10 days. We know that whatever the future holds for you, it will be what you have decided for yourself. Always be happy and make everything as much fun as possible.

Love you Always and Forever,

You are "amazing". You are the most fearless person we know. You throw yourself completely into whatever you do. You bounce back from disappointments faster than anyone we know. We know that you are capable of great things because you have that wonderful combination of intelligence and the ability to work hard. When you were born, you didn't cry. Instead, you opened your eyes wide and quietly looked around the room-gathering everything in. Since that day, we have come to appreciate what we now see through those intense, inquisitive eyes. We now take time to notice the blue in the sky on a warm summer day; the frothy foam of ocean waves; the striking, vivid colors of a crisp autumn day; the big, brown eyes of a beloved family dog. Through you we see so much more, appreciate so much more, and love so much more. As you move on to the next stage of your young life, we look forward to sharing it with you and continuing to see it and experience it through your eyes. Reach for your dreams, Katie. Work hard; treat others with love, respect and honesty; be resilient and strong, yet always remember to show compassion; stand up for your beliefs; don't forget to laugh and keep your sense of humor. Most importantly, never forget to be true to the amazing person you are because you are so beautiful...both inside and out. Your energy and vitality bring joy to all those around you. Your laugh, your humor and your smile are so charming and infectious. As you now move forward, do it with the same confidence, determination and curiosity you have always shown. We are there with you every step of the way...proudly cheering you on and seeing life through your lovely eyes.

# Luke Tanguay

Luke,

Determination, perseverance, courage, creativity, kindness, compassion and a sense of humor are some of the qualities you possess and have helped you get to where you are today. Always trust and follow your heart! Words cannot express how proud I am of you and how far you have come. I am in awe of your talents and gifts. God has given you many gifts Luke, and the greatest reward you can give Him is to use them! You will make a difference in this world!

Remember your mentors. Never forget the many friends that you have and who love you. Know that your faith will carry you especially in times when you need it most! The greatest reward I have of being your mother is saying that you are my son! You are my sunshine!

Love, Mom

Luke you are amazing! Over the past four years you have grown into a remarkable young man. I am very proud to call you my son. I am very excited about your future and the road ahead. I truly admire you. Its only all just the beginning...

To the Floaty Little Inner-Tube,

Okay, so we could go on and on wishing you off into the wild blue yonder, but it's not like you're headed to Nepal; however, there are a few thoughts we'd like you to keep in mind...

1. The Truth will *always* set you free--and it requires less memory.
2. When decision making, first consider the internal locus (or locust) of control. Ask *why* you are making that particular decision. And *for whom* are you making it? What makes *you* happy?
3. Try to hold yourself back from creating leg warmers out of your college roommate's sweaters; that's a sure-fire way to alienate people.
4. If he could see you today, that Shel Silverstein would be proud.

"I'm not the average girl from the video  
And I ain't built like a supermodel  
But I learned to love myself unconditionally  
Because I am queen"

With all our love and the hope that you find your own truth...

# Corey Poitras

Corey,  
 We weathered some storms,  
 We argued, we fought,  
 You made me crazy,  
 You're stubborn, and strong-willed.  
 You are also thoughtful, considerate,  
 and sensitive.  
 You have matured into a responsible  
 young man,  
 Who I am proud to call "Son."  
 Stand tall to your goals,  
 Be happy!

Always, Mom

Corey,  
 Although graduation may seem to some as a culmination, in reality it is  
 the onset of a new chapter in your life. The challenges ahead will be  
 diverse and unique to you, but with hard work in your chosen field, I  
 feel certain of your ability to succeed. Good luck with school next fall.  
 I'm sure living on your own will be an eye-opening adventure.  
 Although you never knew my Dad, he would have loved your quick wit  
 and sense of humor. In fact, there are times I see little glimpses of him  
 in you. There is no father who is more proud of a son than I am of you!  
 Love you, Dad

Corey,

You have changed so much in the last four years, I'm happy for all you have accomplished and the person you've grown up to be. I'm so proud of you and know how hard you have worked in the last couple of years. You will go far as long as you stay focused and driven. You are so smart and have a lot to offer. I can't wait to see what happened in the future, I love you!  
 - Your big Sis, Lindsey

# Eric Plourde

Eric,

We made a wish and it came true, in the early morning hours of June 22, 1992.

How quickly 17 years pass by! We have witnessed you grow and mature from a colicky baby who didn't sleep through the night for 2 years, to a toddler who obsessed over fire trucks and sirens, spider-baby, and Barney. From a little boy who played with bulldozers and backhoes in his sandbox...always accompanied by his dog, Spencer, to a teenager with a passion for soccer, trucks, and the great outdoors.

We are very proud of the young man you are becoming! Stay true to your beliefs and values - they will guide you through this journey we call life.

The Plourde house will not be the same without your daily dose of Maine "humah" and glorious singing!

Love,  
Mom & Dad

Dear Donny,

We have shared a lot of fun times together...eating Heather's "sandbox" treasures, fighting, going on long soccer road trips, more fighting!, playing soccer in the front lawn, breaking my arm while playing soccer on the front lawn, even more fighting! OK, so we fight a lot... I'm still proud to call you my brother! You have been sensational role model for 12 whole years... thank you! Have a happy and successful life!

Love, Sarah, xoxoxo

# Elizabeth LaMontagne

Elizabeth,

What can we say that could possibly convey how very proud we are of you? Your independence, your passion, your willingness to commit to help us, a friend, a club or someone you do not know. And of course your inability to tell a joke are the things that make you such a wonderful young woman. We love everything about you and want you to know we wish you the very best. Love Mom and Dad.

Elizabeth,

Peer editing with you would not be a waste of time. That, in addition to the overwhelming kindness, savvy European navigational skills, and constant willingness to pass the time with historical trivia, makes you a pretty incredible sister. All my love and the best of luck, Jamie

Elizabeth,  
Thank you for doing crafts with me. Love Luc

# Kelly Rondeau

Kelly, Kellie, Kelley, Kelli, Kelly Nicole,

You are so loved. We are so proud of you and all you have accomplished thus far. The future holds so much promise for you... hold on to that smile, that beautiful smile. Life is full of wonderful surprises, things rarely go according to plan but be open to whatever God brings your way. You have so much to offer and, as you find your way know that we are behind you 110%.

You are so special. You deserve the best but you have to earn it. Be who you are, be honest, work hard, play hard and know, deep in your heart, deep in your soul, you will thrive.

Much Love,  
Mom  
xoxo

# Cory Beaulieu

Our handsome boy, where has the time gone.  
Once so small, with your blue blanket in tow.  
You sneak to the cupboard, the cereal you  
throw.

Childhood your busy, inquisitive and sweet.  
Peek around the Conner, dad he's asleep.  
Collections of frogs, bugs and cards.  
Meticulous, relentless, you're a sponge for  
knowledge.

Kind and loving, you're the one friends could  
count on.

Teen years bring independence, you're growing  
so tall.

Friends, hockey, girlfriends and camping.  
We laugh together; your humor is wicked.  
Your smile is contagious, you have touched  
many lives.

Time has grown wings, you're ready to fly.  
It's hard to let go, but we will have to try.  
Thoughtful and courageous, we know you'll do  
well.

Our beautiful boy we love you so!

Dear Cory, We are not sure where the time has  
gone, you're now a young man. You have  
touched our lives profoundly. What would we  
do if you were not here to make us laugh.  
You're intelligent, determined, and you will  
excel in whatever you decide to do in life. We  
are very proud of the person you have become.  
Embrace life's journey. Follow your kind heart;  
it will lead you to the place you belong. Dad  
and I and Athena are here for you always.  
Love you and good luck!

# Melanie Hebert

Melanie: It seems just like yesterday that we watched you take a school bus for the first time. We were excited for you but nervous knowing that we would not be at your side to take care of and protect you. You were on your own! We wanted to follow the bus to make sure you got off at the right place and to be there in case you needed help. It was definitely of separation anxiety, and more so for us then for you as we recall.

Since that day we've watched you grow in so many different ways. As you participated in class presentations, school plays, musicals, extracurricular activities, sports and so on. We can remember the days when we traveled to pleasant mountain with you and all your ski gear in tow. You took lessons in the morning, and we met you at lunchtime for an afternoon of fun on the bunny slopes. (The Bunny slopes-remember!) As the years went on, you improved, moving up to steeper and more difficult hills. And now, well we can't even keep up with you. We hope you'll join us at sugarloaf during your college breaks and that you'll make time to take a few runs with us.

And you have grown to be a good field hockey player. Playing "low to the ground" and breaking the momentum of opposing teams being your major trademarks. And because so many of the girls on the team look alike, we were glad you had your "hot pink" stick by which we could easily spot you on the field.

We are going to miss your perpetual singing in the house, the numerous text messages you send (or will that continue?) your calling us on the downstairs phone from the upstairs phone (guess it beats yelling) and your loud rap music (well not really!) The dogs, Lacy and Sam will miss you as well, and let's hope your fish survives with us as caretakers.

You have grown into a beautiful, independent, confident young lady with great aspirations and tremendous potential. The world and all its wonders await you, now go for it!

With love always, Mom and Dad.

XOXOXOX

## To the Editor i and our daughter, Amanda, Your Journey

In the beginning, before you were born, you travelled abroad with your Mom,  
Once you arrived, to Michigan we flew, a traveler was being formed.  
You have grown from our little girl to a beautiful young woman,  
anxious to follow your dreams  
on the path less travelled. Here is our wish for you:

May your road of life lead you where you want to go,  
If a door's not open, keep looking for the window,

May your life become all that you want it to be,  
And your dreams stay big, and your worries are few

When tough decisions come, listen to your heart as it will lead you well,  
Know that you will never be given more than you can handle,  
For you can do all things with His help,

May you always forgive, and don't regret what you didn't do,  
Remembering caring, honesty, responsibility, and respect... your core  
values

Show the World the warmth of your smile, the joy of your laugh,  
and the kindness of your heart,  
And help those in need every chance you get,

May you look ahead with excitement to all the places you'll go,  
But never forget where you first came to be,  
Where those who love you, in the place that you left,

And while you're out there, going where you're going to,  
Remember... Love will follow you!

Sweetie, you have brought such joy, pride, and love to our lives.  
Your family holds you very near and dear,  
and no matter where you go, we'll always be there for you.  
Congratulations on your graduation!  
Love always, Mom, Dad, Matt, and Roxie
