## Mr. Scott Caulfield

I first met this man back in the early nineties while I served on the School Committee here in Gorham. Even then I knew I was in the presence of someone who was extremely bright, witty, well spoken and rounded by a multitude of life experiences. He is a man who set high expectations for his students, who was rewarded by the meeting of those expectations. I had those thoughts verified when my daughter was assigned to his class in seventh grade. I remember the writing assignments she and her classmates were expected to complete, not just one per week or a multi-page report each quarter or so, but daily assignments with many corrections and revisions and peer reviews.

This was also the year I had my first encounter with this walking compendium of historical knowledge. I volunteered to chaperone a trip to our nation's capital. At EVERY monument or memorial we were treated to an in-depth discussion of its historical significance. We were led off the beaten path to see and learn about some of the lesser known sites of Washington. All questions asked by his students were quickly and succinctly answered. Many times we listened to the tour guide for general information then went to him for the real scoop.

His knowledge of subject came to the fore when I again chaperoned a trip with him, this time to Italy. His understanding of all things historical, from the architecture and building techniques to the building of civilizations and the cultural importance of the writings, paintings and sculpture, were shared with such ease. Drawing from his deep knowledge, he seemed to know where each major masterpiece was located in the Uffizi and how to navigate the streets of Venice or Rome as if he were native to the country.

Not one to give up an opportunity for hands on learning, he has worked alongside students cutting lumber and milking cows. He has designed board games to better teach his subject. He has run a potato chip company and hired local students to help landscape his home just because they could use the experience. He has served our country and maintains his love of learning. He is a very good go-cart driver but, like the rest of us, always gets beaten by a certain science teacher. He places his wife and two daughters above all else, and we are truly lucky to have him on our faculty here at Gorham High School.

It is with great pleasure that we dedicate this year's Schola to Scott Caulfield, a true lifelong learner, a great educator and curator of an incredible tie collection.

Sincerely,

Michael Wojtal

There aren't many teachers who have the dedication to come into school on Saturdays to make sure their students understand the intricacies of the DBQ. There aren't many teachers who have the knowledge to lecture on the French Revolution one class and the modern day Middle East the next. And there aren't many teachers who have the style to wear a different tie every single day of the school year. But Mr. Caulfield is all three. Having been a student of Mr. Caulfield in both AP Modern Euro and Comparative Government, I have experienced two classes that, while very different in rigor, have accomplished the same goal: comprehensive learning of a topic. In both classes, learning has not only come from textbooks, but articles culled from other sources and handouts created by Mr. Caulfield himself to provide thorough understanding. Whether it be entertaining students with movie nights regarding a relevant topic, or creating simulations allowing students to engage each other while playing the role of Renaissance nation states or nomadic peoples, Mr. Caulfield shows that he lacks for neither commitment nor creativity. Thus, in thanks, we would like to dedicate this yearbook to Mr. Caulfield, a consummate teacher.

Sincerely,

Mike Lubelczyk

## Mrs. Susan Sedenka

Susan Sedenka has worn many hats here in Gorham over the last 27 years, first, second and third grade teacher, Director of Teacher Education and Induction, Teacher Scholar, and Literacy Specialist, Literacy ESL Coordinator, as well as teaching many classes at USM. For the last five years she has worked at GHS helping students become better readers. She sincerely cares about each and every student. When students drop into Ram Central, she translates Spanish, analyzes historical passages, edits students' papers, solves algebraic equations or provides a place to process a bad day. Always welcoming and encouraging, her passion for reading is contagious, evidenced by her not so private library for students and staff, and the many stars on the wall representing the books she and her students read each term.

Compassion – com-pas-sion: (noun)

- Sympathy, empathy, concern, kindness, consideration, care, kindheartedness, benevolence

Mrs. Sedenka exemplifies compassion as she helps students succeed at school emotionally and academically.

My guess is her advice to all of you to become better students and citizens would be "read, read, read."

## Mrs. Susan McCarthy

Mrs. McCarthy

In her 31 years of teaching, Mrs. Susan McCarthy has made a lasting impact on the school communities with which she has worked. However, no school has benefitted more from her wisdom and skills than we have at Gorham High School during her 14 years here as a math teacher, math team leader, and numeracy specialist. Mrs. McCarthy's students will tell you that she has an amazing way of helping them understand math and see its relevance to their lives. Her patient, soft-spoken style, sprinkled with a healthy dose of wry humor, is perfectly suited for empowering both students and teachers to achieve their best.

Mrs. McCarthy's influence has also been felt beyond the classroom. Her innovative ideas include working with young mathematicians to create and manage a used book store and tapping into the talents of our students to earn community service as peer tutors. She is well known as the leather-clad head judge for Dancing With the Teachers and she coordinating the Bennett Art Auction for many years.

Retirement doesn't necessarily mean that Mrs. McCarthy will be slowing down. She is a true Renaissance woman who has many talents including painting, playing the piano, and carving wood. She loves the Maine outdoors, particularly her little bit of Heaven on Sebago Lake, where she can be found building stone paths or planning family gatherings.

Mrs. McCarthy would like to leave this parting advice for all: ask for help when you need it, help each other if you can, and know that you can do whatever you set your mind to do. She has been a role model for all of us in Gorham and will be sorely missed.

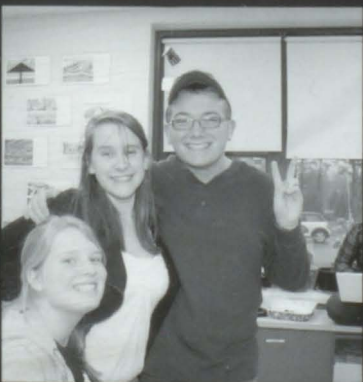

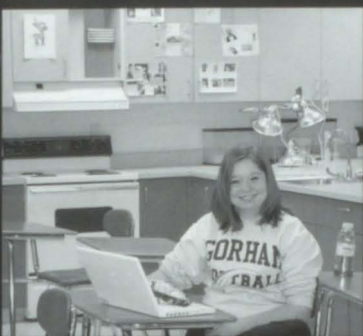

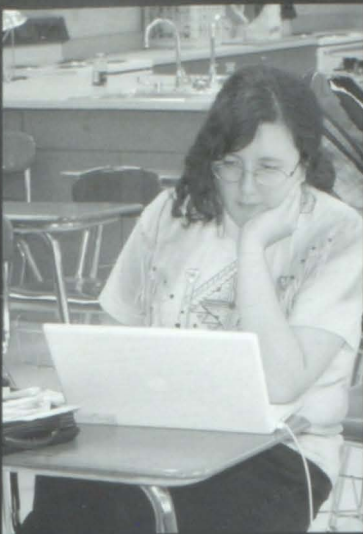

Sincerely and with much respect,  
Susan Sedenka

# Yearbook

**Dear Gorham High School,**

Another year has come and gone. It has been filled with fun, laughter, and entertaining moments. From sitting in long block day classes, to cheering at sporting events in the freezing cold, or even watching the latest drama production, it has been a year of new, fun, and exciting things. Flipping through this yearbook, we hope we have captured the moments which have been important to you.

When you look through the yearbook it may seem like it is done in a moment, but in reality it takes hours of sitting at a desk, staring at a computer, trying to get the font and pictures to line up perfectly. Countless emails and tons of picture retakes have helped to make this the best yearbook possible.

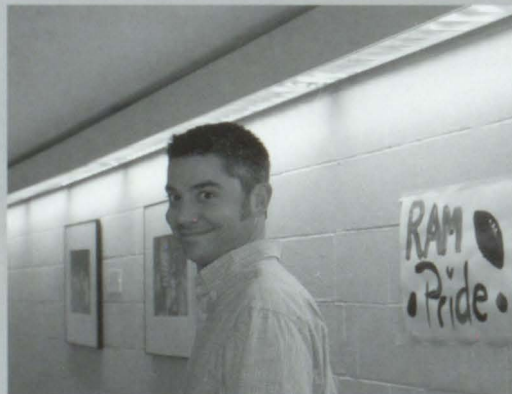

The amazing Yearbook staff made everything look as good as it does. Without them there would be absolutely nothing here. We had our moments where we laughed together, but on more than one occasion, they were not afraid to yell at me when I was doing something that they thought was wrong (and normally I was). Kiley, Hannah, and Lydia, each one of you were absolutely amazing. Without their help, I would have given up after the first month. Though they tried to teach me, most of the time they just did everything themselves. However, they were not the only ones. The whole staff put in countless hours after school, giving up afternoons and weekends. Mrs. A-W is at fault for all of this. She got me involved by asking me to be editor, and then she was there for constant collaboration and support when I needed it the most. I want to thank her for intervening when needed, but also for just letting me fail at times and learning how to do things on my own.

This has been a very special year at Gorham High and I am glad that my staff and I were not just able share the moments with all of you, but also capture it all to remember it all for the rest of our lives. Kiley, good luck with this job next year. It definitely isn't for the faint hearted.

**Thank you to you all,  
Riley Shane Perkins

# Advisor Message

---

To the Graduating Seniors,

What does one tell graduating high school seniors today? I am sure you will receive plenty of advice and praise for a job well done and for the futures you are planning. Yet two things come to my mind. First, education is not terminal. Your education will continue long after you leave GHS, in thousands of formal and informal ways. One of my favorite sayings is: "Learning never ends until you have soil in your ears." Be open to that.

Second, life has a way of taking its own path once in a while, and all of you will experience this, as you have somewhat already. Five "Code of Conduct" beliefs are found on the hallways and classroom walls throughout GHS: courage, compassion, honesty, respect and responsibility. Consider them as ways to handle the bumps that will continuously arise.

~Shauna Dunn

Dear Class of 2013:

What rhymes with "thirteen"? Green, machine, lean, mean, clean... Though we tried repeatedly during your freshman year, we were never able to come up with a Class of 2013 motto. At the time it was a little disappointing. As I began to write this farewell, however, it struck me that no motto could speak for your class as a whole. You are diverse, talented, goal-oriented individuals. In my Advisory group alone are: a future doctor, an engineer, a soldier, an elementary school teacher, an automotive specialist, a law enforcement officer, a politician/high school history teacher, and a possible ambassador to China. You are painters, performers, leaders and prospective parents with promising futures ahead of you.

Beyond that, you are caring young adults who donate your time and efforts to help others. Some of you have logged as many as 200+ hours of Community Service. For that, you should be very proud.

You have been fortunate to have the consistent efforts of Riley, Max, Meaghan, and Cassie your class officers. As sophomores, they promised to dedicate themselves to fundraising and class activities. Mrs. Dunn and I can assure you that they have honored their promise, earning funds for your class selling "Ram" seat pillows and hot chocolate. Each of them spent hours at soccer games, or in the "Snack Shack" doing so. They initiated the "Gorham Idol" competition, did multiple car washes, bottle drives and numerous other activities. They have worked tirelessly on your behalf.

It has been my pleasure to serve as one of your class advisors. I still remember your first day as Freshmen. I have enjoyed watching you grow and begin to plan your lives after high school. To my "Advisees", thank you for your patience. I hope there's always someone around to give you a snack. I will miss meeting with you. Riley, you have been an amazing Class President. You have more energy and enthusiasm than anyone I've ever met. You always managed to get things done, even if you had to run the length of the school to do it. Remember that you promised your classmates a graduation they would "always remember". I believe that you will keep your word. Thank you, gracias, merci, Deborah Roy

"Good bye may seem forever. Farewell is like the end, but in my heart is the memory and there you will always be." Walt Disney

# President's Message

---

Class of 2013,

What a senior year it has been. We have all come so very far in the last four years, and this year has been the icing on the cake. We have come closer together as a class, sharing in the victories, and the losses. We have been there for each other whenever we needed it. I am grateful we have been able to share so many moments together over the last four years.

It's been a honor being your president for the last three years. I want to thank you all for making everything we have done possible. I couldn't have accomplished anything without help. Max, Meaghan, and Cassie have all done so much, at times receiving little recognition. We have enjoyed doing it all, and are proud of all that has come out of the last three years. From standing out by the roadside trying to get cars to stop for a carwash, to knocking on doors for bottle drives, or selling seat cushions at sporting events, even sitting in the snack shack in the mornings selling hot chocolate, and helping out with a blood drive. We have stood together cheering for sports, we laughed and cried during drama productions, and we supported each other when we lost our dear friend Tim Stickney. We have endured through long block days, stressful exams, and crazy schedules. Though many challenges have been put before us, both inside the classroom and out, we have stayed together and grown stronger as a class. We have had a long journey together, and that journey has now come to a new fork in the road where we will all go in many different directions.

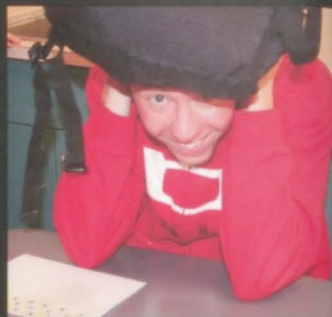

Class of 2013, we will be remembered. We have changed this school in so many ways. Whether on a sports team, in a drama, in a painting or mural, or in a club, each one of us has done something to change this school. We have been the best class to pass through these halls in many years. We are the Class of 2013, and our legacy will live on for many years to come.

Best Wishes to You All,  
Riley Shane Perkins  
Class of 2013 President

"How far you go in life depends on your being tender with the young, compassionate with the aged, sympathetic with the striving, and tolerant of the weak and strong. Because someday in your life you will have been all of these."

Mom and Dad, I couldn't have made it this far without your help. You are the best parents I could ever ask for. Thank you so much, I love you both.  
Taylor, you're my brother, my role model, and my best friend. Thanks for helping me get through the rough patches, and always being there to have fun with me during the good times. I'd like to thank my family for being there for me. I'd also like to thank the many friends I have made and the adventures they have brought me throughout my 4 years of high school. It hasn't been the easiest 4 years of my life, but it sure has been the best 4 years of my life!

Thank you to my whole family for being my biggest fans. Mom and dad, you've always inspired me to be who I am today and I can't thank you enough for that. I love you both. Erik, thank you for making me laugh everyday, and I love you very much. Aunt Kate, Uncle Andy, Wyatt, Gavin, Aunt Tracy, Uncle Keith, Taylor, Brianna, Devin, and of course Grammie and Bumpa...LOVE YOU. Close family is what truly makes it all so special. I want to thank my teachers for putting up with me over the past four year. I would also like to thank my family and friends for supporting me with both sports and academics. I came into high school freshman year nervous and immature. Now, As I prepare to leave high school, I believe that I am Ready to take on the world, one step at a time.

Congrats Class of 2013 we made it! It's Finally our year to graduate and go on with our lives and do bigger and better things! I want to thank my mom and dad for pushing me to always do better. Also, Mrs. Carroll and Mrs. Sedenka for putting up with my crap and helping me with my work. I don't know what I would've done without you guys, you guys really helped me to be here today and graduate. And my crazy friends for always being there for me! See ya GHS! Its been real its been great, but it hasn't been really great!

I would like to thank Luke Skywalker, for keeping me from the dark side. I would like to thank Barry Bonds as well, without him I wouldn't have seen the negative effects of steroids. Also I would like to thank Mr. T, for teaching me how to pity fools. Lastly I would like to thank Ray Lewis for teaching me there is such a thing as being too intense. As Bart Scott said, "CAN'T WAIT [to graduate]."  
No but really, I want to thank my Mom for putting up with me for 18 years. I know a lot of people say "thanks for putting up with me" but I was really a pain. The fact that she could live in the same house with me for so long is a miracle. I love and miss you Dad, and thank you for all you did.

Marc Benson

I want to give a shout out to all the teachers that helped me along the way and to all my coaches that pushed me to do my best not only on the field but in the classroom as well. I also want to just say thank you, thank you for not giving up on me.

To all my girls, I wish you all nothing but the best in your future. I know I'll see you all soon. High school may be over, but it's not an ending it's another beginning. As I try to achieve the dreams that high school prepared me for I will always remember these words as Bon Scott once sang:

Well this is it. I made it and now I'm done, I never thought I would make it but I did. High school was good for a few things. There was prom and homecoming and Voc. I got closer with my friends and met a person who is more than a teacher but more like a best friend, Ms. Lynn Corroll. She was always there for me to help me with my homework and get me through tough times and my best friends were there as well. I would have never made it through high school without my best friends. As I say farewell I hope that we all stay close.

These have been a great four years of my life, but unfortunately, I probably won't remember much of them. It'll probably be just faint memories of my friends and "goals" that my life contained during the years. I couldn't have made it without some of you guys, so you have my sympathy. We've all had a lot of good times together and there are plenty of things that I need to remember someday, so I hope this will serve as a reminder to them whenever I read this again. I promise I will remember most of you.

Where floated needles decide the way,  
I'd dig in my heels but I might crack the ice.  
Give me some solid ground."  
- "Don't Look Now, I'm Being Followed. Act Normal" - Hands Like Houses

I'm proud to finally be graduating from school and move on to meet more people. I've made some big decisions throughout my time at this school, and I don't regret them. I've enjoyed all of the time I've spent here and I'm happy to have met the friends and teachers that I've had. It's time for me to move on to some bigger and better things, so I leave this place with these words:

"I've mapped the constellations for years  
But they haven't proven trustworthy just yet  
I've stood on the shoulders of giants  
But never saw past my own shadow."

"You have brains in you head. You have feet in your shoes. You can steer yourself any direction you choose. You're on your own. And you know what you know. And YOU are the one who'll decide where to go..."  
-Dr. Seuss

So live the life you want too, but while you live for the future don't forget the people who helped you get there. So thank you to the Gorham High School staff and my parents for helping get me to where I am now.

Finally! Time to trade in the pencil and books for a cap and gown. I'd like to thank my family and friends for ALWAYS being there, I love you guys. Mom, you've helped me through the good times and bad. You changed my diapers when I was little, and now I'm going off to college! I can't thank you enough for everything you've taught me, and helped me become. You're truly the strongest and smartest person I know, and I love you more than anything. My plans right now, are to study nursing at a four-year program. Then, I plan to get my therapeutic recreation degree and become an activities director at a nursing home. By rights we shouldn't even be here. But we are. It's like in the great stories. The ones that really mattered. Full of darkness and danger, they were. And sometimes you didn't want to know the end. How could the world go back to the way it was when so much bad had happened? But in the end, it's only a passing thing, this shadow. Even darkness must pass. A new day will come. Those were the stories that stayed with you. That meant something, even if you were too small to understand why. But I think, I do understand. I know now. Folk in those stories had lots of chances of turning back, only they didn't. They kept going. Because they were holding on to something.

For the past two years I've called Gorham my home, and GHS my school. My time here has been short, but it has been a good time, and only good memories have been made. Meeting new friends, discovering new places, and having new experiences has been great, and I hope that after graduation, the class of 2013 has the chance to do the same. I want to thank all my friends and teachers for making the transition to GHS easier.

I'd also like to thank my parents, who have always been there for me. I love you guys, and I can't thank you enough, you've made me who I am today. Last but not least, the class of 2013, I hope all of your endeavors are great, thank you all, and good luck!

I would like to thank all of my friends and family for always being there for me. Thank you Kara and Polchies for being my best friends and always being there for me when I needed you the most.

I can't seem to wrap my head around the fact that this is my last year in high school. It almost seems like just yesterday it was the first day of school in my freshman year. It's crazy to think how much I have grown over these four years. I am more than excited to see where life takes me after this chapter in my life. I can't thank enough my family, Mom, Dad, Justine, Crystal, and Bethany; I love you guys so much. To my friends, thank you for giving me unforgettable memories, there are so many more to come. I couldn't have done it without every single one of you. Here's to the class of 2013. I can't believe I'm saying this, but we did it!!

It has been a good run guys. Throughout the past years we have grown as a class and we will continue to grow apart and spread out like a tree, spreading out love for others like the branches on a tree. Spreading out and covering those who have fallen below.

"As the Father has loved me, so have I loved you. Now remain in my love. If you obey my commands, you will remain in my love, just as I have obeyed my Father's commands and remain in his love. Greater love has no one than this, that he lay down his life for his friends."

It seems like just yesterday we were all 5 years old walking through the doors of kindergarten. Now look! We are seniors today! I won't forget the 4 unforgettable years at Gorham High School! I have had lots of ups and downs but with the help of my teachers, friends, and most importantly family, I wouldn't have made it through these 4 years.

Thank you guys so much for everything! To Mom, Dad & Carissa, thank you so much for all your support and helping me get through life! To Erika & Meredith, enjoy the rest of your school years because it all goes by so quick! "June, the month most seniors live for. The end of one life and the beginning of another"

These four years have been a beautiful learning experience. I've failed and I've succeeded. I've met intricate people and opened my heart to the fullest. Maintained a best friend and created memories that will last forever! Thank you everyone that helped me through high school, it really does mean a lot.

I don't know what I'd do without my big brother looking out for me, or my little sister to make me laugh, and my parents to always be there.

Football 2012 was an unforgettable season. I've learned so much from my teammates and coaches. Good times with NR (great movies), MM (had a blast playing basketball), MJ (love you, Baby Girl), KG (you are the best bro). I'll never forget you! I wish the best of luck to my brother Nate. I want to thank my parents for their love, guidance, and support. I also want to thank my teachers for giving me the opportunity to succeed. There is one special person in my life who I wish was here to see this day and that's my Papa who we lost in 2010. His spirit has guided me, and watched over our family. He inspired me to live life to the fullest and never give up on my dreams for you never know when that chance will end.

To thank my teachers, for all their hard work. In making me a student, sharp and smart. Although your homework sometimes did me irk, You taught me to think with my mind and heart.

To thank my family, silly as they are. For your undying support all these years. Without your love I would not have gone far. My confidence has sprung from your loud cheers.

To thank my friends, who always make me laugh. On days when I am feeling awfully blue. You'll think I'm just a sentimental sap. But I know I'm who I am because of you.

Family isn't the blood that pulses through your veins, it's not the home to which you are born. Sometimes that happens to be the people you are related to, other times it's the people who choose to accept you. Whoever your family is, you love them more than anything else in the world.

High school isn't about getting the best test score or memorizing facts, it's about making mistakes and learning from them. It's about the people who have left your life, entered, and stayed. It's about the memories you won't forget, and the friends who will impact you for the rest of your life. SEF, TJP, LKA you mean the world to me. Mom and Dad, thank you for always being my biggest fans, and for always supporting me in everything. Molly, thank you so much for love, guidance, and encouragement you have given me.

GHS has occupied the previous 4 years of my life; the years potentially most important to us as students. The people and experiences encountered within the years here have shaped our next 4 years, and maybe even the 4 after that. In essence, high school was but one domino amongst many and I am wholly glad to have partaken.

Wow can't believe it has been four years already feels like yesterday when it was my first year of freshman year. Where did the last 4 years go? Feels like it went by way to quickly but all I know is I couldn't do it without the help from all my amazing teachers helping me through all those tough days and my family and my girlfriend Zoe all you guys helped me out so much and I thank you all and now it is time to go see what the future being for me and see how things go see ya later GHS

I thank God for these wonderful four years at GHS. To my parents and sister: you have made me who I am. Thank you for all the love you have given me throughout my life. Ryan: I can't imagine life without you by my side. It has always been a quick walk down the hall to go see you, and it's going to be tough not having that next year. To my friends: you all mean so much to me. Thank you for your ongoing support over all these years. I also want to thank my Young Life leaders for loving me and encouraging me to live up to my potential.

I thank my parents and little sister, although sometimes you were embarrassing, in the end you were really cool. And a huge thanks to all my friends, not every day is going to be the best day, but having a great group of friends sure makes the bad days a lot better. And to Meg, having a twin is a privilege not many people get, and that special connection between twins is more than one can have with any other sibling. It's going to be really weird next year without you. And of course, God. These four years have been the most stressful, exciting, tormenting, amazing, life-changing years of my life! So many things have gone wrong, but if you just look at something bad through a different perspective, you can turn any situation into a good one. This school, these friends, these teachers, and my family have always been there for me. I don't think I could have made it through the things that I did if I didn't have them right by my side! <3

My time at GHS has been legit. Every year it got a little better, with new friends and new things to do. Now I am a senior and the rest of my time here at GHS will consist of "such much chillin" I am very thankful to my PE teacher Mr. Myers. He has been a role model to me and has made me more a man than a child with all of his inspirational and funny speeches and stories at the beginning of class. I am going to miss GHS and all of its craziness, but what comes next will be an adventure of its own.

Peace Out GHS

In the most non cliché sounding way, High School went by in the blink of an eye. Coming in as a Freshmen I could never imagine myself writing my Senior write up saying goodbye to GHS. While I'm at it, I'll mention the people who have encouraged me, pushed me, guided me, and loved me through my High School years. To my friends and Lacrosse team thank you for always bringing out the best in me. My brother Kyle for taking me hunting on the weekends to distress, and my sister Amy for being the best sister, and a best friend a girl could ask for. And my beautiful Mom, thank you for raising me into the person I am today, I'll always know no matter how far I travel away, that my home is wherever you are.

As for Charlie, thank you for the positive encouragement. And lastly, a very special thanks to Mrs. Smith, since Freshmen year you have always looked out for me and that means so much. "No matter what happens in life, be good to people. Being good to people is a wonderful legacy to leave behind."

I'm going to miss everyone that's for sure; I've shared memories with my family, friends, and classmates here that will never be forgotten. At times I couldn't wait to get out; but at the same time wouldn't trade my life here for anything. I'd like to thank my family & friends for supporting me; you have been so great about everything. I want to thank everyone for making my high school days so great. I've known most of you people for years and I am going to miss you all. I hope to see you all in the years to come. I'd like to thank my family of course, for always being there for me. I'd like to thank my friends who have always stayed by my side and made it possible to survive the day to day stress. I'd like to thank everyone for making this class such an awesome class to be part of. Go GHS!

Although I don't want this to sound like everyone else's write-up by saying that these last four years have flown by, I think that's how this is going to play out. Everyone told me that my High School years would fly by and I hate to admit it, but they were right. A lot has happened between my Freshman and Senior years. I've had good times and bad times and I'm grateful that I have always had people I could count on. I'm not going to list them here- they know who they are. I learned and had fun at GHS but now it's time to move on. I look forward to what is in store for me in the future and good luck to everyone in the class of 2013.

Dylan Lancaster

To start I would like to thank all of my teachers, who have taught me how little I actually know about each subject I've had a course in. Next, I thank my family, for all the obvious reasons that one should. And last I would like to thank my friends for making my high school experience easier to get through. And to everyone I've met and might not have the chance to see again, have a good life.

Elizabeth Landry

Mom and Dad, your unconditional love and support inspire me. I can't possibly thank you enough for everything you've done for me these past 18 years! Ben, I'm proud to call you my brother. Thanks for leading the way and teaching me the importance of laughter (especially when it's at your expense). To the teachers I've had the privilege of learning from, thanks for sharing your wonderful knowledge and advice. To my friends, I love you all! Thanks for the good times. I won't say goodbye, because this is only our beginning.

Well GHS, these 4 years sure did fly by. Honestly, I have to say it's been a blast. Class of 2013, we've been growing up together and I just wanna say I'm lucky to have known all of you, I've had fun. Guys, you know who you all are, all of you make everyday interesting. Maybe someday we'll all still be able to hang out. Mom, Dad, grandparents, thank you for everything you've given me, I really appreciate it. Colby, I've left a good name for you, don't mess things up!

And they have no respect for the status quo. You can quote them, disagree with them, glorify or vilify them. About the only thing you can't do is ignore them. Because they change things. They push the human race forward. While some may see them as the crazy ones, we see genius. Because the people who are crazy enough to think they can change the world, are the ones who do."

It's been a crazy adventure. I won't forget the bonfire and mudding on the Buxton poll lines. The Saturday nights at Beech Ridge and everything in between. I want to thank everyone who has helped me get this far. Melissa Denick and Mr. Chicoine, thanks for all your help. To my friends who stuck by my side. Lexi, Nicole, Katie & the rest of you. Thanks to my mom and sister. Love you! Also to my dad I know he would be proud. Rest in peace. Last but not least I want to thank my boyfriend, Ryan Lund. Thank you for everything you do. I love you!

Gorham, Maine has changed my life. I moved to Maine August 12, 2012. I came to this school knowing nobody at all. I took a huge step in life that most people would not take. I wouldn't call myself a daredevil, but a girl who just needed more love and a fresh start in life. I find a lot of love at this school. I find it not only in the staff, but within my peers. Thank you Gorham High School for showing me that taking that big step leads to a big, happy future. I want to thank my dad for driving 900 miles just for me, the love of my life, Cory Price, and my step mom, Nancy Mash. I love you guys.

Nicholas Matthews

It would be utterly impossible to sum up 17 years in Gorham in 720 characters. I won't even make an attempt. What I would like to say is simply this: thank you. Thank you to all my coaches and teachers for inspiring and developing me, my family for supporting me and loving me, and my friends just for being who they are. It's been a pleasure learning, laughing, growing, and living with all of you. I wish all of you good luck and best wishes in whatever you may choose to pursue.

P.S. This senior write up is a little too serious for my taste, so I'll end with a quote from Michael Scott:  
"May your hats fly as far as your dreams."

Emma McCann

High school wasn't what I expected, but if I could go back and do it again I wouldn't do anything different! I wouldn't have been able to make it through these years without my mom who has been there for me every step of the way and always believed in me! I'd also like to thank all my amazing friends who have also always been there for me and made me laugh when I wanted to cry. Good-bye GHS and good luck class of 2013!

If your dreams don't scare you, they're not big enough. Decide that you want it more than you are afraid of it. Replace fear of the unknown with curiosity. Stop competing with others. Start competing with yourself. Don't let the noise of other's opinions drown out your own inner voice. Be so good they can't ignore you. Don't look back, you're not going that way.

Thank you Mom, Dad, Meg, Matt, Grammie and Grampy for supporting every single thing I do, and guiding me through the things I do wrong. Mr. Paradis, I can't thank you enough. Most of all, a big shout out to Jesus Christ for being the shining light of my life. Thank you all for helping me through the longest and shortest 4 years of my life.

I have grown thanks to the love and support of all my friends, my family, and my teachers. I hope you all know the impact you have all had on my life, how much you have shaped the person I have become. I have enjoyed every crazy minute here at GHS, and am a bit reluctant to leave behind such a great place. I will never forget any of you guys.

I just wanna say thank you to the teachers and principals for everything. I know I made a lot of you run for your money (you know who you are). I know there was a lot of havoc on numerous occasions by me but somebody had to do it. I made many people laugh and some cry. I was definitely a character and I never really cared what I said or did. I always did what was on my mind as many of you know. Even though many of you thought I was a peckahead, I was always there if anyone needed help or just wanted to talk. I'm just a country boy and I always will be there no changing that. The reason I never liked school is because I love to work and that's all I really know how to do. Well I guess that's it, Devon Nelson is now checking out. Stay safe everyone.

Good luck in high school, Bryan, I love you. Just wanted to thank my parents and siblings for helping me through my high school years, and thank my coaches for the help they have given me with my golf.

Erin Smith

Seniors already!! Words can't describe how the past four years have been. I'd like to thank my parents for always supporting me throughout the years. Good luck Julia and Caroline! Keep working hard in school and with your sports. It goes by fast, try to enjoy it while it lasts. To the soccer, basketball, and softball girls, thanks for helping me make so many great memories I'll never forget. Good luck with your upcoming seasons!

See yah GHS!!

SO LET'S BEGIN!  
I often wonder if I'll ever finish all I've started, and the answer I have found is NO.  
No, I will never finish all that I have started because life is about doing, the process and not the result. Life is about doing whether you want to or not. MY LIFE!: A constant work in progress and I wouldn't have it any other way. Even as we get older we do it all over. Make our own plans and score the music to our own lives. Looking into the future, there is more room to move here. Invincible as we score the music to our own lives.

These four years have been nuts, and I'm glad I could spend it with the people I did.  
Love you guys

To my family - There aren't enough words to thank you. Without your constant love and support, nothing I do would be possible. To my friends - We've had so many laughs and memories. I honestly don't know where I'd be without you. To my field hockey sisters - My favorite memories are on the field with you girls. Play your heart out and come off the field with no regrets. Good luck to you all. Thank you for making me who I am.

Follow your dreams, you never know where they might take you. Limitations only exist if you let them.

What I have to say after four years would not fit in a hundred pages, let alone this space. High school is the most incredible experience I have gone through, and I want to say thank you to the people who have shaped me into who I am today. Mom and Dad, words cannot express what you mean to me, and I couldn't imagine my life without either of you in it. Zach, you are my role model, and my life would be off-course without you leading the way. Wow are the greatest brother I could ever ask for. To all my teachers, coaches, friends, and teammates, thank you for pushing me to be my best, and for always having my back. I will never forget any of you, and I thank you for that.

Wow, I can't believe the time has come. First off, congrats everyone for making it through high school! Mom, Dad, and Shannon - I couldn't have done it without you. Kayla - thanks for being there for me! McKenzie - Bus 1, seat 1. Keagan - thanks for being my best friend. To the whole cheering team and Julie - Thanks for everything. I love you all! Also a huge shout out to Mrs. Smith for being the best history, study hall, and advisory teacher. I couldn't have made it through the last 4 years without your humor. Last but not least, thank you Connor for everything. I love you.

To underclassmen: Keep it classy. You're welcome.

Nicola Stepnick

For the past 18 years I've lived, laughed, and grown in Gorham. I've shared memories with my family, friends, and classmates. At times I couldn't wait to get out; but at the same time I wouldn't trade my life here for anything.

Alright, well I can't believe I'm sitting here writing this, it all went by so fast and I'm not sure if I like leaving the only place I've ever known. A lot of my teachers were the ones who helped me get through high school. So big thanks to all of you for keeping me out of summer school, it really does mean a lot. My youth group family, cousins, friends, siblings, and parents. Thank you all for always being there for me and accepting me when I didn't accept myself. It means more than you will ever know!

I will never forget you.

Like most things in my high school career, this senior write up was procrastinated, written 30 minutes before the deadline for submission. So, in a hurried spirit of goodbye and thank you, later gaters!

p.s. I don't think you are gaters  
p.p.s. Well... maybe some of you.

To my teachers: Thank you for not only teaching me the curriculum but life lessons as well.  
To my friends: Thank you for the laughs, smiles, jokes, and always being my shoulder to cry on.  
To my parents: Thank you for supporting me in all that I do. I will never be able to express how much you mean to me.

These four years have been so full of enriching experiences, exciting times, great friends, and fond memories. I want to thank my family- especially Mom, for helping me through absolutely everything- and knowing me often better than I knew myself, Dad for being there for nearly everything I did- with a smile and a lead foot, and Katherine for being the best sister-ever. Through the highs, the lows, and all the times in between, you were always all there with me.

I have enjoyed my time here at GHS and I am proud of what I have accomplished. I am eagerly looking forward to sailing the open seas ahead.

To my peers- Best of luck with your future endeavors.

The last twelve years of my life have flown by and the last four years seemed like four days. School has been real and it's been fun, but let's be real, school isn't real fun. I would not have been able to be where I am now without friends, family and the great teaching staff at Gorham High School. Thank you everyone, you know who you are.

I just want to say thanks!  
Thanks to my teachers for pushing me to do my best. Thanks to my family for always believing in me and for showing me how to be the very best that I can be. Thanks to my friends for always being there for me. Thanks to "the six" for all you have done for me.

We have had an amazing four years and even more outstanding twelve years. I hope you have learned as much as I have in the past few years. They have been the best years of my life. I could have stayed at school year round, but now it's time to start a new chapter in our lives. I wish you all good luck and safe travels!

My time here in Gorham has been great since I moved here in 6th grade from Portland. It has been a very enjoyable experience. I've gotten to know a lot of people and have made a lot of friends. It has been a ton of fun every year that I've been here despite some bad times. when I graduate, I'm going to miss a lot of people and friends that I've gotten to know very well. When I first moved to Gorham I was a totally different person. I have grown a lot. Thank you Gorham. Good luck to everybody and I wish everyone nothing but the absolute best.

Lindsey Thomsen

When the going gets tough, the tough get going. Things aren't going to be spoon fed to you your whole life, so when life gets rough don't back down. For me school wasn't easy, but I'd work as hard as I could because that's who I am no matter how difficult it gets. I thank Ms. Carroll for all her help through my four years of high school. I am very thankful to my Mom and Dad for all the support you have given me, especially for all the many athletic games you attended.

# In Memory Of

# Tim Stickney

Timothy James Stickney was born on November 11, 1994 in Mobile, Alabama. We moved to Gorham when Tim was a baby. When Tim was four years old he was diagnosed with autism. Some may think that by Tim having autism, he was handicapped or unable to live a normal life. In fact, that could not be farther from the truth. Everyone was so accepting of him, it was remarkable. He made friends with everyone he met, and shared his love to everyone he could. I could not think of a better place for Tim to grow up. GHS was always a special place for Tim. He learned new things and made great friends with his fellow classmates, who meant a great deal to him. I, personally, would like to thank all of his teachers, because without them, Tim would not have grown up to be the kind, respectful, thoughtful, and loving young man that he was becoming.

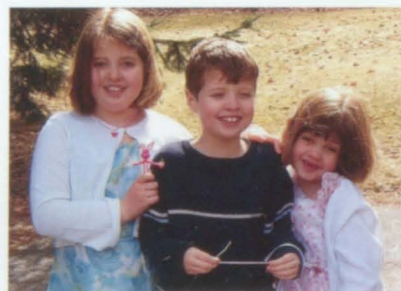

Tim holds a special place in everyone's heart, because his joy was so pure, and his happiness was so real. He couldn't be able to contain himself so he would giggle and grin, recite movie lines, and shake his hands up and down in excitement. His favorite things have now become my favorite things. When I see a helicopter in the sky, I smile because I can hear Tim saying, "Look, there goes a helicopter!" When I eat ice cream, I smile. "Mmm. Chocolate ice cream. Little bites!" When I'm watching Bambi, I smile. "Look Mom! Look at that cute, little, silly, baby duck." When I spot a rainbow in the sky, I smile. "Woah, look at that. It's beautiful."

Tim's memory brings so much joy to me, and I know that that's how he wants it to be. He wants people to smile at getting a bag of Swedish Fish, and giggle at the sight of the maid in 101 Dalmatians dropping and breaking a tray of dishes. He knows that instead of being sad, it is better to become happy with the little things. Looking back on it, that is the most important thing Tim has ever taught me. He will forever be loved. ~ Katie Stickney

January 11, 2011 was the last time I saw Tim Stickney's smiling face waiting for me at the bus stop. It was a chilly, winter day and I was having a terrible morning, but like always, there was Tim, smiling away. I only said something like, "Hey Tim, how are you today?" but that was enough to animate and excite him, and just like that, I couldn't remember why I was upset anymore. Tim tended to have that affect on people, turn their days from awful to wonderful with just one smile.

Timothy was a "happy boy" as many people would say. He loved trains, trucks, Disney movies, computer games, and hated the pirate on Spongebob Squarepants. If you wanted to find a way to his heart, all you needed was some french fries and chocolate ice cream. He loved skating and had a passion for hockey. As a matter of fact, he was the hockey manager for his 2 short years in high school. Tim was always radiant and excited whether he was delivering popcorn bags to people in Gorham High School, or sitting at home watching his favorite TV show, Jimmy Neutron. The smile never left his face.

I am so thankful to have had the opportunity to grow up with Tim. He taught me that happiness and optimism will go a long way. I am also appreciative for our community of Gorham and all they have done for Tim and his family. Sometimes I wonder if Timothy is happy wherever he is. Then I think to myself, of course he is happy, I bet he is still smiling right now. Timothy is a happy boy. ~Lindsay Chapman

My wonderful ManE, my sweet tiny baby. With a spit-fire strength you entered this world and have been dominating ever since. How proud I am. As you continue to walk tall, please know that I am screaming my encouragement though you may not actually hear me. So stand straight! Fight for yourself and your beliefs! Be kind! Laugh at yourself! Squeak your shoes! Skip! Sing! Cry! See! Hear! Notice! Trust your choices! Listen to your heart! See all the beauty! Realize your worth! Share yourself! Love much! Ask questions! Trust yourself! I will always love you! You are NEVER alone. Love love love! Mom

Amanda, middle schools one thing, high school another. High school with you was interesting yet fun. At the beginning of my freshman year you pointed out that I was going the wrong way towards my seventh period class. That was pretty funny, looking back now. Last year, on the way to school, in the winter, I remember you and Becca had heated seats while I'm in the back freezing my butt off, literally. Now it's just us and I'm finally warm but your presence also warms me and it always has, I love you. Have an awesome time in college. I hope you exceed in your field of study and meet friends and just flourish from the ground up. Love Ben.

Amanda! I am so so so excited to see what the future brings you. I can't believe it's already time for you to grow up, I feel like I was just watching your gymnastic routines yesterday. Some of the best memories I will have of our childhood are outside in our backyard watching you perfect your back handspring and your aerial. I am so amazed at all of the hard work and dedication you have always had. You have come so far as an athlete and a person. Your goofy, lovable sense of humor is something that has always brightened my day. Words can't really describe our relationship, but in so many ways we are so similar and I hope time never changes that. I love you so much and I couldn't be prouder to have you as my baby sister and my best friend. Love Katie

Wow, my little sister did it and it's about time. Seems like it was only yesterday when I got terrible headaches listening to you screaming your head off when you were a baby. But in all seriousness, I'm so proud of you. Graduating high school is just another new beginning on your successful journey into your adult life and I'm extremely happy I've been a part of it so far. Being your big brother has definitely been a challenge due to the constant stupid arguments and disagreements we have, but I wouldn't want it any other way. And no, I will not stop arguing with you because it's way too fun making you angry. I hope you know I've always looked up to you, you're an amazing sister. Congrats on graduating Manda, you deserve it. Love, Jon  
Amanda, it has been a joy watching you grow up. Even though I may have looked like I dreaded going to your cheering competitions, I did really did enjoy them. Your dedication to gymnastics and then to cheering has been impressive. If you show even a fraction of that dedication to the rest of your life then you will do just great. I love you and will always be here for you! Love Dad.

My lovely baby sister,  
Remember when we were little and we took that ballet class- the one across the street from the green house? It was our first day and I was so excited. Well, right before we entered the room, you stopped because you were scared. So I took your hand in mine and pulled you through the doors. That's how we face life- together. I'm so glad to have you in my life and to call you my best friend. You know how to stand up for me and others who need help and I love that about you. I know you will love college and I can't wait to trade horror stories of our procrastination ways! I love you with all my heart.  
Your French twin, Becca

Dear Amber,

You make us so proud  
Each and every day  
You've grown up over-night  
And now it's Graduation Day!  
A lot of memories come flooding in  
So I don't even know just where to begin.

Some days may be hard  
Or go by very slow,  
But just keep persevering  
And before you know,  
You'll have made it through  
another day

And hopefully learned a lot along  
the way.

Just know that we're here for you  
Every step of the way,  
And please don't forget  
To take time to laugh and play!

We love you very much!

Spencer,

So many state champion memories to cherish.  
From scoring the winning run at 11, hitting a homerun in extra innings at 12, having the tie breaking score in 2010 to finally the "perfect season" in 2012. We are so proud of the athlete, student and most importantly fine young man that you are. Live and enjoy life, your future is just beginning. We know that it will be LEGENDARY. We love you to the moon and back,

# Marissa Roberts

Dear Marissa,

What a beginning... What an adventure you are on! You lean into life, you embrace the excitement of others. You have to see those that you influence and those that influence you...

This is just the start of what you can do in life to make it better for friends...for yourself, for others yet known...

And all of it resides in you...

Believe in who you are, who they are and who you can all yet become...

Because from it will come a fantastic life, fantastic love and fantastic friends...

We love you Marissa...remember... no regrets...

Dad, Mom, & Nate

Mikey C Jujube-

Wow what a trip this has been! From California to Minnesota to Maine to New York and back to Maine!!!! Our family adventures have been a thrill and there are so many more to come!!!!

You have changed over the years for sure...you are no longer a toe head, you still speak slowly, but are getting quicker! You say "mom" instead of "ma-ee". You have evolved into a wicked food snob. Your soccer playing improved a little after 12 years... no longer dangling on the net. You were a happy drowner...now, well, you don't drown as much! You finally got taller and bigger than your bari sax and your dumb noises have evolved into a pretty cool beatbox! You still shoot down a mountain in a straight line. You are happy in the morning...silly in the afternoon and always say goodnight... we are so thrilled by the young man you are becoming! There are not enough pages to summarize your life and school days...suffice it to say it has been an absolute joy to be around you (most of the time) since day one - stay true to yourself.

Keep your eye on the horizon; the next phase is going to be a wicked awesome ride! You are a joy to travel with - we hope you have a lifetime filled with great travels, awesome food and memories!!!! Keep smiling, remember there are always options, nothing is written in stone, rise to every challenge with passion and hard work and make you way to water if you are ever overwhelmed, be sure you do things that make you happy and for goodness sake--- RELAX A BIT AND HAVE FUN!!!!

All our love,  
Mom, Dad, Katherine and CoCo

Dear Mikey-

Just a few words of advice as you off into the world.

1. Do not bounce when you eat no matter how good it tastes.
2. Watch out for tiki torches
3. I have yet to invent the "Mikey thought translator", so remember to use your words--- NO MUMBLING!!!!

I love you, thanks for being a great big brother! XOXOXOXO Katherine

# Patty Smith

Trish,  
Wow, you're graduating! It seems like just yesterday that we brought you home. Where has the time gone? It's so rewarding to see the beautiful young woman you have become. There was never a dull moment, from band concerts to watching you play all of your sports, field hockey, soccer, basketball, shot put, and softball. Your passion is field hockey and you are a competitive force to reckon with in goal. It makes us laugh when we remember signing you up for sports, we thought, this won't last long, boy were we wrong! We are so thankful for our family road trips and our time spent together at our camp in Rangeley, snowmobiling, skiing, boating, crafting and the times just sitting around. We are so proud of your accomplishments. Dad still takes credit for that, even though you told him it skipped a generation! You are strong, motivated and determined and we can't wait to see where you go and what you do with your life. Your adventure it just beginning! Always follow your dreams, remember how much we love you and know that we are always here for you. "Just keep believing!"  
We love you, Mom & Dad

Genius,  
Congratulations on graduating from high school, I know that you have worked extremely hard to get to here. All of your hard work has finally paid off. I am so proud of all you have accomplished in your high school career. I will miss you, when you head off to college, but I know that you will do amazing things in your future.  
Good Luck, Beth

Trish,  
We went to all of the games that we could, softball, basketball and field hockey. Once you got your eyes on the ball, the rest said it all. Our All-Star!

# Emily Schulte

Emily,

We can't believe that you are moving on to the next chapter in your life - what happened to the six year-old who cried and told us she would live with us forever?! This is what happened...you became a wonderful, caring, intelligent and beautiful person and you are our hero. You are always, always looking at life from a different point of view and you truly care for people less fortunate than you. The world is a better place with you in it and we can't wait to see what you will do next. We hope you continue to share your smile and giving ways to those around you and keep moving forward towards happiness and excellence. We are so proud of you and wish you the best of luck in college....try not to debate with all of your professors!

Love you, Mom & Dad

My Dear Emily,

I will never forget the day you made your entrance into the world. What an honor to be in the delivery room with your parents that day. But the honor didn't stop there. I have so many memories, back to school shopping (it's OK Auntie my Dad can trim these pants), baking (your special cookies), staining the deck, you mean two quarters and our band (need I say more : ) )

When I think of you I think of laughter, intelligence, beauty, honesty, family values, and perseverance. You are going to take the world by storm and I am always going to be there to cheer you on. I am thankful every day that you are my niece. Love you and congratulations on your graduation! Your life is just beginning, again, and I am honored to be a part of it.

It has been a joy having you be part of our family these last two years. Your dedication to the Marines and your final year of study is a sign of your successful future. You have grown into a bright young man and we can't wait to watch you graduate boot camp at Parris Island!

Love Colleen, Tim & the girls.

# Julian Nijkamp

I am so grateful to be very blessed being your mom. From the first day I held you in my arms, that was the day I really fell in love for the first time. You have brought me tremendous joy. I just can't believe how fast time has gone by. You have grown into a very handsome, compassionate hard working man. I still remember the first day of kindergarten how I cried knowing that you were so shy and nervous. I just wanted to be with you and help you get through the day, but you did it! You have been through a lot, going from New Hampshire to Maine, from Westbrook to Gorham, but you were always strong and dealt with everything you had to do.

There are just too many memories to list, but I cherish every one of them. You have done an incredible job running track. You go over those hurdles like it's no big deal. I enjoy watching you and proud to call you my son.

Now it is time to congratulate you for all you have done. You have worked hard and deserve everything good coming towards you in the next chapter of your life.

So as you prepare for the next milestone, I know you will continue to have great success and will continue to keep making good choices.

Love you dearly,  
Your Mom

# Spence Cowand

## Spence,

You are a special person...always have been and always will be. Your family has always had high expectations of you and you have always exceeded those expectations. You are a gifted athlete with a competitive spirit that pushes you to be the best that you can be. Sports are a microcosm of life and the tools that you have learned on the pitch and on the ice are life lessons. As you turn the page in this chapter of your life remember to put God first, be thankful for all that you have, be receptive to creativity, set high goals and work relentlessly until they are achieved, then set even higher ones. Never stop striving to be better and always be willing to help others. You can do anything that you set your mind to do...ANYTHING! So, if someone ever says to you "you can't", then remember that they are projecting that "they can't" and pay it no mind. Stay positive and let your actions set the example; be the leader that you were born and destined to be. We are so very proud of whom you have become and look forward to seeing the greatness that lies in your future.

**We love you deeply,  
Mom, Dad, and Sydney**

We are so proud of you, despite having what's-his-face as your father... anyways, as you graduate and move on to the next phase of your life remember this quote from Mike Modano: "I want to be out there on the ice when the game is on the line. I want to be the one who decides games." No matter where God leads you, make an impression on the world... "be the one who decides games." As 1 Timothy 4 states: "Let no one despise you for your youth, but set the believers an example in speech, in conduct, in love, in faith, in purity." We love you!

**Congratulations!  
Seth, Heather, Grace, and Celeb**

It has been nothing but fun watching you grow up from shy little "Spencey-Boy" to the wonderful role model who you have become...YOU MAKE YOUR GRANDPARENTS PROUD! As Dr. Seuss said, "Don't cry because it's over, smile because it happened."

**We love you,  
MamaJan & Granddad**

I did not want to get sappy or cliché, but I cannot help it! I remember the day you were born and the bond that you have with Asher, you love each other like brothers. For years you two were inseparable! Now, 18 years later you are graduating high school and the world is truly at your fingertips! You are a great role model for your younger cousins; they caught the hockey bug from you! No matter how many miles are between us, just remember that you have the love and support from family! We are so proud of the person you have become!

**Love,  
Ashley, Craig, Asher, Jonas, and  
Hayes**

Congratulations, Spence! We are so proud of you, not only in graduation from HS, but for the person you are. Education can unlock your potential. Wishing you luck and continued success in the new challenges in your future. WHEREVER YOU GO, WHATEVER YOU DO, HONOR THE DREAM INSIDE OF YOU.

**Love ya, Grammy and Popop**

In the words of Homer Simpson...  
"Remember, as far as anyone knows,  
we're a nice normal family."

**Asher**

# Brian Darling

Brian,

I remember the day you were born, like it was yesterday. You came a month early and surprised us all. We were so proud and happy to start our family. After 3 years your beautiful little sister would join us, and our family was complete.

You have always been such a caring big brother and son. We have always encouraged you to try new things and do your best. And that you did, and still do. I think you've tried every sport possible, and we all have so many memories through the years.

Family has always been so important to you. All the wonderful gatherings at camp and on the lake, will always be treasured. Our ski weekends and fun times as a family are some of the best times.

Time went by so fast. Now you are an adult and have some big choices to make. Just remember, don't rush into decisions. You have your whole life ahead of you. Enjoy each day. Mom and Dad are here for you always. We love you so much and want only the best for you. Life is tough, but, your smart and will make smart choices, We know you'll do well and want you to always be happy. Your future is waiting for you. You can do whatever you want. So have fun and enjoy life! Love you lots, Mom and Dad

Congratulations!

Oh my, these 18 years have just flown by. You are a beautiful, sensitive, girly-girl who always makes us proud to be your parents and a big sister.

You have given us such wonderful memories-throwing yourself out of the crib, soccer, and lacrosse moments, summer vacations to "the magical place," family visits to Rhode Island, trips to Target, morning rides to GHS. Broken Arm, broken tooth, broken nose... Tri for a cure!

July 2010. It changed us all but made you become a person wise beyond your years. Thank you for holding my hand and my heart through it all.

Off you go now, into the wide, wild world.

## Alex Yankowsky

Your graduation fills us with pride, happiness, and joy. We are incredibly proud of so many things, but most of all the young man you are today. You are a kind, compassionate, and honest person. Always keep your kind heart and quiet way, they are the qualities we love most about you. Stay honest and true to who you are and don't be tempted to take the easy road - it will never take you to the place you want to be. You are full of talent, use all of it! Dream big, but work hard! You are a joy to us and we will always love and support you. Much love, Mom, Dad, & Marc

# Kristin Nelson

"The best and most beautiful things in the world cannot be seen or even touched. They must be felt within the heart."

- Helen Keller

Kristin, we remember the day you came to us as though it was yesterday. It was truly a miraculous experience that we 'felt within our hearts' instantaneously. We have watched "your garden grow" and bloom with joy and wonder as you have matured into a young woman with humor, thoughtfulness and compassion. To mention just a few highlights: the James and the Giant Peach hat... the Lion King...naked ballerina..."make me some privacy"...surfing great grandfather waves with your dad in a wet suit...ballet, tap & Jazz...watching you swim the butterfly...Maine Youth Leadership...Caliban...music competitions...diving off the blocks...Peaks to Portland... Helen's mother and so much more. We admire you for sharing your talents, knowing that things greater than yourself matter, recognizing the true meaning of friendship and understanding that hard work produces positive results.

Now you are facing a bright tomorrow. Never lose the spirit to try new things. Stay true to yourself. Hang on to your friends. Make new ones. Find purpose, share it with others, believe in yourself, and always remember that you are truly loved and that we are with you every step of the way.

"Life is an exciting business, and most exciting when it is lived for others."

-Helen Keller

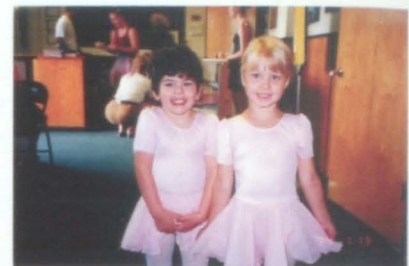

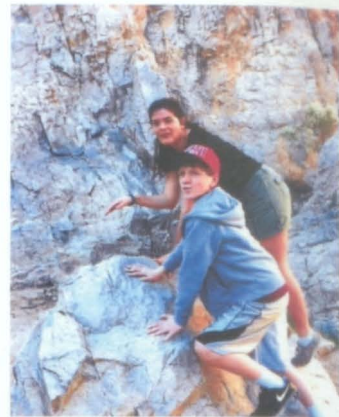

Love Always~~Mom, Dad, and Bryan

You have been a joy from Day One. When we first met you Grampie asked the question "Are you going to be one of Grampie's girls?" You answered with a big smile and you won our hearts. We wish you success and a wonderful life.

Love~~ Grammie and Grampie Marcoux

You can count on a grandfather to think that his granddaughter is very special, and I do. Kristin is gifted, beautiful, and bright. And also fascinatingly complex: sometimes shy, at other times boldly assertive; sometimes quiet, and at other times raucous; sometimes typical teenager, at other times mature adult. Kristin and I have shared jokes and riddles for years. Now we also share politics and philosophy. She makes me more hopeful for the future of the world.

Chris,

You came into this world smiling and that smile has never wavered! Exuberant, fun loving, competitive spirit, tremendous athlete, sensitive heart. You completed our family the youngest of three.

Travel hockey, travel soccer, travel baseball, Cooperstown, Lake Placid, tourneys, five state championships, throughout it all we have loved watching you play!

Our family outings to the Samoset, Fifield Point, camping at Sebago, Disney, trips to the DR, watching and "reciting" Miracle, you have blessed us beyond measure, making us laugh and just going with the flow.

Your brother and sister have doted, picked on and truly admired you. You have a tremendous heart for the Lord and unselfish spirit that you demonstrate on the ice, field or carrying kids on your back in the Dominican Republic, on mission trips.

You are our Chris, Christopher, Chrissy, Christopher Edward and "Speeder", you will be successful in any endeavor and you are loved!

Chrissy,

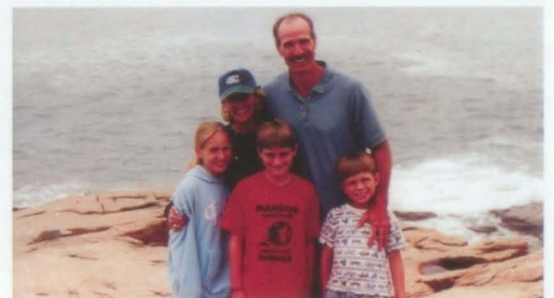

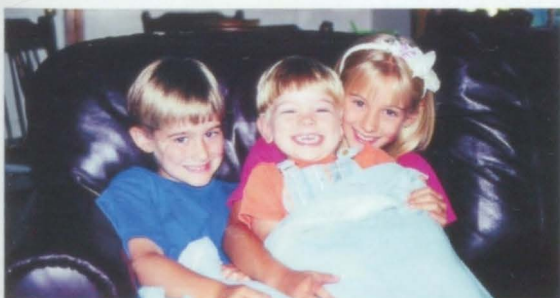

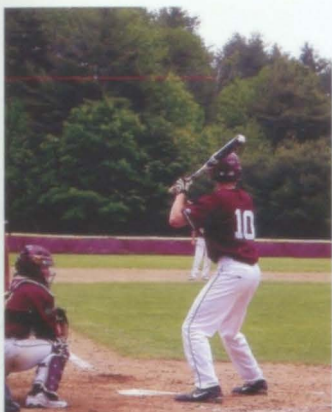

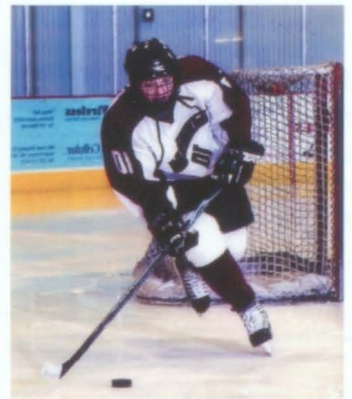

After Timmy was born, I prayed and prayed for a sister but instead I got you! I didn't know it then how much I would love and cherish another brother. I am so proud of the person that you have become and I cannot wait to see what God has planned for you and your life. I am so thankful to be a part of it!

I love you,  
Maris

Chris-

Congratulations on making it through. You've grown up significantly in the past 4 years, and may have surpassed me in hockey, albeit barely. I am extremely proud of who you've become, and what I hope you'll continue to be.

# Elliott Speirs

Oh Elliott, despite a few hiccups along the way, the past 17 years with you sure has been a fun ride! You've shown us your quick wit is faster than your dad's and your heart is bigger than your mom's. We enjoy your spirit to always be doing something fun in life. You've kept us young running to crazy country concerts with you. We've loved cheering on your great athletic abilities. All the while, you have succeeded to do great with your academics. It's been amazing to watch you become your own person. We can't wait to watch where your determination takes you. We know you will do great things, you will live life to the fullest, and those around you will be showered with your kind and caring nature. We are so proud to call you our son. We love you Elliott.

Mom and Dad

Elliott I can't believe you're graduating high school! It's been crazy watching you grow, from the little brother I always pictured you as, to the strong confident young man you are today. You've blazed your own path and made a name for yourself... especially on WPOR! I took for granted being able to see you at home everyday and now I even miss you beating me in whiffle ball all the time! Dad is right when he says the bond between brothers is special and I hope you know I'll always be there for you. Congratulations big guy, I know you'll be successful in whatever avenue of your life you pursue and I am extremely proud to be able to call you my brother.  
Love, Zachary

Growing up together we have gone through many good times. It's hard to believe you are graduating High School. Though no matter how old you get, you will always be my little sister. College can be really exciting at times so take as much of it in as possible. Good luck in Pre-Vet next year. I know you'll do well.

## Milan Vidoric

It seems like yesterday that our little boy was born on that beautiful fall day. It seems like yesterday that our little boy said, "Look Dad, I'm not sucking my thumb anymore!" It seems like yesterday that you took out all the pots and pans, and spreading them on the floor, banged on them like they were drums. In your sharp mind, you have always found a way to make us laugh; like the day you secretly taped the faucet and sprayed us all with water or when you hid in the kitchen cabinets and scared your sister.

Where did that time go? Our little boy is a beautiful young man, a great student, and a great tennis player who always knew exactly what he wanted. We know you want to be an engineer and we believe you will be. We congratulate you on all your accomplishments. Continue to work hard because anything is possible. Our "little Tesla" can be our "big Telsa". Enjoy life, believe in yourself, do not be afraid. Just go for it and you will go far. You are strong and you make us stronger. Always remember that your sister, mom and dad are your best friends and we will always be your support.

Love,  
Sanja, Mom and Dad

# Evelyn Viernes

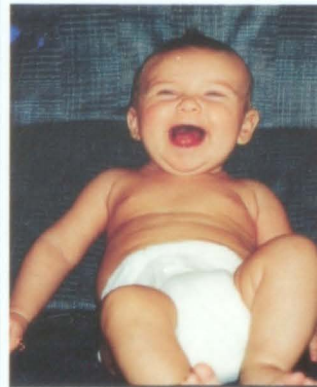

There are so many things that make you Evelyn. Your sense of humor - probably everyone has a story about that! \*At 3 years old you tricked the babysitter and locked her in your bedroom just to get the ice cream - determination \*In Kindergarden you convinced 5 other girls that you would be traveling to London, Rome, Paris, Miami, and New York City in 1 night. Every girl had a task and each one went to great lengths to complete their mission - leadership \*Saving every single spider before Emmy could kill it - compassion \*High heeled jellies, geometric print leggings, plaid shirt, and a leopard print raincoat - fashion sense \*At 9 months old we started teaching you sign language. It only took a few days for you to learn about 15 words. And your first spoken word was "paper" - intelligence

"You have brains in your head. You have feet in your shoes. You can steer yourself and direction you choose. You're on your own. And you know what you know. And you are the one who'll decide where to go..."

# Erin Smith

Erin,

We can hardly believe your senior year is here and you will soon be embarking on a whole new journey. It seems like just yesterday we were sitting in kindergarten orientation with the other parents when we heard your little footsteps running down the hall and through the auditorium door to find us. A strong will and mind of your own at an early age, which has served you well in many ways throughout the years. You have never been afraid to be your own person and true to yourself.

We are so proud of the caring, young lady you have become and especially how you put all your heart into everything you do. This passion has shown in your academics as well as sports. Continue to have passion for all of your future choices.

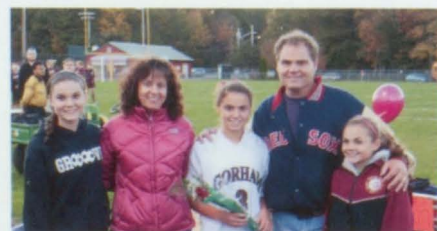

As a daughter, granddaughter, and sister, nobody could be more proud and supportive of you than all of us. We especially have enjoyed the hundreds of soccer, basketball and softball games over the years. Your love of sports and competition is evident to anyone who has seen you play. You have never played one game without fierce determination and a strong desire to win.

We look forward to seeing you continue to grow in college whether it be in academics, sports or relationships with friends. To us, you exemplify what a classmate, teammate and friend should be. You have always taken these three points of your life to heart. When you speak out, you mean it. Continue to be sincere in everything you do. We love you lots!

Love Mom, Dad, Julia and Caroline

From our little "Bright Eyes" to a beautiful young lady. It has been such a joy to watch you play sports all these years. We love you lots and are so proud of you. You will go far in whatever you do.  
Love Grandma and Grandpa Curley

Dear Erin, we wish you success as you move on to pursue your education at the college of your choice. We have always been so proud of you and your determined athletic spirit and sense of fair play and we know you will continue to make us proud grandparents. We love you!  
Grammy and Grampa Smith

# Michael Lubelczyck

Mikey,

You are a son and brother whose focus, compassion and competitive energy have enriched us beyond all measure. You continue to be the source of so many of the great memories that have brought our family together. Here are a few of our favorites:

Savoring summer birthdays at Moody Beach with countless O'Connor cousins playing volleyball, skim boarding and riding the wave cat.

Pursuing your love of "fwogs" and all other native creatures in the streams and woods behind the house.

Fending off your taunting big brothers who threatened to trade you in for every Siberian Husky that crossed their dastardly paths.

Learning a new four letter vocabulary from Grandpa Walter while hopelessly lost on the way to Happy Note preschool.

Shivering through an unwelcome message from Dad on a frigid chairlift at Shawnee Peak that you would learn to love skiing eventually....as this was what the family did every Sunday.

Swimming out to House Rock at Manomet even though Doughnutboy certainly did not want to go.

Playing endless games of knock-out whist and croquet with the grandparents at Manomet every summer.

Winning baseball games with your brothers against Dad in the backyard with Bruno serving as fielder.

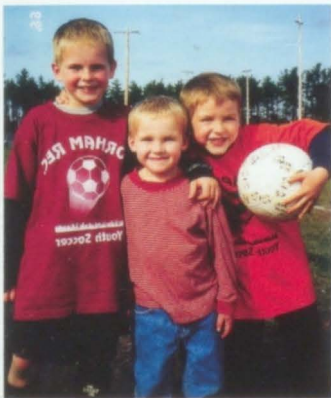

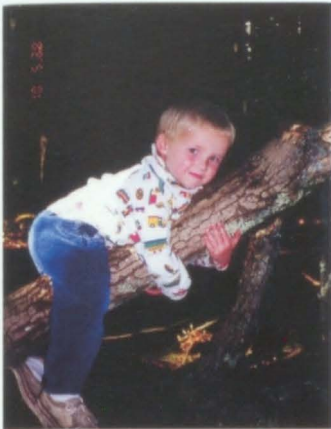

Contributing a lead role in the GHS Rams four year 50-10-4 soccer record. As importantly, when an injury cruelly kept you off the field your senior year, your courage and resolve made us all proud.

Mastering sporcle with Allyson while reminding your clueless rents of how many countries they had never heard of.

Traveling to colleges across New England, PA, NY and VA. We only regret that you are actually going to move to one of those places in the near future! We are so proud of the exceptional young man you have become.

Congratulations on your graduation and know that we eagerly look forward to sharing each and every chapter of your life.

With love and best wishes for your continued success and happiness,  
Dad, Mom, Colin and Kevin

# Lexi Merrifield

Lexi,  
It's hard to believe that you are graduating from high school. It seems like it was yesterday your father and I brought you home from the hospital and down to the barn your father took you to see the cows. You were our little tom boy, with those tight blonde curls. You were so independent and stubborn, and still are.

So many great memories, as a little girl down to the barn with all the animals, 4th of July family gatherings at the river, fishing and camping, snowmobiling and ice fishing, sleep over's with your nana, going to fairs, Vermont trips with Luke and Levi, yearly Moosehead vacations, Penn and Virginia trip and more.

You kept us busy during the years and we have enjoyed every moment. Dance classes, Brownies and Girl Scouts, watching you play softball and winning the Babe Ruth Championship (White Rock Outboard Team) playing basketball for rec., travel, middle school and now high school, volleyball, 11 years in 4-H, Katadin trip with Dad and taking you to Beech Ridge.

As you take the next step in your journey of life, always be true to yourself, continue to keep family and friends an important part of your life, be kind to others and keep that amazing sense of humor. Aim high and work hard to reach your goals. We will always be here for you and will help and encourage you in any way we can. We love you more than words can say.

Love You, Mom and Dad

We can't believe that this day has finally come. Wasn't it just yesterday that we were bringing our beautiful baby girl home? You've given us so much joy and we are proud of the young woman you are becoming. We have loved watching you play the saxophone and fly around the USM hockey rink. Your enthusiasm is so contagious when you are doing things you love! Take that enthusiasm and passion into the world and use it for the greater good. Remember, God has very important plans for you. We will miss you terribly next year, especially your little sister, but now is your time to shine. Hang onto your faith and it will help you stay on a straight path. The time has gone by so fast. We remember you being a tiny baby with so much hair that the nurses put a bow in it. Now we look at you and see a wonderful person who is caring, thoughtful, loving, smart, and funny. We have so many wonderful memories of camping, trips to Disney World, cutting down Christmas trees, and never ending drives to Vermont. All of the things you have enjoyed over the years from Rugrats and Spongebob, to learning guitar and going to Summerjam. It hasn't always been easy and you have made us so proud, being responsible, setting goals and working hard. You've always followed your instincts, and been true to yourself. Now you will be going to college and looking to your future. We can't ever express the depth of our love for you. You should always know that we are your cheering section conditionally!

I can't believe you are already going to college. It seems like just yesterday that was me, and looking back now ignore all of the stories I ever told you. Study hard and make good choices. I can't imagine my life without you even though I never tell you that. I know you are going to be a great interior designer and design homes for the rich and famous. I can't believe how fast time goes. We have had so much fun throughout the years. Thank you for being the daughter that anyone would be lucky to have. Ever since you were young, we knew you were going to be someone very special. Maybe it was your cute infectious laugh, maybe it was your sweet sense of humor, or maybe it was your determination. You're not that little girl with pigtails anymore. You have grown into a beautiful, mature young lady with unbelievable determination. We love you even more today. You are now heading into a new era of your life, where all your qualities will shine. Keep that sweet sense of humor. Trust yourself and follow your heart, love and happiness will follow.

# Quincy Shaw

To the baby girl who never slept, to the teenager who wakes up just in time for lunch on Saturdays,

As a toddler you didn't like your car seat, bread or a high ponytail. You loved the pool, your dolls and fruit punch.

Volleyball and track have replaced dance and art lessons. Prom gowns to work boots - you are those things and everything in between.

You are constantly evolving into the person you were meant to be. As parents, your journey is a spectator sport; as often for energy suggestion, you do the exact opposite - a reminder that you are your own person with a special destiny to discover.

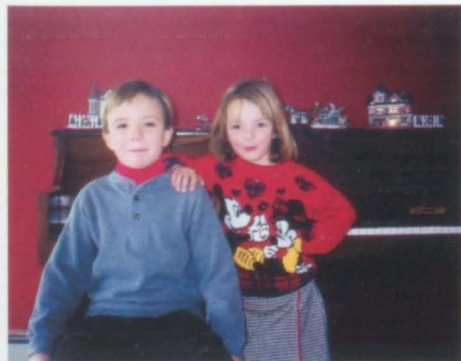

YOU are a true starlight - a brightness that lives within us. We are so proud of you - Shine on "Quinkle"! Love, Mom and Dad

Quincy, I am so proud of the beautiful young woman you have become. I can't wait to see what your future holds; I know you will do great things. Remember what has got you this far; hard work. I will be there every step of the way. - Patrick

"Determine never to be idle. No person will have occasion to complain of the want of time, who never loses any. It is wonderful how much may be done, if we are always doing."

~Thomas Jefferson

# Kayla Harris

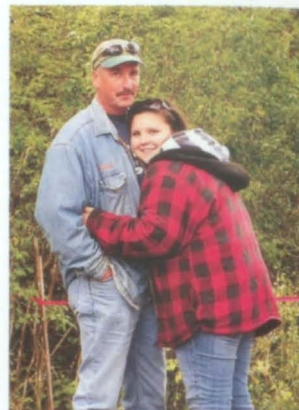

We are so proud of the beautiful, kind, caring and compassionate young woman you have grown into. We carry with us fond memories of dance recitals, band concerts, softball games as well as pumpkin weigh ins to those cold mornings of sleeping in the tree stands awaiting the next big one to come along. Our favorite is listening to Country Gold Saturday Night at camp around the fire. You have had opportunities to experience some of the most amazing things near and far throughout our travels.

We know the road hasn't always been the easiest, yet you have had that winning determination. All the while, smiling and pushing on. That along with your persistence and impressive work ethic will open many doors along the way allowing you to achieve anything you set your mind to.

Going forward remember to stay true to yourself and there will always be someone looking over you: "Be Good, Have fun, Learn funky stuff"

We will always be here for you. We will help and encourage along the way in any way we can. "Our wish for you is that this life becomes all that you want it to. Your dreams stay big and your worries stay small"

Love you the mostest,

Asin Mowie:

We are so proud of you. From kindergarten to now we could always count on you to work hard and produce excellent work and we have no doubt that the same will be true in college. We want you to know that you're always our baby and forevermore you can call on us anytime to take away any bad thoughts and replace them with beautiful dreams.

We'll always be Team Four.

"We love you finity more than God does, all the squeezes, ditto, finny times, see you in the morning, ni-night, all the things we say, as you wish, fee times"

"Ditto, fee times."

# Kali St. Germain

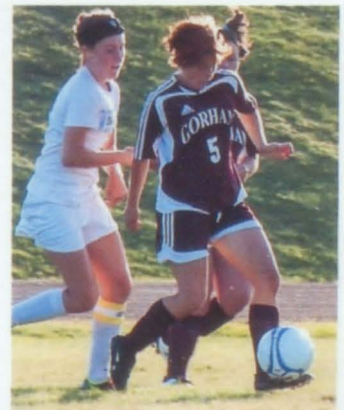

Kali, has it really been 18 years? So many experiences...pig roasts, canoe trips, the Hundred Mile Wilderness, visits to foreign countries, family vacations, PL, the food pantry, The Dream Factory, soccer, lacrosse, the Loaf. You have always been easy going, and you are comfortable speaking your mind...especially if it has to do with human rights, equality, or just sticking up for someone. As you take on the world...whether it is a distant college, the Appalachian Trail, travels, whatever...you will always have your experineces to rely on and we know that you will do well in whatever you pusue. We see in you a strong, level-headed and independent person. You make us very proud!  
Happy Graduation!  
We Love You,  
Mom and Dad

Hi K!

I'm super proud of you. You're the best! You have great things coming your way!

Love, Your sister.

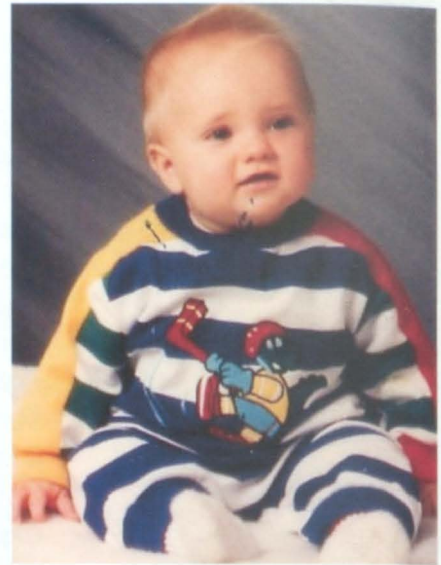

# Tyler Verrill

Tyler Sean we are so proud of you for so many things, you are so smart, funny and such a wonderful son. You will go far in life as long as you do what makes you happy. We love you so much and will miss you when you are in college.

Love Always and Forever,  
MOM & DAD

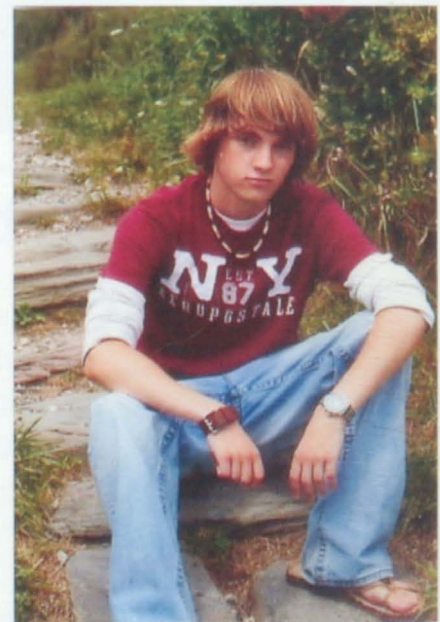

Tyler, the last 18 years have had their ups and downs, we have had our fights and laughs. It is going to be strange with you gone off to college. I know that you will succeed in college and have a blast. All of us (including the clicker) will miss you. Just promise me that you won't come home with a screen play idea. LOL.

Love, your big brother Alex

Tyler, we are proud of you, keep up the good work.

Love, Grammie Elaine and Grampy Butch

# Caitlin Shaw

Caitlin:

I'm not sure where the time has gone?

You are the middle child, the mediator.....

Out of all my children you are the most compassionate, always concerned for the underdog to the point of putting yourself last to make sure someone else is ok.

You are driven and focused, never changing course no matter how unpleasant, just plowing through it and on to the next journey, right or wrong you get it done.

You are Bold!

You are true to yourself.....Even when your decisions may have made you very unpopular, you never back down, never give in. This...My dear Caitlin, is a quality you find in the rarest of individuals.

Going forward I hope you never lose that inner child. The one that does cheers in the kitchen at the most inopportune moments, skips down the street and sings at the top of your lungs and doesn't care who's listening....It's what will keep you forever young :)

You are and always will be our "Sweetie Pie"

It's your time to shine!

Love you,

Mom and Justin

Dad and Sue

# Jackson Marshall

Jackson,  
When you were just one year old, your first word was "self". Not "daddy" or "mommy". Even at that very early age, you wanted to take charge of your own life. You knew what you wanted to wear, how you wanted your food cut up. "Self!" you used to shout. As in: I'll do it. I got this. Step aside, old people. It didn't matter if the clothes you picked out made you look like a homeless clown baby or if you plastered bananas on every square inch of the kitchen. You came into this world eager to spread your wings, to live your own life, to put your own distinctive stamp on the things.

In fact that it's time for you to go is bitter sweet for us. We will miss your energy around the house, your laughter, your fire for life, your beautiful face. But we know beyond any doubt that you are ready. And so, with a huge smile and a flood of tears, we send you out into the world. Go make your life beautiful. Fill it with adventure and love and friends and compassion for others. Take risks and be bold and know that you are held in a safety net of family and friends that will always have your back. If you need us, we'll be here cheering you on.

We love you, Jack.

Mom and Dad

# Anthony Coppola

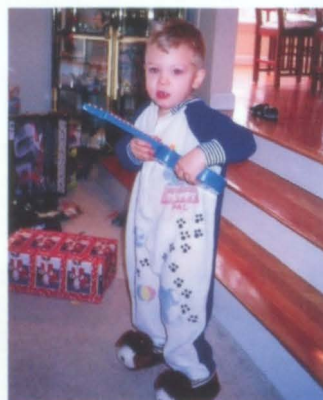

Anthony, Anthony, Anthony, Congratulations!

How did you go from the boy who was never going to see the age of 10 to favorite child,)?!?! You possess such great qualities that always comforted me and allowed me not to worry about you, thank you so much. Your tenacity and determination are certainly at the top of that list, which will get you everywhere in life. I love you Peanut!

~Mom (P.S. Get your own plate!)

We are glad the academics of the Coppola Trilogy, despite a lull in the middles, will be finishing strong!

Love, your predecessors ~ Robbie & Joey

# Cameron Willette

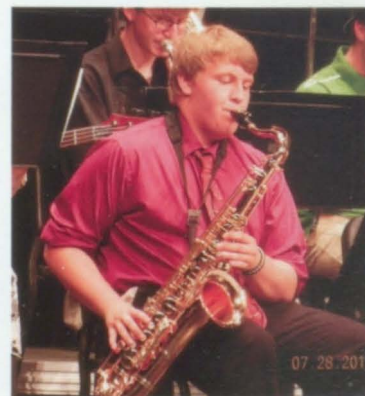

Cam, we hoped you'd have the best time throughout your school years and you have. We've so enjoyed cheering you on through the early years of Jukado, baseball and soccer. We're proud to see how you've grown as a team member and leader through your football accomplishments. Listening to you and your friend's music at the band concerts playing the clarinet and sax has given us hours of enjoyment. Being inducted into NHS was an especially proud night for us. We've seen how hard you've worked to maintain your honor status. You have made great friends and have many memories to cherish.

You're an impressive and caring young man and we couldn't be more proud of you. Now with all the great things ahead of you, we choke up at this ending yet are excited for your next beginning. You can do anything you set out to do and we can't wait to see what that will be.

Always know we love you very much. We're incredibly proud of you.

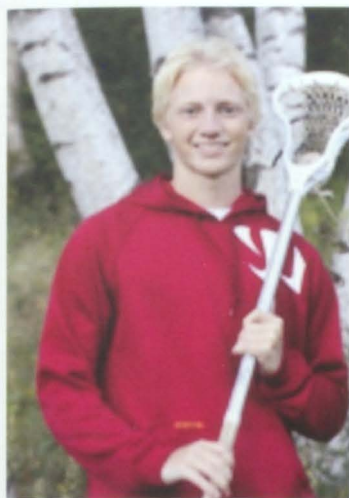

Mom and Dad

Ryan and Meaghan Gilbert

13 years ago we put you on a school bus together for your first day of Kindergarten. Now here we are about to watch you graduate High School together and we could not be more proud of the years in between. You have both been exceptional students, compassionate friends, an incredible athlete and an amazing dancer. We are thankful for the fun times spent with your great group of friends from GHS. Team G may be sending two of its MVP's off to college, but we will always be a team. We love you both!
