Dedication

James Welsch

James Welsch is all the good about education and virtually none of the bad. He's intelligent without being condescending. Supportive without being a pushover. Knowledgeable without being pretentious. Passionate without being dogmatic. Dedicated without being a workaholic.

Oh, and he took kids to China! He's the kind of teacher who flies across the world with a group of students and treks the Great Wall answering questions, pointing out historical facts, and exuding a contagious passion for the history of our world. Students flock to his classroom because they know they will find an intelligent, laidback, fiercely caring adult inside that room.

Wait, did I mention that he plays guitar and can sing a mean country tune? Come on. What else do you need from me to be convinced that he's a standout teacher who can wade through the muck heaved upon educators and come out the other end enthusiastic, present, and good-humored? The student body has certainly made the right choice in dedicating this yearbook to Mr. James Welsch.

David Patterson

It was my first day of high school, and I didn't know what I was doing. Walking into my advisory for the first time, I had no idea that I was meeting one of the best teachers that I've ever had. As it turns out, my first day at Gorham High School was also his first day. After joking about our shared cluelessness, he assured us we would figure the school out together. Sophomore year I got to know Mr. Welsch on a more personal level. He isn't just a teacher who is extremely dedicated to making sure kids know about the world outside of his classroom, he's also the teacher who convinced me to go to China. He took me and six other students to the other side of the world and made it an incredible experience for all of us. We spent ten days learning the history and culture that surrounded us, and dodging a flood in our spare time. Junior year was the first time I had him as a teacher. His easygoing style instantly made me comfortable, and I learned so much from him. He is knowledgeable, and he finds a way to make everything about his class engaging. This year, my senior year, I am lucky enough to have him as a teacher for two different classes. The experience and humor he brings to each class that he teaches makes not having two study halls well worth it. Mr. Welsch, I want to say thank you for being such a great advisor and teacher these past four years, and good luck in your years to come!

Farewell

Kim Turner

Although Kim Turner has only been at Gorham High School for a few years, her impact will be felt long after she leaves. Kim combines a strong professional presence with an approachable side that is comforting for all students.

Kim was able to share her time at GHS with her children, Kiersten and Dylan, and that time was very important to her. Kim is a private person with strong values and beliefs, with an equally strong sense of humor. If you ask for her opinion on a matter you better be ready, because she will let you have it. This is one of the many reasons working closely with Kim was enjoyable, she would take any scenario and break it down to right and wrong.

Kim always models the code of conduct for both students and staff. She can be seen exercising at USM, My Fit, or around her house, while also enjoying gardening in the spring and summer.

On a personal note Kim required your best effort on a daily basis. Kim is a model for what a true educational professional should embrace. There are very few people you come in contact with in your life time that make you a better person, Kim is that person. I am not only glad to call her a colleague, but a friend as well.

Best of luck with your next venture.

Allison Armstrong

Ms. Allison Armstrong has been a part of the GHS faculty for over a decade working with students who receive services within the special education department. Ms. Armstrong is a teacher of instructional support, specializing in literacy and transition. Her expertise in teaching career and self-advocacy skills has benefited a number of students throughout her years at GHS.

As a professional Ms. Armstrong demonstrates the following: high expectations of student work ethic, code of conduct, and personal responsibility. Through her work, she has always remained a strong advocate for students in need.

In the classroom, it is not uncommon to see Ms. Armstrong use song, poetry, art, dance, and knowledge of film to help students associate such disciplines into their learning. At times, her antics could be quite entertaining to the students and staff directly working with her. Never a dull moment in Ms. Armstrong's classroom!

We wish Ms. Armstrong the best of luck in retirement, enjoying more time on the water, traveling, shopping, and jewelry making. Have a blast!

Yearbook

Dear Gorham High School,

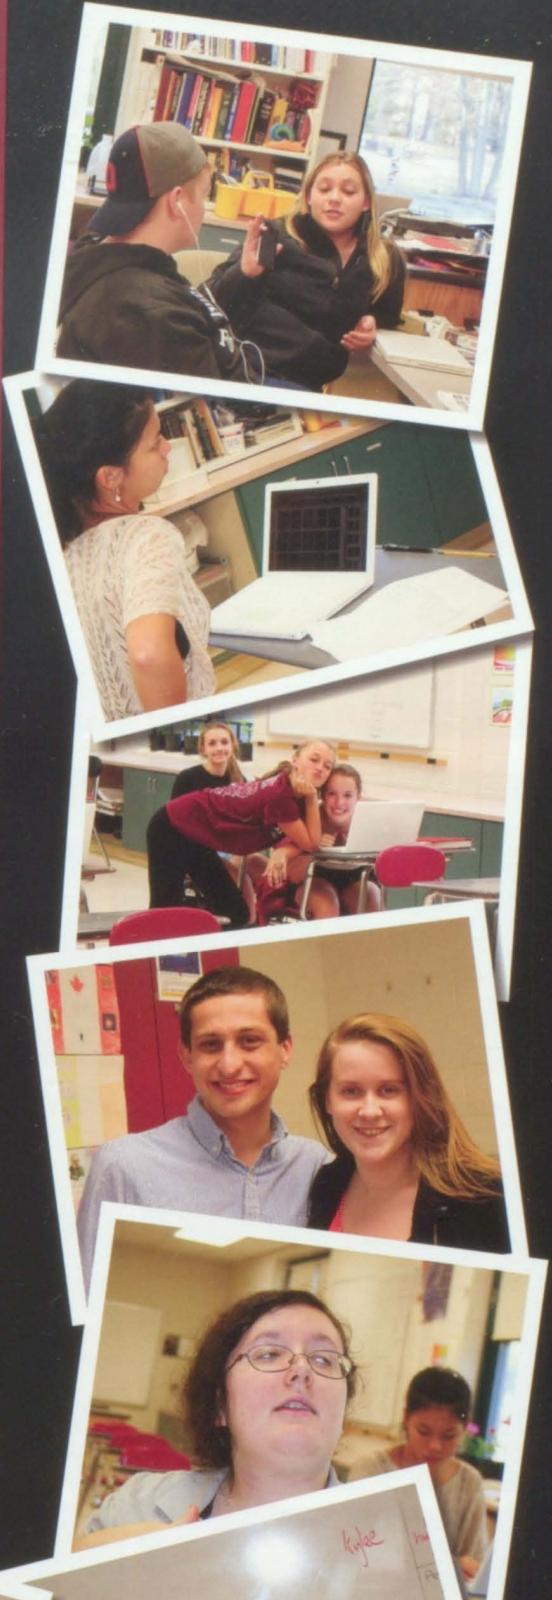

Each school year always seems to go by in an instant. Some days seem longer than others and around mid October you start counting down the days until the next vacation. Regardless, when each year comes to a close I find myself finding it hard to believe it is over. Similarly, you can hold this book in your hands and flip through all of the pages in mere seconds. Pictures and text fly by in a flash. However, to create an entire book is a painstakingly long process. Each page requires hours of designing, then the pictures have to be taken, hundred of names have to be typed in, the list goes on. I have spent many nights up, stretching into the early hours of the morning, trying to perfect every last bit of this book. Regardless, I know there will be mistakes and I must ask you to forgive us for that.

Creating a yearbook is not a individual job. There are so many people I need to thank for making this creation possible. To my amazing staff: know that each and every one of you played an important role in this books creation. You are all so committed: going to sporting events to take photos, pulling long hours to finish pages, and managing to make the whole experience enjoyable at the same time. To Ellen Wing: our Jostens superhero. You managed to take my crazy ideas and bring them to life as well as always being the helping hand we needed. To my lovely assistants: Lydia and Hannah, I don't know what I would have done without you. Thanks for coming along through this crazy journey these past four years. To Mrs. AW: you have been my rock through all of this. I honestly don't know how you do it. You have managed to keep me sane throughout this entire year, which is no easy task. On top of that, I am pretty sure you have pulled more all nighters then I have working on this. I cannot thank you enough and will miss all of our profound life talks.

Class of 2014, Congratulations. I wish you all the very best of luck in your future endeavors. To all the underclassmen, push forward with high school and try your hardest. It's only four years of your life, but the things that happen here sure are memorable. Good luck to the future yearbook editor and staff, though I don't think you will need it.

Advisor Message

To the Class of 2014,

It has been my honor serving as your advisor this year! To me, your class feels more like family than just students, as I have watched many of you grow from little tikes into young women and men. I could write all the clichés about how fast the time has gone....yadda, yadda....and they are all true!

Having witnessed your transformation from elementary school through high school, I know that this journey has been different for all of you. Some of you have excelled, while some of you have struggled academically and personally to get to this point. I am proud of all of you, regardless of how you got here.

Remember the fortitude it took you to get through middle school and high school – remember how you needed to keep the vision of walking across the stage at Merrill Auditorium in your mind just to get through the day or week sometimes. For that's the gritty determination you'll need beyond Gorham High School. You'll often need to focus on a greater goal or an image of yourself in the future in order to persevere through difficult situations that are bound to arise. And I'm confident you can do it.

I wish nothing but personal success for each of you – whatever that is for you. I am going to miss your faces, voices, laughs, and the spirit you bring to the halls of GHS, and to me.

Best wishes, my Seniors!

Ms. Anderson

President's Message

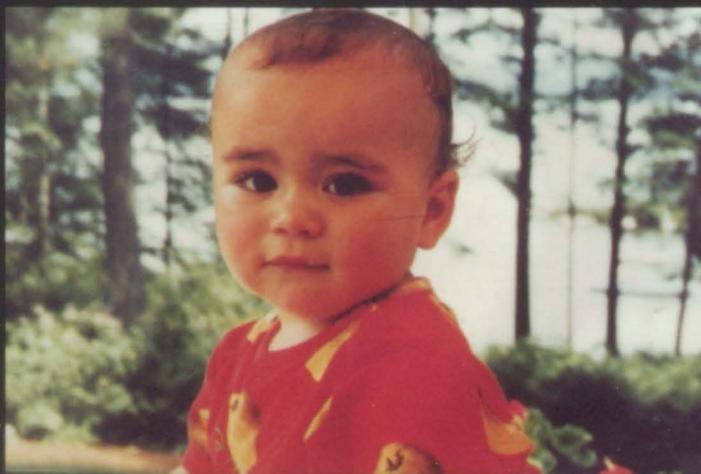

I remember the first day of Freshman year. We walked into school hesitantly and crowded the lobby, clinging to our groups of friends for fear of being left alone in such an unknown environment. I remember how small I felt as I looked up at the seniors. They walked with a gait of seniority, knowing that this was their year. We were all so nervous. We worried about first impressions and made sure not to get trampled in the hallways as we searched aimlessly for our classes. I remember Mr. Record telling us how fast the next four years would go by, and I remember not believing him.

Sometimes I question if I really am a senior. I look back and remember being an underclassmen so vividly. I made my four year plan but was unable to imagine myself in my fourth year. Yet, here we are; kings and queens of the school; the top of the totem pole. We have all come such a long way, pressing on through the adversity and the obstacles that life has put in front of us. We have progressed and reinvented ourselves in preparation for the next steps of our lives. I look back at pictures and memories from years past and laugh at how young we once were. I find myself wondering if we will look back in another four years and think the same thing.

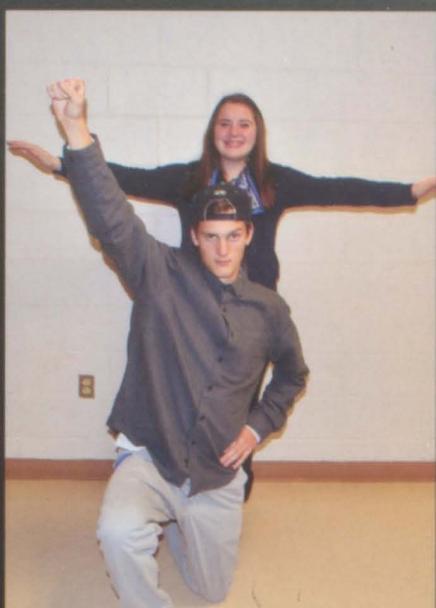

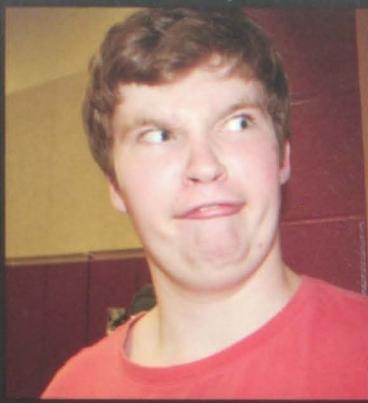

As the time until graduation has ticked down and senioritis has kicked in, it has started to hit me that one part of our lives is coming to an end. Many of us have been on this journey together since kindergarden, and many more of us have joined along the way. Next year we will leave the nest and head down our own paths. We will meet new people, we will experience new things, and maybe we will even feel small again. Once again we will have an opportunity to make a fresh start, and we will make decisions that no one else can make for us.

As our days together keep getting less and less, I think about the impressions that we have made on GHS. Although we will be leaving at the end of this school year, we will all leave our mark. Today we only have a little time to make our final impressions, and tomorrow we will have less. Yet, I am excited because I know that we, the class of 2014, will give something for GHS to remember us by. We will make one hell of a last impression.

Congratulation Class of 2014!

I learned a lot the last few years here and in my vocational school and even joined Gorham Fire Department. That's something I wouldn't have had the confidence to do four years ago.

Wow! I'm finally done! These years have been most memorable! Just want to take the time to say thank you to my two dearest friends Sophie and Melissa. You two have made these four years a lot more fun! To my teachers who have helped me from kindergarten to now, I greatly appreciate what you have done for me and I will never forget all things you have taught me. Josh! I did it, buddy! Thanks for always being there for me, and always being a shoulder to lean on. Lastly, to my amazing parents. Guys, without you two, I don't think I could have made it. You have taught me to appreciate myself and others around me. To respect and honor myself, and to never give up. Words can't describe how much I truly love and cherish you. Congratulations class of 2014, hope you realize all your dreams.

I couldn't have asked to go to a better school my Senior year. I made the best friends, teammates and had unforgettable teachers. I want to thank everyone for making this year the best yet. Memories made here will never be forgotten.

There are many ways to describe my many wondrous experiences (and/or shenanigans) here at GHS, but I think I'll sum it all up in a quote:

"Is Mayonnaise an instrument?"

I never thought I would see the day. The past 4 years haven't been the easiest but I'm so glad I can say I made it. A huge thanks goes out to my parents and grandparents. Mom & Al, Dad & Ash, thank you for being my biggest supporters and pushing me to never give up. To my grandparents, thank you so much for everything. Lauren, thanks for giving me someone to look up to. I couldn't ask for a better sister. I wouldn't be where I am today if it weren't for all of you. Love you all so much. Sam, thank you for being my best friend/other half for the past 8 yrs. I wouldn't have made it through high school without you! Love you girlfriend! To the class of 2014, we did it! Cya jolly GHS!

I could never have made it through high school without my friends and family, thanks for all the support and memories. Thanks mom and dad for keeping me on the right track and helping me through the ups and downs of high school. Thank you Grace and Dunc for always being able to turn not so good times better, you guys always know how to have fun and put smiles on people's faces. High school has been fun and if I were to sum up what I've learned in three words that would be, life goes on.

I can't believe it's over, Mom&Dad I wouldn't have been able to make it this far w/o your love&support! Jess, thanks for guiding the way&being the perfect role model, I'd be lost w/o u as not only my sister but my best friend. Josh, I am so proud of who u have become, always stay true to who u are and you will do just fine! Av, can't wait to watch u grow! Khle thanks for the laughs&always being there for me. N+P I love u&thanks. Special thanks to my girls, never making it a dull moment. The endless laughs and memories never failed to get me by. It's been real but I'm ready for what's ahead! There's too many people to thank for helping me survive high school. My Mom and Dad, thanks for being my role models and supporting me through everything. Ian (Beamer), thank you for being there and giving me character. And to my sports teams, teachers, and friends- you are amazing. If I had to pick the most important things I have learned, it would be to never stop laughing and to learn from my mistakes. Class of 2014- go out and make an impact on the world.

BLSSPLNB: thank you for all the hilarious memories, you're what got me through these four years.

Life is about creating stories. I've certainly created stories that I will forever talk about. I learned you just need to laugh at everything that comes your way. I want to say Tim I didn't mean to dye your hair red. Kiana you're the catalyst to my fate, and the best sister. Taylor I will always remember the days we drank tea and talked about life. Jacob I hope to see you in Vermont. Molly I love drives in the Escalade and your lessons about being serious. Just kidding (never gonna happen). I love you Pete.

Napoleon don't be jealous that I'm off to college. Besides, we both know I'm training to be a cage fighter. Tina you fat lard it's time to graduate.

Big thank you to my father, mother and older sister, you've always been my super heroes. To Kaylee, I love you to pieces! Enjoy the rest of your high school years. Thank you to everyone that has stuck by my side, couldn't have done it without you.

It has been a great four years. High school was better than I thought it would be, and I will miss everyone I met and all the times I have enjoyed here. I would like to thank all those who have helped me become who I am now; my parents, my Scoutmasters, church leaders, and my teachers Mr.Schwanda, Mr.Patterson, Mr.Lawrenson, Mrs.Dunn, Mr.Perkins, and Mr.Caufield, as well as countless others. I want to thank my whole family for supporting me through these 4 years and guiding me to be the person I am today. I really want to thank my mom for always standing by me even through all the hard times. She is truly my role model and the person that I want to grow up to be like. I have enjoyed Gorham High School for the past 4 years, but I am ready to move on to college and embrace life as an adult. Thank you to everyone who has supported me!!

Thank you for everyone in this journey through high school.

Congratulations Class of 2014!

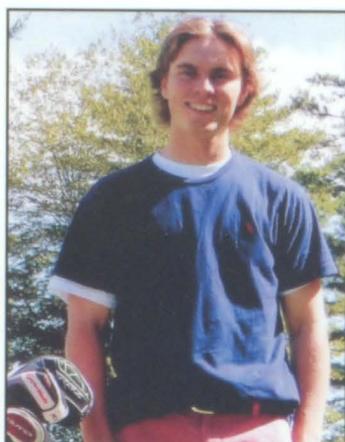

The past 4 years have gone by faster than I would like them to. It feels like yesterday was my first day of high school with my big bro to protect me. I couldn't have made it through high school without all my buds, you know who you are. I wouldn't know who to talk hockey with, without MR. Famous "Roadies" wouldn't have happened without TD, PC, SS. The best thing about hockey is my #1 fan and girlfriend RS, she has been there with me from my lowest of lows and the highest of highs. Thank you Mom and Dad for being with me and supporting me with all my athletics and academics and just everything. I know you can't see this Steven, but my bruises have healed from you. Thank you to the best grandmother for always being there for me. Also thank you to AV, KM, AM.

Throughout all of my years I have learned the most important aspect of life. That family will always be there for you. I have been blessed with an amazing family who has guided me through tough situations, whether that being about issues with friends, sports, and of course homework. I want to thank my Father, Mother, Sammy, and Haylee. My love for you all is beyond measure. Friends have also been a great aspect of my life. The crazy part about finishing high school is that we're just starting life... think about it. We feel like we've accomplished so much and worked so hard as seniors, and we have. But I'm sure that there'll be a point in time when we're older that we're gonna want to go back to our high school days, when things were easy. Tim, catching up to you will be hard, thank you for being one of my biggest supporters. My entire support system, thank you for the unconditional love and support. I love each and every one of you.

So I guess it's time to say goodbye to GHS.
First, good luck to all of the class of 2014!
Wherever you are going, I'm sure you will do great!
Next to my fellow Chamber Singers, every one of you is incredibly talented and I have loved making music with you.
Especially J.M. M.J.-M. K.S. K.S. E.A. D.S. G.B. H.B. (you're all extra cute)
E.D. You are one of the most talented yet humble people I have ever met
C.S. You're my best friend. Enough said.
C.G. Our shared love of music (and hatred of math) has created the most beautiful and interesting friendship. You are probably the only person I would trust for life advice via text.
Here's to our future!

I have been through a lot during my years at GHS. I would like to thank my mom, Jules, David, Shane, Emily, Sophie, and the Dobb Fam. You've made high school so amazing and helped me through it all! Follow your dreams! Peace out GHS, I hope I have left a good mark on you. Four years later we're all graduating. We're all going out in our own way, some with a big bang, others by slowly dissolving into the background. Either way our time together is almost up. The time we all, or almost all, have grown up together, became friends, enemies, lab partners, etc. That'll be over soon, and we'll be free from these walls, and each other. We probably won't see each other ever again. But in case I don't, I just want to say it was an honor to be the class of 2014 with you all. I'd also like to thank my mom and dad and everyone else who set me on my feet when I fell to my knees. Don't ever forget that without you all I wouldn't be graduating, and I wouldn't be living this amazing life. Thank you to all the teachers who made life so much easier by just being awesome. And thank you EC, SW, and MS, without you guys I don't know what I would have done with myself.

It's not always your destination, but it's the journey that gets you there. I've learned a lot over the course of high school. I have plenty of memories that can be found in the years that brought us to graduation. I love the friends that I've made here and hope to keep them with me through the years.

Thanks Mom and Dad!! I love you guys.

Thank you to everyone who has been there for me throughout the years. Mom and family, thank you for always being there for me and always pushing me to do better. Love you! Friends, thank you for making the past four years so memorable. Rick Altham, thank you for not only bringing the golf team to win the state title, but also for being there and helping me improve my skills. To all of the Class of 2014 it's been real. Good Luck!

First, I would like to thank my mom and dad. I wouldn't be where I am today without their love and support. Thank you for always believing in me and telling me to never give up on my dreams. You both have never doubted my ability to succeed. To my lovely sister: Thank you for always being there for me and for inspiring me to become a better version of myself. You never cease to amaze me with your never ending talents. To my friends: you all mean so much to me! Thank you for helping me live up to my full potential. And of course, God. Without my faith, I wouldn't have been able to get through high school. "God is within her, she will not fall; God will help her at break of day." Psalm 46:5

High School has been a metamorphosis. I entered unknown to who I would become. I have grown and understand who I am. People shouldn't fear their truths, but should embrace them. We shouldn't go on worrying about what people think of us or allow people to force us into being someone that we're not. The important decisions need to be made ourselves. I wake up every morning thinking about the person I am and the journey I've been on. It's been hard, but I'm proud in making it this far. I've learned two vital truths: Don't blend in with the crowd and if you truly love something, try your hardest to reach out and hold it for as long as you can. I can only thank everyone who molded me into the man I have become.

I would like to personally thank Claudine Emerson for showing me the rainbow after the storm.

Mom and Dad, you mean even more to me than you will ever know. I want to thank you for everything you do for me, I know how lucky I am to have such good parents, and I appreciate you even though I may not express it all the time. Love you!

On the first day of freshman year Mr. Record told us that these would be the best four years of our lives. At first I thought there was no way that could be true, but now I want to do it all over again.

It seems like just yesterday that we walked into the high school as freshmen. But now, being seniors, suddenly we are told to make adult decisions that will ultimately shape the rest of our future. May we all chase our dreams when making these decisions and never lose sight of our ultimate goal. To my Mom, Dad, and my sister, Marissa. I love you so much, I could never ask for a better support system.

It's been a great four years here at G.H.S. I would like to thank my favorite teacher who was like a second mom to me, Mrs. Rachel Presby, without her help and kindness I don't know if I could of made it. I need to thank my Mom and Dad who without their help and understanding I don't know if I could of finished these past four years. Good luck to all my fellow classmates in everything that you do in life outside G.H.S. A very special thanks goes to my cousin Nicole Hoffman who walked me to class and lunch to protect me. It's weird to think that I'm a senior this year. It's weird to think that next year I won't see all of my friends again, like I do every year. But the weirdest part, to me anyway, is how fast high school happened. I know it's really cliché to say that, but it does not feel like it's been four years since I started high school at all. I've met so many new people and made so many memories during that quick four years, but it happened so fast that it doesn't even seem like it happened. They aren't kidding when they say this will be the quickest four years of your life. Leaving high school is kind of bittersweet. It's awesome that it's my last year of high school; it's great that I've made it at least this far. But it's also kind of sad that after this year, I won't see a lot of my class again for a long time. That's just part of growing up and we all have to go through it. The future is something to look forward to though, and I'm ready to move on.

I just want to thank all of my friends and family that made these four years managable. The one teacher I would have to thank mostly would be Mrs. Riker. High school wouldn't have been possible without you.

I can't believe it is already senior year. These past 4 years have taught me a lot. Thank you to my friends, I couldn't do it without you guys. love you. To my parents, where do I even start? You have been there for me through everything. I can't thank you enough.

Dad thanks for always pushing me and making me who I am today. You really are the best dad ever. I love you so much! Mom thanks for always helping me out. You always know how to put me in a good mood and I don't know how I'll survive without you in college.

You get one life, take advantage of it.

These past 4 years have really molded me into the person I am now, but not only the time that's passed but the people who have made me the person I am now. First, Mother and Father, without your hard work, I could never have become the person that I am now, Alex and Janek, Without you two I don't think my life would have been as exciting and fun as it is now. Finally, all of my friends, from my fellow Police Explorers to my closest friend Rebecca, With you all of you, I would be the complete opposite of what I am now, I would like to thank you all for helping me make it this far, because right now I'm very happy with who I am and that's all due to everyone's hard work.

These past 4 years, I've learned to appreciate what comes to you in life. It's the little things in life that matters. Once heard a story of a man who smelled like Caesar Salad 2 years straight. High School came and went faster than I ever thought possible. I still remember entering freshman year like it was yesterday, scared to death that I'd never find my way around this "big" school. Now I'm nervous about the next milestone, but I know the past 4 years have prepared me for whatever is to come. Thanks to my family for everything they do, believing in me more than I do in myself. Mom, Dad, Michelle, Mike: you helped shape me into the person I am today. I love you! I'd also like to thank my friends, you guys are so great! Lastly, thanks to all the teachers that helped me through the years - I appreciate everything you do! Good luck class of 2014! (:

Even the inside of your own mind is endless; it goes on forever, inwardly, do you understand? The fact that you're alive is amazing, so you don't get to say, "I'm bored." -Louis C.K.

"Don't take life too seriously, you'll never get out of it alive"

I'd like to thank my Mom, Dad, and sister Kathryn for helping me get through the Gorham school system. I really don't know how I would have gotten through all the struggles of daily life with out you guys. Also I would like to thank Senor Clark for always putting a smile on my face even if I wasn't in the best mood. Finally, I'd like to thank Ms. Slipp for cracking the whip when needed. You guys have all been great. It's been real. Class of 2014. I wish you all the best.

I'm an idealist, I don't know where I'm going, but I'm on my way.

I want to thank my wonderful family for being there throughout my struggles. I love you guys so much.

I can't thank my teachers and coaches enough for helping me figure out who I am today.

I also thank my amazing friends that were always there for a shoulder in need, I admire you guys, J.W., A.M., T.F., B.C., G.L., N.L.

I'd like to start off by thanking a few people for making my experience at GHS so memorable. Mom and dad, I couldn't have done it without you. You've been there for me to support me through everything. Hunter, thank you for teaching me the ropes of high school. And Matt, thank you for always being there and being so supportive and making my last 2 years so memorable. I also want to say good luck to the Girls Ice Hockey team, play with your heart and have fun. Good luck to the rest of the class of 2014. <3

Although I have only spent my last two years here in Gorham it has felt like more of a home than my old school and city did. In my short time here I made several personal advancements in my life through the opportunities that I didn't have where I was before. For the first time in my high school hockey career I was able to play on a team that made it to the Colisseum in Lewiston for the Western Maine Semi-Finals. It was an experience I will never forget! I can honestly say that these past two years have been the best of my life! Thank you to GHS and a huge thank you to my friends and family who have been with me since day 1. I'm going to miss GHS!

Congratulations Class of 2014!

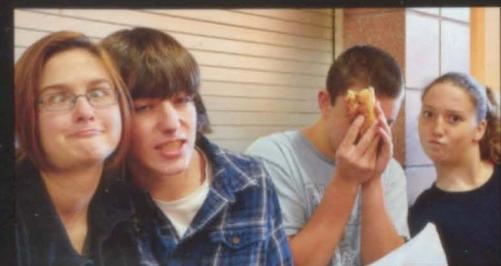

I would like to take this time to thank the people in my life who have helped me through these past four years. I would like to thank my parents and my brother for always being there for me through all the amazing memories and adventures we have had. Though some people have come and gone you guys have always been there for me. Thanks.

We do have a lot in common. The same air, the same Earth, the same sky. Maybe if we started looking at what's the same instead of always looking at what's different, ...well, who knows?" -Meowth

These past four years have been very enjoyable and memorable. I would like to thank all of my friends for the good times and laughs. Thank you to all of my teachers for the lessons you've taught me. Most importantly, Mom and Dad, thanks for everything. I will always be very grateful for the love, encouragement, and support that you have given me throughout the years. Thank you to my brothers, Nick and Matt for always being there and supporting me. Best of luck to the Class of 2014!

Frankie Pappalardo

Dear Frank,

What accomplishments, three term President of your class, four year varsity lacrosse player, Captain of your lacrosse team, National Honor Society Member, role model and mentor to many including your five siblings. I'm so proud to call you my son.

It's going to be hard not to see you and talk with you every day as you start this new journey of your life, but go for it and enjoy it as it's yours. Be safe, be happy, love life and know I love you so much.

Love Dad

Congratulations Frankie!

You've done it all so well thus far! Here's to a bright future for an extraordinarily bright son, brother and student.

The world is for the taking and you will take it on RIGHT!

Love you Mom.

Francesco,

This year you are graduating and will soon be off living your own life. You'll be making new friends and will have priceless moments you'll never forget. I know you'll not just be a man of success but a man of value. I have no

doubt you will keep inspiring all that come in contact with you. I hope you will live the life you have always imagined and I know you will never give up. As Gandhi said "Live as if you were to die tomorrow. Learn as if you were to live forever".

Love, Marlo and Gandhi

Franny,

I am so proud of you and all of your achievements. I know you will keep moving forward and will always choose the correct path that life leads you on. I'll miss the jam sessions in the car and all the great times we had driving to school. Thanks for all the advice you threw my way. I know your life will be an adventure that you will enjoy! I love you and will miss you.

Love Marina

Frank,

I can't believe your graduating high school! I'll miss you but will always have the memories. I know you will push yourself as hard as you can and accomplish many great things. Thank you for being the most supportive and understanding big brother, role model and friend a sister could hope for.

Love you, Athena

Good luck Frankie!

The best advice I could give you is to keep moving forward and to take all the positives out there with you. Do what you need to for you and help those who need. I love you and have a great adventure in life.

Love Amelia

Dear Francesca (ha,ha),

Thank you for being a great brother and mentor. You are always there for me to give me rides, help me with home work and even take me out to dinner. Have fun in college as I know you will.

Heather Nystrom

Heather,

We could not be more proud as we have witnessed you mature to a beautiful, intelligent young woman. You have grown in ways we could not have imagined in the last several years and continue to show how caring, loving and level headed you are to your family and friends. We are extremely proud of how you embraced our life with the Coast Guard and the many moves causing you to have friends all over the country. As you end your high school years, it is time to move on and find your own path in life. We have given you roots to grow here in Maine, now take your wings and fly.

We love you,

Mom, Dad, and Chris

Tucker Buteau

From your first day of school to your last and through all of your adventures past and future, know we have always been and always will be right there with you.

Mike Zagorianakos

Mike,

We are so proud of your many accomplishments and very pleased that you have become a responsible, considerate young man. The past eighteen years have been wonderful watching you participate in Boy Scouts, band concerts, baseball, soccer and basketball games. There are so many memories that we are thankful for such as family vacations, hiking trips, camping trips, and all those years spent at our camp from the time you were born. Your easy going personality has blended well with your brothers and created some very special bonds between the three of you.

We know you have a very bright future and you will be successful in college and reaching all of your goals. You know we are always here for you to offer our love and guidance as you face new challenges. Always remember to continue making good choices and working hard, but most importantly take time to enjoy the little things in life and find happiness along the way.

We love you and are so proud of you,
Dad, Mom, Nick and Matt

Jessica Day

"She's like an angel without wings" - 4th grade classmate

Jessica, Jessie, Jess...you, without a doubt, have one of the most beautiful souls we know, yet you have flown under the radar for the most part until now. You have always been the voice of reason, the voice of justice, and the voice of compassion when you see someone suffering or struggling or not fitting in with the cool crowd. You also don't hold back when it comes to giving your opinion, whether people like it or not. You have begun to figure out that it's not about the number of awards you have or how many activities you can scrunch into a day that makes a person worthwhile. It's how you treat other people. You are amazing and you will go far - don't hold back.

Love,
Your entire family (and the 4 dogs!)

Dylan Mininger

Dylan,
We are so proud of our wonderful son with the welcoming smile. There are great things waiting for you out in the rest of the world. When you find your place in the world you will change the lives of many people just like you changed our lives and made our time together better than any parent could have hoped for. Stay who you are and keep caring about those less fortunate. Dylan we love you more than anything on this planet. We are proud of our Doodlebug.

Katie Tucker

Dear Katie Ann, KT, Bestie and Boo boo,

Here it is, 18 years later and we can still remember, like it was yesterday, your arrival 9 days before your Halloween due date. We weren't ready then and we surely are not ready for you to graduate and head to college. We have enjoyed every minute of every day being a part of your life. We have the best daughter and sister any parent and brother could ever dream of having the privilege to create great memories with each day. Your beauty is both inside and out. Your kindness and sense of what is just and right is inspiring. You have dedicated yourself to being a great student, child, sister, friend and athlete. There isn't any goal or dream you can't conquer with your determination and dedication. Your smile and laugh are infectious and your sense of adventure has taken us to so many fun places across the country. We are proud of you and though we will miss you terribly when you head off to Manhattan College, we are so excited for you to live your dream!

We love you with all of our heart lil KT - Dad & Mom

Dear Katie,

Thank you for being such a great sister over the last 14 years. Thank you for all the fun, good times we had and the memories we made. Good luck at Manhattan, I'll miss you. I hope Mom is kidding about me becoming her best friend when you go to college. Love, Christopher

Katie "Boo", you have brought us GREAT JOY from the day you were born! We have thoroughly enjoyed your growing up years and watching as you have matured into a wonderful young woman. We love you and wish you the very best as you close one chapter of your life and begin the next one.

Emily Paulin

For Emily Paulin

We have watched you grow into a smart, sensible and strong young lady. You worked hard to get here, maturing along the way. You have brought to this family many gifts including your amazing ability and sensitivity in the care of animals, your strong sense of standing up for what you believe in, and your fun spirited and at times twisted sense of humor. Our hope for you is to simply be happy on the path you choose, while sharing these wonderful gifts with the world.

Congrats Big Boy! I am so proud to call you my younger brother and I can always count on you for a good laugh. Good luck with your next chapter in life. I know you will do great things in the future whatever you decide to do. Just continue being yourself and you will always be successful. I love you Owen!

Love, Kat

From early elementary bus ride bartering to senior year pre-class fly fishing sessions, you've found ways to make school fun and real. I am so pleased and proud of your value of being a good friend and your willingness to openly share your opinions and ideas aloud.

Congrats on this great accomplishment. Love, Dad

Thank you for being the person in the family who recognizes the beauty and relaxation that nature has to offer. You remind us to take the time to look at the harvest moon, take the time to smell winter approaching or take the time to listen to the sound of the loon on the water.

You have a gift for connecting easily with people which you don't always appreciate but will with time and wisdom. I love your ability to converse, sense of humor and your allegiance to family tradition.

I am certain you will be successful in pursuing your passions. I am proud of you.

Love, Mom

Haley Perkins

Haley, you are a joy. It's been a wonderful privilege to watch you grow from an adorable kid into the thoughtful, loyal, hard working & beautiful woman you've become. We'll always remember all the fun with family and your friends, so many soccer & lacrosse games, neighborhood parties, summer days at the lake, birthdays in Florida and all the rest. Here's to the last 18 years & to all that's still to come. We love you and are so very proud of you!

Mom & Dad

Congratulations, Haley! I'm so proud of you & everything you've accomplished. Can't wait to see what college holds in store for you, I know you'll be amazing. Take every moment in because it goes by faster than you can ever imagine!! Remember, you are braver than you believe, stronger than you seem, and smarter than you think. Go do big things kid and make those dreams come true!!

Love you!! Carly

Well, kid, you finally made it! I'm pretty sure if there's a "right way" to do high school, you would be the poster child. You studied hard, were part of a million clubs, and still have some of the best friends you'll ever find! I'm hoping you'll be in Boston next fall and welllllll, if not we'll just have to keep up our continuous snapchats. You're a super cool, hilarious, lovely person and a pretty rocking sister! Keep on killin' it!

Lots of love, Kate

Congratulations Sophie!

There are no words to tell you how proud we are of you! We are very proud of your achievements and that you are graduating with honors, but, above all, we are proud of WHO YOU ARE! Good grades, awards, and scholarships are wonderful, but what is in your heart is far more important. You are one of the best people we know - loving, generous, loyal, and thoughtful. The sympathy and empathy you have for others leaves us speechless. Best of all, you have a pure heart that is filled with the love of God. We know that God is going to do amazing things in this world through you! Our greatest wish for you has never changed - we pray that you will always keep your eyes on God and trust Him to guide you your whole life long. We love you more than you could ever know!

Meghan Cushing

Meggie-Ree ~ We can't believe that it is time to write our parent message to you for graduation! It feels just like yesterday that we were putting you on the bus for your first day of kindergarten. It has been quite an adventure, Meghan, and we have loved every single minute of it! From quiet family momnets to dashing to soccer and lacrosse tournaments from here to Florida or sitting rink side watching you try something new and even riding on a bus to DC, we couldn't imagine wanting to be anywhere else! We are so very proud of you! Not just for all that you have accomplished academically, athletically and now musically, but mroe importantly for what a wonderful, loving, caring and determined young woman you have become. You amaze and inspire us every single day. We know you are going to do great things beyond the walls of GHS and we are really looking forward to going on the next adventure with you! Morgan Cushing

Morgan Lee ~ How can it be that we are writing our parent message to you for your Senior year?! We can still see you standing there in your yellow outfit you were so proud of for the first day of kindergarten. We are so proud of all that you have become, Morgan. You are such a strong, caring, loving and independent girl. You have accomplished so much academically, athletically, and musically but what we are most proud of is who you grew to be. We have loved being a part of everything that you have been a part of. We wouldn't trade standing on the sidelines in the freezing cold watching a soccer game or standing in the blistering heat in Virginia for a lacrosse tournament for anything! And seeing you try new things like being in the play or singing in Chamber Singers is not only amazing, but it touches us in a way that words can't describe. The places we have been and the adventures we have been on together have been such a blast! We will always be your biggest fans! We know that no matter what you do in life after high school, you will succeed. We can't wait for your next chapter, Morgan! We love you beyond words and we are so blessed to be your parents. Congrats Baby Girl!!

All our love, Mom and Daddy xoxoxo

Kyley Butler

Kyley,

The day you entered our lives, you changed our world forever - you were the final piece to complete our family. As you have grown up in front of us, you have always made us proud to be your parents. We love your sense of humor, your style, your determination and your intellect, but most of all; we know we are lucky to have a favorite youngest child. It is important that you know that you have made one of our dreams come true and you have done that by becoming the vibrant person that you are. Who you are today is the center of who you will be in the future. As you head off to college, remember to keep your sense of humor - laughter and a smile make all things better; be open to learn and try new things; enjoy the little things; show the world who you are - they will be lucky to know you! Keep working to achieve your goals and most importantly - be yourself - you are a beautiful person - inside and out.

Love Always- Mom & Dad

Kyley,

It's weird to realize that by the time you get this message you and I will both be collegiate, legal adults (which, honestly, will not prevent me from continuing to call you at 2 am to discuss such important things as the lunch specials at the vegan Thai cafe or new developments on Doctor Who). I feel like, as the older sister, this should be the moment where I impart all the wisdom you'll need to be successful. But, to be perfectly honest, I don't think you need it. You are already smart and capable and motivated and hilarious - albeit a total klutz - and those qualities will carry you through any future obstacles you might face. I am so proud of you and all that you have accomplished.

Much love and congratulations,
Sydney

Kyley

It's hard to believe my youngest granddaughter is graduating from high school. I'm certain that what you choose for a career and the college you go to will be great times in your life. You will do well and have a happy experience and I wish for you the very best.

Growing up and finding the real you is an immense challenge! Finding yourself is not easy, yet, well worth the effort. College opens new doors, some you expect, some you have not imagined. Open them all, see what the world had to offer, find the best in you.

Graduation from high school is one chapter in a very long and interesting book of your life. Make it a best seller!

We are so proud of you.

A walk in your shoes brings us laughter and tears
As you've accomplished a lot in so few many years
From White Rock to Village and Middle School you rose
And now your days at High School are coming to a close
Basketball and softball were the sports you engaged
While receiving awards and trophies displayed
Tenth Player and Citizenship Award, just a couple I wrote
So proud of your achievements too many to note
NHS, Yearbook and tutoring you partake
Giving back so much leaving nothing at stake
As College days arrive and High School comes to a close
The future is yours with opportunities and goals
So jump into a new chapter and give it a whirl
Just remember one thing is that you're our little girl

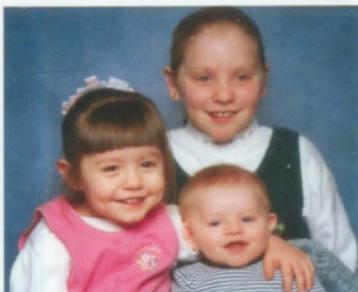

We love you Dimples!!! Mom & Dad

From the moment I held you in my arms the day you were born I was proud of you. You have such a great head on your shoulders and have never failed to amaze me. From participating in yearbook, civil rights team, softball, basketball, National Honor Society, and tutoring middle school students you have given so much to the community while still getting straight A's in school. I have no doubt in my mind that you will continue being well-rounded in college. Never forget how special you are and that I am so proud of the woman you have become. Never lose that smile with those cute little dimples that grew up with you. Congratulations on everything you have accomplished. I love you!

One day a precious little girl was born into our family...that little girl was our sweet little Becca; our hearts were overflowing with joy. Your three big brothers and we were in awe of your tiny little hands and sweet little face. We treasured your many "firsts"... your first smile, first laugh, first kiss, first words and first steps. Eighteen years have passed so quickly and we have watched you become a lovely young woman; you are the precious daughter we always dreamed of. The senior superlatives that we choose to describe you are forgiving and courageous; you are kind, bright and encouraging. You have bravely faced challenges with great courage (the forty stitches) and overcame them while learning so much about yourself. We are so proud of you and all that you have accomplished. We are always here for you...to love, to support and to encourage you. Always know that you are loved, that you are special and that we love you "mostester" ... only the Lord loves you more than we do; feel His arms around you.

Megan Dunlap

Megan,

It's hard to believe that our little girl is graduating already. These last eighteen years have gone by way too fast. You have worked so hard and we couldn't be more proud of the intelligent, beautiful and confident young lady you've become. We are so excited for you to begin your next adventure and know that you will accomplish great things! We will always support and help guide you in whatever you do.

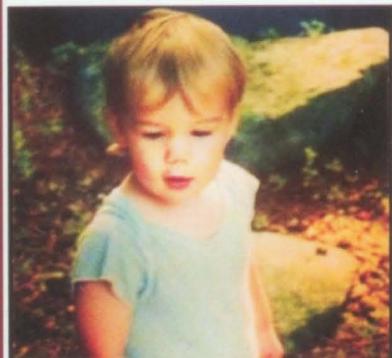

Remember to always be true to yourself!

Congratulations!

We love you! Mom, Dad and Sam

"We knew that this day would come, but didn't anticipate it being here so soon. You leaving the nest is not something that we have looked forward to, but know that whatever you decide to do, you will be great at. From the moment you were born, we knew that you were going to be independent. You always have beat to your own drum and we wouldn't have it any other way. Dad and I couldn't be more proud of the young man you've become and look forward to seeing what your future holds. We love you Colin more than you'll ever know and couldn't be more proud to be your parents." ~ Mom & Dad xxoo

Eric Komulainen

Eric,

The years have passed by so quickly, and we have watched you grow, with pride, from our little boy into the confident young man you are today. It's hard to believe your High School years are already coming to a close and your Graduation Day is approaching. The memories of this journey we've been on with you, our son, are cherished and endless. Although this chapter in your life is ending, a new, challenging and exciting chapter is about to begin as you enter college and also start your transition into adult life. With passion, dedication and hard work, you can realize your dreams and succeed in whatever you want to achieve. Always give your best effort and never give up; you have so much to offer. Stay true to, and believe in yourself, and most of all, be happy. You know your family is always there for you.

We love you and are so very proud of you.

Dad, Mom and Jason

Rozada Spiers

How the years have flown!! Our little blonde cutie ("Curly") has grown to be a beautiful, compassionate and accomplished young lady.

We remember when you began to play league soccer at age 5, graduating to school soccer, and in high school adding lacrosse. You gave your all in every game you played, but more importantly you always personified a TEAM player.

With a heart to help others, you served on the Dream Team for two years.

Most recently, how proud we were of your being inducted into the National Honor Society, an accomplishment not attained by many. Regardless of how busy you were with sports and community service, your dedication to studies and good grades was very important to you.

Now you're going to graduate and enroll in college to become a pediatric nurse, a profession where you will continue to serve and help others.

We wish you an abundant, fulfilled and successful life. Remember, "It's not the breaths you take, but the moments that take your breath away!" Stop to smell the roses along life's path. Enjoy your new, upcoming journey to adult life. We love you very much!

Tim,
Many people see the different faces of Tim; the swimmer, the dancer, the honor student, the musician. We see how you manage to combine all of these things, continuously creating a person we love to be with and will always treasure in our hearts. You may never know how much we value having you in our lives; you're more than a son and a friend. We love you very much and are so proud of you.

T – I can't believe the day has arrived to take a step back and (be completely jealous of the journey you're about to embark upon) watch as you go off to college after having spent 18 years helping to guide you through life's complicated path. It's been an absolute pleasure watching you grow into the amazing young man you've become. To say that "I'm proud" to call you my nephew would be the biggest understatement of all time – right up there with the simple "I love you". There's so much more to it. LOMLRFL...you're the best. Through thick and thin—I've got you. ALWAYS. Adore you to pieces, TBS. Congratulations!!! You made it. AK (and UP, too) xoxo

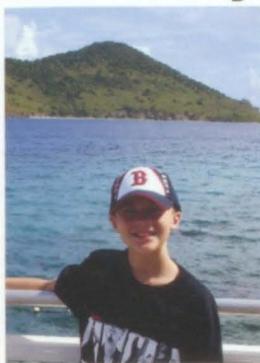

Brandon Labrecque

Brady Pro -
The transformation from little boy to a young man has been an amazing experience. As parents, we always worry about the thought of our kids moving on with their adulthood but you have proven that your independence is one of your many strengths. Your sense of humor and work ethic will take you as far as you want in the future and we are all proud of your accomplishments and honored to be a part of this adventure. Being the first child for me and your dad, we want to thank you for showing us the true meaning of unconditional love. We are all so excited to be a part of your next journey and to watch you to continue to succeed. This is just the beginning, Brady Pro - YOU GOT THIS!!

Congratulations! We are so proud of your accomplishments and who you have become. Only yesterday it seems like you were this little kid wearing a Burger King bag on your head and writing on every piece of furniture we owned! Dylan Turner

Dylan Lewis Turner...

Congratulations Dyl! Time certainly has flown by! It seems like yesterday that we were bringing you home and now - well 18 years and 10 months later, you are graduating from Gorham High School! You have blessed us with many nicknames over the years - Pickle, Dill Pickle, Dilly, Pick-Wick, and Dyl all come to mind. You have always been our smart boy. Intelligent, compassionate, and wise beyond your years! We want you to know how much we have enjoyed watching you grow into the strong man that you have become. Since the day you were born, you have always been fiercely loyal to your friends. A true boy's boy who loves being on the move...trips to wing night, coyote hunting, the dreadful golf qualifiers, 5:00 a.m. hockey practices, and late night workouts all come to mind. The years have produced so many memories - Thank you for sharing them with us. We'll never forget the good ole Cal Ripkin days and your years spent with Coach Patch but to be honest, those days can't compare with the memories that you have created as a Gorham Ram. It has been a thrill for us to watch your strong-willed work ethic in motion. GHS has been a great place for you. You have developed so many lasting friendships, spent a lifetime already with your first love, and have discovered the true value of family. These are gifts that some don't receive in a lifetime. As the future pulls you forward Dyl, *push yourself* to live a bit on the edge but *remain true* to your values, *always keep your word*, and **stay chill**, it is your greatest strength. It's an HONOR to have you in our lives and we can't wait to see what comes next for you. Pride fills our hearts Dyl - Thanks for living life as it should be lived. We love you and wish you the very best!

Love Always, Mom & Dad

Dylan,

Congratulations!! I can't believe you're done high school and now getting ready for the next chapter in your life. It's been so fun growing up with you all these years and I am so lucky to be able to call you my brother. You are so fun to be around, your humor can turn anyone's bad day into a good one. I am so proud of all that you stand for and all that you have accomplished. I know you will continue to achieve great things!

Enjoy the rest of the time you have with your classmates, Dyl! I know it's cliche but time really does fly, so be sure to take it all in!

Love you, Kiersten

Jesse Leavitt

Jesse:

We are so proud of you and the wonderful person you have become. We know from day one that you would be strong willed and that it would be Jesse's way or NO way! The day you picked to come into this world, it was a blizzard outside.

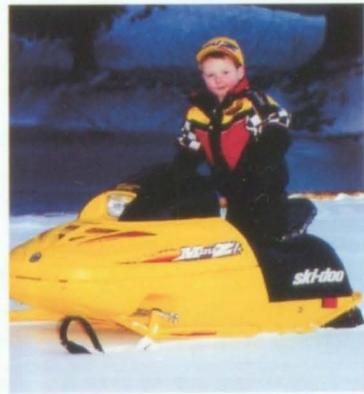

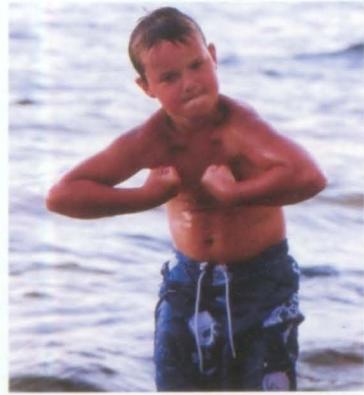

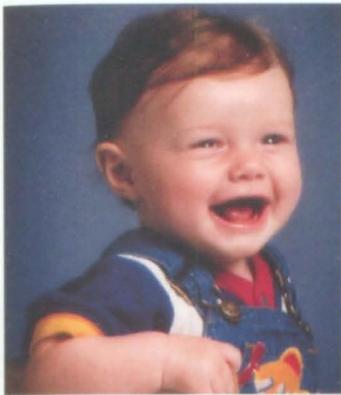

When you were three, you wanted to drive the ride-on lawn mower by yourself in the worst way but you couldn't keep it running, you weren't heavy enough on the seat to keep it going. I could see the wheels turning in your head and within a matter of time I heard the tractor start up, you had lifted Kayli up to sit on the back of the seat for you, at two she was just heavy enough. You were so proud of yourself and grinning from ear to ear. From that moment on Dad and I knew we were in trouble.

I'll never forgive you for putting that snake on the front steps and ringing the door bell then running off. After I got done screaming I could see you hiding in the bushes laughing your head off. Then there was the time that I was sitting by the pool and you dumped that 5 gallon pail full of frogs on me! Even though you were bratty at times I couldn't have asked for a better son. You are a very thoughtful, caring and loving person. I love that you never stay mad and that you always thank me for dinner. I love that you always kiss me goodnight. I love that you are a hard worker. I love how you hug me all the time for no reason. **I love everything about you!** May the rest of your journey continue to bring you happiness and success. You are destined for great things. Believe in yourself, be open to new experiences and continue to make good choices.

Remember...squealing a little rubber will always make things better.

We love you Bud!
